### HIGH SCHOOL FOOTBALL.

City Supt. Traver has been instrumental in organizing an athletic movement among the boys of the East Salem High School, and a football team will be put to work this week under Coach Moser, of Willamette. Frank Carter is captain and Prof. Traver manager. The new city superintendent is an enthusiastic football and baseball player, and his teams from the Roseburg High School downed nearly everything in the rest of the state, except the State University nine.

### MUNICIPAL STREET SPRINKLING.

It seems to be a reasonable moment to present a proposition to the city council whereby the city might, in return for the valuable water franchise so freely given, have a system of street sprinkling. The question of laying the pipes is now a great one, and the question of laying the pipes a few years ago. It seems but just that the city have her principal thoroughfares sprinkled for the valuable franchises donated to the water company. If the business man waters the street in front of his place of business he will be requested to discontinue such watering. It is permitted, however, that he pay the sprinkling cart 25 cents per week for doing it. It is not allowed that he should use his own water as he sees fit. He must conform to the rules laid down by the company. One of the rules is that he must not interfere with the revenues of the sprinkling cart. The business man justly objects to all this. If he can't have the privilege of keeping the dust off his store front, after paying for the water he would use, it is time the city should furnish him with the water, and not compel him to pay for water sold by the sprinkling wagon. It looks like a compromise between the sprinkling wagon and the water company. In fact, this information "leaked" out the other day, and raises the question as to whether the company own the water or not? The agitation of the question of some substantial return for the individual franchises given to the water company, will at least tend to remedy some of these rather finely drawn rules governing the consumer's use of an article he pays well for. It is about time a man should be able to buy a few things without strings on them, and water is one of those things. It would appear that this question is disturbing the equanimity of our business men.

### Don't Marry.

Almost everybody remembers the celebrated advice of the London Punch, "To those about to marry, Don't." There is in that advice the expression of the feeling of many a mother who says, "I don't want my daughter to marry." The girl will never marry and suffer as I have.

In sixty-eight cases of every kind, dried there's no need for this suffering. Doctor Pierce's Favorite Prescription cures the womanly diseases which cause wily misery. It dries up the drains, heals inflammation and ulceration and cures female weakness. It invigorates the womanly organism, tranquilizes the nerves and gives the mother strength to give her children.

Do not allow an unscrupulous dealer to sell you something in place of "Favorite Prescription," claimed to be "just as good." There is nothing just as good for women as "Favorite Prescription."

"I am so pleased with your instructions, I hardly know what to say to give you your kind thanks," writes Mrs. M. H. Bryant of Los Angeles, Cal. "You can imagine my surprise when you know and are healed. I suffered so much with great pains in my back, and the lower part of my stomach and palpitation of the heart, that at times I could not lie down, and could hardly get up in the morning, but using three bottles of your Favorite Prescription and two vials of Dr. Pierce's Pleasant Pellets, I feel like a new woman."

Dr. Pierce's Pleasant Pellets cure sick headache.

### Will Be Returned

Escaped Patient from Insane Asylum Was Captured at Pendleton--Gave Indians Whiskey.

Jack Gebhart was arrested here Saturday evening by the police, and will be taken back to Salem, where he was committed from Union county to the asylum, says the Pendleton East-Oregonian. Gebhart is not apparently a very crazy man, but is said to be slightly off. He was an inmate of the asylum, but escaped in September, and since that time has wandered over the country aimlessly, making his way the best he could. A few days ago he came to Pendleton, and since his advent has managed to keep well filled with liquor. The police became suspicious of him, and knowing that Indians were being furnished with liquor again, Gebhart was thought to have a hand in the matter. Saturday he was seen with some Indians from the reservation, and the officers kept an eye on him until he was taken red-handed later in the evening. He went into a saloon and purchased a bottle of whiskey, and was in the act of passing the bottle and its contents to an Indian when he was nabbed.

When arrested it was not known that he was an escaped patient from the asylum, but this came out after the arrest. The superintendent of the asylum was notified of the arrest, and asked if Gebhart was wanted there. The reply came to hold and return him, and this will be done. He will not be prosecuted for selling liquor to Indians.

Prominent Speakers to Be Heard. Chicago, Oct. 8.--Final preparations have been completed for the annual Chicago day banquet of the Marquette Club, at the Auditorium, tonight. The list of speakers embraces many prominent Republicans. Secretary Moody, of the navy, will speak of achievements of the American navy, and the other speakers and their topics will be as follows: "William McKinley," Col. D. D. Woodmansee, of Ohio; "The Achievements of the Republican Party," Governor Robert M. LaFollette, of Wisconsin; "Republicanism in the West," Senator Burton, of Kansas; "The Iowa Platform and the Tariff," Governor A. B. Cummings, of Iowa.

