EDUCATIONAL

Positions Are not held by incompetents.

For eleven years but one young man has graduated from our short-hand department after first completing the business course. Why? Because all took positions before they were ready to undertake them. It costs but little to secure a suitable education compared to the benefits derived. Send for catalogue.

Married in Eugene.

At the home of the bride's parents, 467 Oak street, at 8 o'clock last evening Wm. S. Gilmore and Miss Rose Gross, Dr. B. F. Rowland officiating. A splendid wedding supper was served after the ceremony. The happy couple left this afternoon for Salem, where they will reside in the future.—Guard.

Royal Neighbors Entertain.

The members of the Royal Neighbors, assisted by the Modern Woodmen, gave their initial dancing party of the season at their hall in the Holman building Thursday evening, and the dance was a success. There was a good attendance, and with the splendid orchestra that was offered by the Ristine orchestra, a thoroughly enjoyable evening was provided.

A Minister's Mistake.

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kemp's Balsam, the best Cough Cure." This was hardly what he had expected, and, after a moment's hesitation, he turned it over and found on the other side the matter intended for reading.

Change of Meeting Place.

St. Paul's Episcopal church is undergoing a thorough renovation, and will be closed for two or three weeks. It is expected that the reopening will take place on Sunday, November 16th. In the meantime services will be held on Sunday mornings in the Holman block, corner of State and Liberty streets, and Sunday evenings in the rectory.

\$100 toward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have much faith in this cure, and will refund the money if it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O.

WHAT TIME PROVES.

This thing of being sick and looking for a cure is a mighty serious business. People are not given to joking even at the first symptom of the approach of the grim destroyer. They do not want to be the subjects of experiment, but want medicine that has stood the test of years behind it. A medicine that has been made and used for 20 years gives assurance of its worth, and can be taken with a faith that they have the very best cure the world affords. All this can be said about Dr. Gunn's Improved Liver Pills as a remedy for sick-headache, dyspepsia and indigestion. It begins right at the source of the trouble and removes the cause. We will send a sample box of these pills free, or a full box on receipt of 25c. Sold by all druggists for 25c per box, or address Dr. Gunn, Philadelphia, Pa. For sale at Dr. Stone's Drug Stores.

County Teachers' Institute

Educators Will Be Convened in Salem Next Week

Schools of County Will Be Closed For Three Days

The Marion County Teachers' Annual Institute will be held in this city November 5, 6 and 7. The opening session will be held on Wednesday morning, and the concluding meeting will be held on the following Friday evening. The sessions of the institute will be held in the council chamber at the city hall, and the lecturers and instructors that will assist County School Superintendent Moores in conducting the institute are: J. H. Ackerman, state superintendent of schools; Frank Rigler, city superintendent of the Portland schools; S. Y. Gillan, editor of the Portland schools; Wisconsin, and L. R. Traver, city superintendent of the Salem schools. The schools of the county will be closed during the three days that the institute is in session, and under the present school laws, the salaries of teachers is not reduced for that period. The law on the subject provides that "no school shall be open in any district during the time of holding the annual county institute." For this reason a good attendance is expected. There will probably be 250 teachers present. The teachers of the county are also legally required to attend the institute at least 16 hours. The musical program for the three days' meeting will be in charge of Prof. W. J. Crawford, of this city. On Thursday evening Mr. Gillan, of Milwaukee, Wisconsin, will deliver an address on "Mistakes and Blunders." The lecture will be given at the First Methodist church, and will be without admission. The general public is urged to attend.

THEORIES ABOUT FOOD

Also a Few Facts on the Same Subject

We hear much nowadays about health foods and hygienic living, vegetarianism and many other fads along the same line.

Restaurants may be found in the large cities where no meats, pastry or coffee is served, and the food crank is in his glory, and arguments and theories galore advanced to prove that meat was never intended for human stomachs, and almost make us believe that our sturdy ancestors who lived four score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind, from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubted the best.

As compared with grains and vegetables, meats furnish the most nutriment in a highly concentrated form, and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmon, on this subject, says: Nervous persons, people run down in health and of low vitality, should eat meat, and plenty of it. If the digestion is too feeble at first it may be easily corrected by Stuart's Dyspepsia Tablets after each meal.

Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets, because they supply pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use.

The large class of people who come under the head of nervous dyspepsia should eat plenty of meat, and insure its proper digestion by the daily use of a safe, harmless digestive medicine, like Stuart's Dyspepsia Tablets, composed of the natural digestive principles, diastase, fruits, acids and salts, which actually perform the work of digestion. Cheap cathartic medicines, masquerading under the name of dyspepsia cures are useless for indigestion, as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food, and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession, and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsia Tablets at 50c for full treatment. 10-27-31
