THE DEMAND OF REPUBLICANS.

The following is an attempt to convey the idea that the demands for a special session originate with so-called reformers: The Oregon legislature is made up of a bad lot, according to certain reformers. The members propose to break all their pledges and thereby made to the people—at the regular session. They are not honest; they are out for stuff they are as low and mean as the devil can make them—at the regular session. But there should be an extra session of these same rascals, according to the reformers, to clear up the atmosphere and make everything good and straight.—Salem Statesman.

As a Republican paper that is supposed to speak for Governor Geer the Statesman hits wide of the mark in its attempt to shovel off the special session idea upon reformers.

The governor is something of a Republican and was the first to officially promulgate the special session idea. The Republican platform demands all that is sought to be secured at the special session.

By the admission of the opponents of a special session all could be done then that can be done at the regular session.

The special session then has power and jurisdiction to enact flat salaries which they claim can be done as well at the regular session.

But as all the officials who would be affected by flat salaries are opposed to a special session they probably know the reason why.

They know that the failure to enact what the Republican platform promised at a special session will defeat that reform four years and cost the people at least \$200,000 in excessive fees.

Gov. Geer and the Statesman and these Republican officials are doubtless perfectly sincere in their belief that the regular session will enact all the reforms promised the people in the Republican platform.

But that will not help the people who have to pay the \$200,000 of excessive and unconstitutional fees and perquisites. The attitude of Gov. Geer and other Republicans toward a special session will help the officials against whose unjust emoluments the Republican platform was especially directed.

The fight for flat salaries is not the fight of reformers, so much as it is the fight of the Republican platform of leading Republicans, a fight for what is right within the Republican party.

Before election in June they were all reformers. Now it is the usual sneer at reforms. But the people sometimes revolt at that sort of thing if it is carried too far.

MURRAY WADE'S BEST.

Murray Wade had a cartoon in a Portland paper the past week that ranks high as a forcible exposition of state politics.

It represents Governor Geer as the farmer politician who has paused to pick a daisy, and pulls off the leaves making, "loves me, loves me not."

A crowd sits on one stump, and the Democratic donkey is in the background baying his neigh, neigh, while the fallen petals all cry out:

It is the best political cartoon since Ed. Payne pictured the leading figures in the Portland campaign for the Capital Journal.

These young men are a credit to this city and the state, and if they adhere to their careers will soon be high in the fields of pictorial journalism.

Oregon has produced a Davenport, a Harry Murphy and a Warren Gilbert, the latter in rapid development overtaking the former in general ability.

The last two candidates for fame from the city of Salem have great futures. Wide reading of history will develop them into great cartoonists. They possess much natural ability in depicting, and keen political insight and grasp on public events.

GOOD FOR SENATOR BOOTH.

In the hurry-burly of self-seeking and avoidance of platform pledges comes Senator Booth, of Lane County, and declares in favor of a law to tax franchises.

This is one of the reforms demanded by the people and as advocated by Senator Booth is the only thing offered by any Republican official in Oregon that will put a dollar in the treasury or relieve the land tax one cent.

All the other politicians are after some office or are busy digging up petty excuses for not doing anything promised in the campaign. Booth is a big business man and a taxpayer, and proposes a franchise tax.

Governor Roosevelt and Governor Odell are rated good Republicans in New York, and they passed such a law and are enforcing it that put \$240,000 out of franchises on the tax rolls, and cut the state tax down to one-tenth of one mill.

In Oregon the people are paying over twelve mills state tax, and our assemblage of distasteful orators and wind-lammers and type-writer heroes can't see the necessity of doing anything to relieve the situation.

Senator Booth is at the head of a corporation that would pay a big tax under such a law, and instead of dodging taxes, he proposes a tax he himself would pay.

Out of all the raffish, ragtag and bobtail politicians talked and written about in the campaign, Booth is the intelligence to say something that will inspire credit and respect for the Republican party and among the taxpayers in general. There is politics in this of the right sort.

HONORS TO THEM.

All honor to the business men and city officials of Portland for coming to the assistance of the people in de-

manding a special session of the legislature.

The biggest property-owners of Portland, without regard to politics, unite in that demand, and give good reasons for it. They are men who are sincere, and looking for no personal advantage.

The politicians can turn them down, and refuse their call for help, but each of these men will remember who did it, and will consider that it was done for personal purposes.

