

DR. J. F. COOK

Oregon's
Famous
Botanical
Physician

ATTRACTS WIDER ATTENTION BY HIS CURES THAN ANY MAN IN THE MEDICAL PROFESSION, AND THE AFFLICTED FROM ALL PARTS ARE EVER INTERESTED TO READ OF HIS WORK. HE HAS CURED HUNDREDS AFTER ALL HOPE HAD BEEN ABANDONED, AND HAS SCORES OF TESTIMONIALS FROM RESPONSIBLE PEOPLE.

MANY AMONG THE HAPPY THROG WHO HE HAS CURED ARE RELUCTANT TO HAVE THEIR NAMES IN PRINT, BUT THEY ARE EVER READY TO TELL THE AFFLICTED WHAT DR. COOK HAS DONE FOR THEM. AMONG THESE IS A PROMINENT BUSINESS WOMAN WHO HAS BEEN A PHYSICAL WRECK FOR 24 YEARS, BUT WAS FULLY RESTORED BY DR. COOK AND HIS WONDERFUL HERB MEDICINES. THIS GOOD WOMAN WAS SUFFERING FROM BILIOUS FEVER WHEN SHE CALLED AN "OLD SCHOOL" PHYSICIAN. HE FILLED HER SYSTEM WITH POISONOUS DRUGS AND MINERAL SUBSTANCES UNTIL LIFE BECAME AN ABSOLUTE BURDEN, AND DEATH WOULD HAVE BEEN A RELIEF. IN THIS CONDITION THE LADY CAME TO DR. COOK, AND SHE IS PREPARED TO TELL ANY WHO WILL CALL UPON HER HOW WONDERFULLY HE CURED HER. FIRST HE RELIEVED HER OF MANY PUTRID FISTULAR TUMORS, THEN TWO LARGE OVARIAN TUMORS WERE ENTIRELY REMOVED, AND TO CAP THE CLIMAX HE CURED AN ACUTE INTERNAL CANCER. THIS WOMAN BEGAN TO IMPROVE FROM THE START, AND AFTER THESE TERRIBLE AFFLICTIONS WERE REMOVED SHE RECOVERED HER HEALTH, FOR THE FIRST TIME IN 24 YEARS FEELING THAT SHE WAS A WELL PERSON. HER NAME WILL BE GIVEN TO ANY INTERESTED PARTY BY DR. COOK.

DR. COOK PRACTICED OVER 20 YEARS BEFORE COMING TO SALEM, IN MINNESOTA, WISCONSIN, AND 10 YEARS IN OMAHA. HE HAS HAD WONDERFUL SUCCESS WITH HIS NATURAL CURES, AND HAS CONSTANTLY GAINED EXPERIENCE UNTIL TODAY HE HAS NO RIVAL IN HIS LINE. HE IS A NATURAL BORN PHYSICIAN, AND HAS ENJOYED THE BEST OF SCIENTIFIC TRAINING IN THE BARGAIN.

Dr. Cook Cures all Kinds of Diseases.

The County Exhibits.

The judges have awarded the premiums for the county exhibits. Washington county, with its complete display, was given the blue ribbon and first prize of \$300. Linn county, which carried off the honors last year, was given second place with \$250. Polk county taking third place, amounting to \$200. Lane county also had an exhibit in the pavilion, but it was not entered in competition for the prize money, and will receive nothing. It was placed in the pavilion for advertising purposes. There were also fourth and fifth prizes of \$150 and \$100, respectively, but there were no claimants for this money. An exhibit from Walla Walla county, that had been delayed in its transmission by the forest fire, reached the grounds Wednesday afternoon, after the prizes for the county exhibits had been awarded. It will be placed in the pavilion.

Superior Jersey Cattle.

In judging aged cows of the Jersey class on Wednesday, Prof. Carlye, of Wisconsin, who is one of the judges making the awards in the livestock department, paid Oregon's dairy industry a valued compliment. He was yesterday called upon to judge seven fine blooded animals in one class that were so evenly matched in competition that only the expert could detect the superior qualities of one over another. In making the awards Prof. Carlye announced that he had attended many Eastern fairs, including the Pan-American Exposition, and had never before seen seven such dairy cows entered in competition. In judging stock Prof. Carlye explains in what respect one animal is superior to another. This is an educational feature that has never before been given at the state fair, and has aroused much interest among livestock men.

The award of premiums in the livestock department was completed today.

Boys' pillow fight—First prize, clock; second prize, three pieces of pie.

The baby show will take place at the concert hall in the pavilion at 1 p. m. The races and sport will commence at 10:30 a. m. in front of the amphitheatre. Everybody should come.

State Fair Personal.

Dr. and Mrs. Fontain, of the celebrated electrical shows, are in the city to attend the state fair two days.

Among the callers at The Journal office were F. T. Hart, of the St. Louis, Mo., Progress; J. P. Swan, of the Delta, Idaho, World, and Hon. B. F. Jones, of the Toledo Leader. Mr. Jones is a prominent attorney, and favors direct primary law in the legislature.

