MORGAN DICTATES

Harrisburg, Sept. 13 .- The conference between Governor Stone and President Mitchell lasted all night, the governor retiring at 5 o'clock this morning and Mitchell and Fahey taking the train for Wilkesbarre. The governor, it is believed, gave Mitchell and the district leaders the terms on which J. Pierpont Morgan would settle the strike. What they are is a conjecture, but that some offer was made seems certain. After the meeting broke up the conferers declined to say a word. They gave the waiting reporters the following statement, however: 'Messrs. Mitchell, Fahey, Duffy, Senator Flynn, Col. Richardson and Governor Stone have been in conference; all differences have been discussed with the best of feeling."

Wilkesbarre, Pa., Sept. 13 .- The region is again in a furor this morning. owing to the violence of the strikers. Fifteen union bricklayers, en route for work at Parsons, were mistaken for non-unionists, and attacked by a mob of 75 strikers, mostly foreigners. The men stood their ground, and a fight ensued. Frank Staniel, a striker, was seriously wounded, and several Bring in the boys deputies prevented possible loss of life. Previous to this the strikers disabled a trolley line, stoned the cars and drove the passengers away. At midnight the telephone wires to the Henry colliery were cut. Fearing an attack ,a big force of police and sheriff's deputies hurried to the scene, and are now guarding the colliery.

Mitchell Will Make Statement. Wilkesbarre, Pa., Sept. 13 .- Mitchell, hefore retiring, after his arrival here this morning, said that Governor Stone made no proposition for a settlement of the strike. Mitcheil, it is understood, will issue a statement tonight detailing the conference.

KILLED BY AN AUTO.

Mrs. W. M. Stewart, Wife of the Silver Senator of Nevada,

San Francisco, Sept. 13 .- Mrs. William M. Stewart, wife of the United States senator from Nevada, was killed Friday in an automobile accident. Mrs. Stewart, with her nephew, Henry Foote, and H. B. Taylor, were riding along Santa Clara avenue, in Alameda, Taylor guiding the machine and sending it along at high speed. A vehicle approached, and Taylor swerved the automobile in order to avoid a collision. At that moment he either lost control of the steering apparatus or made a miscalculation. The automobile ran into a telegraph pole, and the occupants were thrown out, Mrs. Stewart struck on her head, and was carried in an unconscious condition to a sanitarium in the vicinity, where she soon died.