Judge Lacombe, of the United States circuit court, has just handed down the decision that a citizen of Porto Rico is not a citizen of the United States, the unusual decision notwithstanding, and as such, an alien within the meaning of the law.

# SUIT ON HOP CONTRACT

## Wisconsin Brewer Demands Delivery of Hops

### Silverton Grower Contracted 10,000 Pounds at 12 Cents

The action of F. A. Bachhaus against F. W. Buehler to recover 10,000 pounds of this year's hop crop, or their equivalent in money, that was instituted in the Marion county circuit court Wednesday afternoon, is in reality a suit to enforce the fulfillment of the terms of a hop contract. This is the first suit of this kind that has been brought in this county, and the result will be watched with considerable interest. It has been expected that litigation would be required to secure the delivery of more or less of the hops that were contracted early in the season at 11 and 12 cents per pound.

Mr. Bachhaus, who is represented by Carson & Adams, of this city, is a wealthy brewer of Wisconsin. He contracted from Mr. Buehler, the defendant, who is a farmer residing east of Silverton, 10,000 pounds of this year's hop crop, agreeing to pay therefor 12 cents per pound. Plaintiff alleges in his complaint that defendant refused to make the delivery according to the terms of the contract. He seeks that the defendant be required to deliver to him the 10,000 pounds of hops, or in lieu thereof, their value in the sum of \$1,200 and \$1,000 of damages, in which amount the plaintiff claims to have been damaged by the wrongful withholding of the hops.

The contract under which the plaintiff claims to be entitled to the hops involved the payment at the time of its execution of \$1 and the payment at the harvest time of 5 cents per pound in advance, or not to exceed \$500, the hops to be delivered between the 1st and 31st of October. The contract, which is on file in the office of County

Recorder Stogmund, provides that the hops secured by the contract shall be of the crop of 1902, and that they shall be of choice quality, sound condition, bright, uniform color, fully matured, free from mold and from damage by vermin, cleanly picked, well dried and cured, and put up in good merchantable order and condition and in new 24-ounce burlap in bales of 185 to 200 pounds each, gross weight (tare 7 pounds per bale). The contract further provides that "if the quality of said hops shall be inferior to the hops above called for the second party shall have the privilege of taking them and reduction shall be made in price equal to the difference in value between such hops and those above called for." The terms of the contract are such that in addition to being bound in this manner, the contracting grower gives a mortgage on the entire crop of hops grown on his farm as security for the payment of the advances, and for such damages as the contracting buyer may suffer by reason of the inferior quality of hops to that which was contracted.

Hops Sell at 23 Cents.

You may state that our firm, Hubbard & Crosson, on Wednesday paid 23 cents for the hop crop of 1902, and that we are a large number in the hop circles. "Growers are backward about prices, and although the figures concluded Mr. Hubbard. This is the largest price that has been reported for this year's crop.

Much of the hop crop of this vicinity has been secured, and the probabilities are that the portion remaining unsold at this time will be allowed to go within a short time, says the Corvallis Gazette. Growers are offered a price, and although the figures are such a much higher figure within the next 60 or 90 days, there is small disposition to gamble on the turn of the market. The Lily crop, and one or two others in the county, are the only ones not sold. Last week Alex Campbell and China Sam disposed of a McMinnville buyer that portion of their hops not contracted. Mr. Campbell's excess was slightly more than 1000 pounds, and that of Sam's 17,000 pounds. Twenty cents was the price received for the excess. Thursday Fainter & Neis secured the James Herron crop of 89 bales at 21 cents. The same parties on Monday received Mr. Whitaker's crop of 115 bales, 75 bales of which, however, had been contracted. For the remaining 40 bales Mr. Whitaker received a price which was highly satisfactory to him. The Cooper crop, from the Elgin place, was shipped last week, but no information as to its destination nor as to the price, if sold, has been received.

Notwithstanding the fact that much of the hops in this locality were contracted at 11 cents, in most instances, the growers had sufficient excess to receive substantial benefits from the rise in price, so, altogether, it has been a good season for the grower. This state is becoming known as one of the hop raising and producing sections in the world, and as the hop industry in other localities is giving place to more profitable crops, there would seem to be a very encouraging prospect for the industry, more particularly in Oregon and Washington.

# ANOTHER BIG STRIKE

### Prospectors Report Rich Strike on the Little North Fork of the Santiam River.

T. C. Culbertson, of Portland, and Dr. F. E. Slater and Geo. H. Irwin, of this city, report that a rich strike has been made on the Little North Fork of the Santiam river, at the mouth of the Big Cedar creek. The property is located in the Cedar creek mining district, and is 11 miles from the Corvallis & Eastern railroad at Gates. The prospectors expect to develop the property during the coming winter.