Ed. W. Hazard, cashier of the Jefferson bank, is taking in the fair today.

E. Hofer yesterday became the owner of a fine standard bred Dorset colt, bred by Prof. Baker, at his Lebanon stock farm. It is a speedy animal of the pure-bred Messenger-Hambledon stock, and one of the horses driven by Prof. Baker on his return trip through the burning forests on his way home from the coast range last week.

State Fair Notes

Nothing in the line of vehicle exhibits has ever attracted quite as much attention as the magnificent assortment of Studebaker goods shown in the south machinery hall. Everything from the heaviest mountain wagon, through a large assortment of mountain hacks, farm hacks, spring wagons, delivery wagons of all sorts, rags, in top and open, top buggies, open buggies, road wagons, Stanhopes, pneumatic bike wagons of various grades, including a genuine "Balley Bike" in black body with primrose gear, all combining to perfect a display worthy the name of Studebaker. Many of the top buggies and open buggies and road and driving wagons are equipped with hard rubber tires. In fact any of the jobs shown can be had so fitted.

The Beneca Rotary Disc plow shown again this year is attracting lots of attention, from the fact that it has sprung into favor strictly on its merits and against the strongest prejudice. The numerous farmers whose good judgment prompted them to buy these plows last fall, winter and spring have convinced their doubting neighbors that their judgment was well founded, and this fall there is coming a tremendous demand for this plow, that can do good work in hard stubble fields that would otherwise remain untouched till the fall rains, and often late into the winter. The new fall plow, with long heavy levers, will arrive at the grounds on Thursday, and it is likely that on Friday there will be a field exhibition of the plow in the ground south of the race track.

The Ohio Enslage Cutter, with improved blower, is again on exhibition, and will run for a short time at about 11 o'clock each day. This cutter will dispose of as much as twelve tons of fodder per hour, and blow it into a 30-foot silo. Stock and dairy men are interested in this, for it is the most complete machine of the sort yet shown.

The Birdsall Clover Hauler attracts a great deal of attention, for to many it is a new machine. Its large field of usefulness is just opening in the Willamette valley, and farmers are finding that clover is not only a profitable crop for the direct returns, but that the enriching of the soil doubles the yield of other grains later.

The Monitor Double Disc Drill is another implement that has a large interest in the minds of the grain men these days. No clogging, no doubt as to whether the grain is properly placed or half left uncovered for the crow. The user knows it's all under cover and in the best condition for growth. The discs cover perfectly in all soils met with and will cut their way through trash, weeds, fern, or anything else. In fact one enthusiastic user says he can drill into sod perfectly and get a good crop, too.

The Empire Farm Cream Separator is another machine that will be in the hands of the thrifty dairyman in all sections of the valley soon. The reasons are set forth very logically in their handbook and catalogue, which prove conclusively that the Empire people have the correct grasp of the principles of cream separation and the proper way to construct a separator that will do the maximum work with the least labor. The Empire does this and proves it conclusively by comparative tests with any and all machines.

The above and many other interesting implements and machines are found in our immense display in the machinery hall south of the main entrance into the Fair Grounds.

There are also walking and gang plows, harrows, hay tools, fanning mills and any and all sorts of farm machinery, besides the celebrated Fairbanks-More Gasoline Engines that prove their superiority in construction, convenience and simplicity, in many ways, to the interested looker. The Russell threshing outfit, while not by any means showing their large scale machinery, interests the class of farmers who want a neighborhood rig that will last for years, and do a big round of work. That little engine is a beauty, and develops power like a cyclone.

A NATURAL RESULT.

It is very reasonable to suppose if the foundation of a structure was removed that the building itself is bound to come down. This same principle can be applied to disease. Take a medicine into the system that will remove the cause of sickness, and the illness leaves of itself. Dyspepsia, indigestion, sick-headache and biliousness have their foundation in stomach disorders. Remove this weakness and the other symptoms are no more. There is one cure for all this that is called Dr. Gunn's Improved Liver Pills. They get right at the beginning of these diseases and make the cure by taking away the cause of it. We will send a small box free by mail, or a large box on receipt of 25c. Address Dr. Gunn, Philadelphia, Pa. For sale at Dr. Stone's Drug Stores.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing head-ache, dizziness and headache. At first, the bowels are weak, and finally, serious illness, unless a remedy is applied, sets in. Dr. Gunn's Improved Liver Pills, made easy, healthy action of the bowels, make every day a day of rest, and prevent the trouble by stimulating the liver and promoting the healthy action of the bowels. These little pills do not act violently, but by strengthening the bowels enable them to perform their own work. Never gripe or gripes.

More Poultry Awards.

The awards of premiums in the poultry department was completed Wednesday. This show was this year larger in numbers and better in quality than ever before. C. D. Minton, of this city, who is this year superintendent of this department, says that the exhibit of poultry at Oregon's Blue Ribbon State Fair this year will give a favorable comparison with the large shows in the East, and with but few exceptions, even surpasses them. Mr. Minton has attended these Eastern fairs, and he knows what he is talking about.

The concluding awards in this department are as follows:
