ATHLETICS IN THE PUBLIC SCHOOLS.

It is an encouraging sign that the boys and girls in the public schools are taking an interest in athletic exercises.

Salem has gone without victories in the athletic field some years, excepting the games won by the Salem giants in the football field a few years ago, and that was not a school team. The reason we have had no football team or baseball team that has shown any ability in our colleges because there has been the lack of three or four years' training in the public schools.

Without this boys cannot go to college and amount to much as players. Unless boys and girls get a start in these matters in the public schools they will have no enthusiasm for them in college.

We are believers in athletics for boys and girls. It should not be confined to the most vigorous and robust, who need it least. All students should be interested in games and sports.

Even the professors and the lawyers and doctors and theologians need red blood circulating in their bodies and expanded lungs that come only from vigorous, healthy exercise.

If all young people could be made to work two or three hours in the open air at some useful labor it would be better than athletics. But it is natural and human and divine to want to play games.

Americans excel at all sports, and we should be the last to do without athletic exercises in our schools, public and private. Americans have a natural aversion to physical labor, and without athletics the younger generation will grow up feeble and without spirit.

City Superintendent Traver is to be congratulated on getting a start made toward athletics in the public schools. A few years of that and Salem will not be without a baseball club and a football team and a girls' basketball team and lawn tennis players.

These things are a part of the national life and the community that discourages it is more likely to breed punks and gamblers, and other degenerates, than beneficial, useful men and women.

JOURNAL X-RAYS.

A party of 36 Portlanders recently filed claims in Lincoln county on what they thought contained valuable timber, paying the locator \$100 each. It turns out now that there isn't a stick

Woodsmen

Know that in spite of hard work in the clear forest air the blood often becomes impure. The heavy food served in the lumber camps is to a great extent responsible for this condition of the blood, which renders the body an easy prey to many forms of disease. There is no better blood purifier than Dr. Pierce's Golden Medical Discovery. It cures eruptions, pimples, eczema, scrofula, rheumatism, and all other diseases caused by an impure condition of the blood. It cures absolutely and altogether by cleansing the blood from the poisons which breed and feed diseases.

Accept no substitute for the "Discovery." There is no other medicine "just as good" for the blood. "I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. James Murphy, of Piquette, Pennsylvania. "I had cured me of chronic scrofula of twelve years standing. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. It took several bottles of the 'Discovery' before I stopped."

Dr. Pierce's Common Sense Medical Advertiser, containing 100 pages, and over 100 illustrations, is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for the book in paper cover, or 31 cents for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

of commercial timber on their filings, and all they have got for their pains and cash is acres of hazel brush, elder bushes, salal and a magnificent crop of fern hay. They are looking for the locator.

It is well to remember that pure alcohol is an antidote for carbolic acid. This is a very recent discovery, and an important one.

Cigar-making machines are run by girls—children—on starvation wages. This is the reason why cigar unions lick—and they are righteous in their wrath.

Western Oregon farmers are stocking their farms with Angora goats. Aside of their wool value they are useful as scavengers, as they clean lands of brambles and thistles, and do not molest other growth.

Iowa has a law for the benefit of inebriates which will be watched with interest. Persons who are confirmed drunkards are to be sent to an inebriate ward of the state insane asylum, and the first one convicted of habitual intoxication was sentenced for one year. He will have a chance to become thoroughly sober in that time, but it is a problem as to what effect it will have upon him after he is released.—Ex.

Is Risky Speculation

Wm. Faber, of the firm of Faber & Neis, of Albany, the well-known hop men and brewers, who has been in the city a few days, went to Portland this morning. Mr. Faber expects considerable activity in hop circles soon, for he says that farmers are not generally disposed to speculate on hops, for that form of speculation is known to be most uncertain. Growers are mostly satisfied with 25 cents, says Mr. Faber, and he thinks there will soon be much doing in the Oregon market.

The hop editor of the Woodburn Independent says:

The decision of Judge Burnett at Salem will put a stop to contracting, and will benefit the industry. It is believed that not more than one-tenth of the contracts are yet undelivered, so the effect of the decision will not be great from a monetary point of view. Had the decision been rendered a month ago there would be a different story to tell. The dealers who will be principally affected are those who hold undelivered hops, and have in turn contracted with consumers, or other dealers, to deliver hops at prices below the market value.