This is a critical time in the history of Oregon, and of the Republican party. The disintegration of Republican leaders to take up any line of fight for the improvement of our state, or the state government is the marked feature of the situation.

REV. SCHELL'S FIGHT.

The way the interior department is taking up the timber land frauds shows that Rev. Schell has not been hammering away through The Journal in vain. He bombarded the secretary of the interior with letters and marked copies of the Little Salem Daily that alone has not shut out his communications until a great investigation is ordered.

The newspapers that print pages of timber land notices, all issued on the same date in many cases, are trembling and abusive, and do not know but their graft will be called off.

There are wiser people who look on this investigation as a sham, for the purpose of invalidating the titles of small holders of claims, so that some big syndicate at the right time can snip them all down for a song.

There are two combinations working the public land laws—a state ring and a federal ring. Sometimes they work together—especially in times of stress and alarm.

The good work started by Rev. Schell may bear fruit, if he will keep up his lick, take nothing for granted, and make no half-way compromise. He has tackled the biggest fraud on the public in the state of Oregon.

CROPS FOR 1903.

There should be a general warning against putting out too many hops on the strength of the fancy prices now bid.

Doubling the acreage in Oregon would easily overstock the market. The effect would not be felt within two years, but remember that a time of depression in the market will inevitably return.

The Journal says plant more potatoes, corn and strawberries. Year in and year out potatoes are a good crop in Oregon. The Oregon Burbank has a reputation over a large part of the commercial world.

POTATOES ON OLD LAND.

Mr. J. D. Darby brings this office a bushel of Burbank potatoes raised on old, worn-out wheat land that would no longer produce grain. They go 25 to the bushel, and weigh over two pounds apiece.

Mr. Darby worked some coarse manure into the land and took 100 sacks off 1 1/2 to 1 3/4 acres, weighing 100 pounds to the sack. They grew on red hill land, near Lewisburg, this county.

This is the largest potato crop brought to this office this year, though we do not doubt there are other yields just as big.

The potatoes are fine eating all through, and remarkably smooth skinned.

They will be sent East to advertise Oregon, and every potato will be an eloquent argument for immigration.

The Coast Mail takes an exchange of task under an editorial entitled: "Sei doch nicht ein verdammter Esel."

The politicians who do the grand top to windward are welcome to the temporary advantage they gain. But they do not always win even after executing the grand "pas de seil."

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headaches, 25 cents and 50 cents. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. D. J. Fry, frugalist.

THE SALEM CITIZENS.

The refusal of Mr. Frank Turner to become an aspirant for the office of city recorder is worthy of praise. Mr. Turner is a popular and influential Republican, and his refusal is significant.

Let all good citizens respect such men, who refuse to become parties to throwing the city government back into the wasteful channels of a partisan administration.

Those who think this city can be better governed have a right to that opinion, and that is the only way progress is made.

But look up the showing of revenues for October made by the present administration, and ask yourself if the city is not in pretty safe hands.

Doctors not seldom give up a case, but a mother never does. While life lasts, while there is a spark of vitality, which love's labor may fan into a flame, she toils untiringly for the child she brought into the world. And sometimes where the doctors fail the mother succeeds. She has no prejudices. Any means she will use which will save her child.

The mother's prescription given below is a case in point. Her daughter was given up by physicians as suffering from an incurable disease, called "wasting of the digestive organs." The mother prescribed Dr. Pierce's Golden Medical Discovery and "Favorite Prescription," and had the happiness of seeing her daughter restored to perfect health.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It is a nerve-nourishing, flesh-forming medicine—making new blood and new life.

"Golden Medical Discovery" contains no alcohol and it is absolutely free from opium, cocaine and all other narcotics. It is a true temperance medicine.

My sister of Arlington, Washington Co., New York, was taken very sick and had several doctors' visits. Mrs. C. L. Harrison, of Elk City, Douglas Co., Neb., says: "I could not do better and told my mother they would not come any more, as no doctor could help her. She could not get well. She had wasting of the digestive organs." My mother said to my sister, "Well, I advise you to try Dr. Pierce's medicine. It will cure her." So she bought six bottles—three of "Golden Medical Discovery" and three of "Favorite Prescription," and some of the "Pellitory" and now my sister is a well woman.

We thank you for your medicine.

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