The reported strike consists of two veins, crossing the Santiam at an angle of 15 to 20 degrees, and have been traced for 7500 feet, and the rock assays from 50 cents at the surface to \$35.50 as depth of 1200 feet. The prospectors of the two veins feel confident that they have a good thing, and have filed claims covering the property on which the discovery has been made. They intend to develop the property for all it is worth.

Six People Killed.

New Brunswick, N. J., Oct. 8.--In a rear-end collision between two Pullman trains on the main line of the Pennsylvania, near Menlo Park, at 9 o'clock this morning, six people were killed and a large number injured.

John Sliath, of Jersey City, was killed. Twelve of the most seriously injured passengers were taken to the Newark hospital by special train.

# A GERMAN CITIZEN

## Speaks Gratefully of His Relief by Dr. Darrin.

To the Editor: For four years past my health has been impaired from the effects of dyspepsia, heart and kidney disease, and pain in the stomach and back. I have tried many remedies and doctors to no use. I was troubled with diabetes--getting up nights to relieve my bladder. Have been under Dr. Darrin's treatment and pronounce myself restored to health. My wife has been successfully treated for liver and stomach trouble, and pain in the side. Tell all your readers to consult me at Chemawa, Oregon, and I will explain how I was cured. I am a German, and will gladly tell my countrymen of my cure.

CHAS ZIELENSKI.

### Great Fancier Recovering.

New York, Oct. 8.--Russell Sage is better this morning.

### Two Hospitals Said Diabetes.

Bright's Disease and Diabetes Are Positively Curable.

People either cured or recovering from the above diseases are in every ward in this city. Mrs. C. C. Mathewson, proprietor of the Clifton Hotel, 500 Powell street, is one of them, and makes the following statement:

500 Powell St., San Francisco, Nov. 21, 1901.

For two years I suffered greatly from diabetes. Finally I had to go to one of the hospitals, going to one of the city's very best. Three physicians there treated me as diabetes, and put me under treatment at great cost. During my stay there I got steadily worse and went to another well known city hospital. The physicians there said diabetes, and stated that they could prolong my life, but that I could never be well. I left the hospital after a few months completely broken down, the percentage of sugar being 11 per cent. It was at this juncture I heard of the Pulson Compound and went for it. The second and third weeks I began to sleep untroubled, and found that the artificial sugar I had been taking for over two years had left me. I am now an entirely different person, though still taking it to insure permanency. I have recommended it to a number of my getting favorable results. One was a warm friend and another is a Berkeley attorney who had Bright's Disease and is now perfectly restored. I desire publicity, but feel that this thing ought to be known.

Mrs. C. C. MATHEWSON.

Medical works agree that Bright's Disease and Diabetes are incurable, but 97 per cent. are positively recovering under the Pulson Compound. (Common forms of kidney complaint and rheumatism offer but short respite.) Price, \$1.50 for the Bright's Disease and \$1.50 for the Diabetic Compound. John J. Pulson Co., 429 Montgomery street, San Francisco, sole compounders. Free treatise mailed free. Do not accept passables mailed free.

C. C. Comfort, Sole Agent.

# Slow Starvation

## It can't help but do you good.

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up your body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

# KODOL

Digests What You Eat

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time cleans the stomach. This rest soon restores perfect health. Kodol cures. It is Nature's tonic.

Five years ago a disease called dyspepsia took such a hold on me that I scarcely go. I took quantities of pills and other medicines, but nothing helped me. I was drawing man grass at a rate I graduated at Kodol. I felt an improvement at once, and a few bottles and I was well.

It can't help but do you good.

The bottle contains 24 times as much actual measurement as the trial size which is sold by E. C. DeWitt & Co., Chicago. Sold by all dealers.

Prepared by E. C. DeWitt & Co., Chicago.

BEWITT'S WITCH HAZEL SALVE

A soothing, healing application for piles, hemorrhoids, itching, and all skin diseases. Beware of counterfeits.

### Dust All Goes Home to China

A prominent mining man, says the Baker City Democrat, stated that he was convinced of the truth of the discovery by Chinamen a few days ago in the Salmon creek placer diggings of the \$12,000 nugget. When asked why no sign of a nugget had been seen in Baker City, he replied: "China."

If you are troubled with indigestion, headache, etc., we would recommend Acker's Blood Elixir, which will give you a positive guarantee. It will cure Scrofulous or Syphilitic poisons and all blood diseases, etc. and \$1.00. D. J. FRY, Druggist.

### Shingles and Shakes

The roof is shingled best if you get the kind of shingles and shakes we sell, and we ask you to note the wear and economy of the shingles which we furnish the shingles and shakes of good quality. We carry a large stock of shingles and shakes of good quality, carefully selected to make a tight, durable roof, and we are always ready to give estimates.