M. H. Durst has purchased the Walter L. Toole lot of 74 bales at 25c.

M. H. Durst has offered 26 cents for two lots of extra fancy and 26½c for another lot of the same grade.

D. A. McKee has sold his lot of 27 bales to Wolk & Sons at 25c.

HORSE THIEF IS BAD MAN

Sheriff Colbath is Advised That the Man He Recently Arrested is an Escaped Prisoner and a Deserter from the United States Army.

J. N. Burroughs, the man with several aliases, who was arrested in Portland some time ago, and is now in the Marion county jail awaiting the convening of the circuit court on the charge of larceny of a team and buggy from a Woodburn liveryman, is believed to be a bad man. Sheriff Colbath is in receipt of a letter from G. A. Goodale, colonel of the Seventeenth U. S. Infantry, and commanding officer of the Vancouver barracks, stating that the man, C. E. Mansfield, who is in the custody of the Marion county sheriff is an escaped prisoner and deserter from the United States Army. Colonel Goodale asks to be kept informed of the status of the Mansfield case, in order that the deserter may be taken into military confinement when released by the civil authorities. Mansfield is believed to be either the man's true name or another alias, under which he passed while in the service of the government. At any rate the Vancouver military authorities are satisfied that the fellow is the man they are looking for. Mansfield, alias Burroughs, and some half dozen other names, is now awaiting the circuit court for the February term, when his case will be disposed of. There is every indication that he will be convicted on the charge.

Are Many Divorce Cases

County Clerk Roland today completed the docket for the November term of department No. 2 of the Ma-

MRS. HELENA BLAV, Young Milwaukee Society Woman.

THOUSANDS of women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blav, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

"Wine of Cardui is certainly 'worth out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

Any woman who is silently suffering genital pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend it. Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

A million suffering women have found relief in Wine of Cardui.

CHANGES IN GAME LAWS

Recommendations Made by the Oregon Fish and Game Association.

The following motions were passed at the meetings of the Oregon Fish and Game Association, in Portland, this week:

It is the sense of the members of the association that the Chinese pheasant season should be changed so that it will extend from September 15th to November 1st. Also that sportsmen from out of the state should pay a license, and that game birds should not be placed on the market for sale.

Close Season for Big Game. From next Saturday deer, moose, mountain sheep and antelopes may live in peace, for on that date the closed season begins and continues in effect until July 15th. In Baker, Malheur and Harney counties, however, the close season began October 15th, and will continue until October 1st next year. Trout may also live undisturbed from Saturday until April 1st, with the exception of salmon trout, which can be caught in the waters from November 1st to April 1st.

Apples To Portland

The Oregon Packing Company, of Portland, is buying apples in the Salem market for shipment to Portland for evaporating purposes, and is shipping the fruit at the rate of two carloads a day. This company is under the same management as the Salem Canning Company, but the crop of apples in this vicinity was not considered sufficiently large to justify the operation of the Salem plant, hence the fruit is being shipped to the company's plant in the metropolis. Eight dollars a ton is being paid for apples delivered at the local plant of the company. The crop of apples, as was the case with the production of strawberries in this locality, was larger than expected this year. C. A. Park, who is managing the Wallace estate this year, says that never before has the Wallace orchard yielded the crop of apples that it has this year, and this report comes from all sections in this vicinity. The fruit is also comparatively free from vermin, and of a superior quality.

Minor Mention

Take your umbrellas to Shipp & Houser's for repairs.

Loud's Re-Election in Doubt. Washington, D. C., Oct. 31.—Of all the political contests to be decided at the polls next Tuesday, the result of none is awaited with such intense interest by the letter carriers and other postal employees throughout the entire country as that of the fifth congressional district of California, now represented by Congressman Loud, Republican. Mr. Loud is one of the most notable figures in congress. He has for years been at the head of the postal committee, and is reputed to know more about postal affairs than any other man in either house. He has been the stumbling block in the way of wholesale increase of salaries for postal employees, and the letter carriers and labor organizations are fighting him so vigorously that the Democrats have hopes of electing their candidate for Mr. Loud's seat in congress.

The Sure Way

to prevent Pneumonia and Consumption is to cure your cold when it first appears. Acker's English Remedy will stop the cough in a night, and drive the cold out of your system. Always a quick and sure cure for Asthma, Bronchitis, and all throat and lung troubles. If it does not satisfy you the druggist will refund your money. Write to us for free sample. W. H.
