Every Exertion a Task

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body.

The vital functions are impaired, food does not nourish, and the whole system is run down.

A medicine that strengthens the stomach, perfects digestion, invigorates and tones is needed.

What Hood's Sarsaparilla did for Mrs. L. B. Garland, Shady, Tenn. It has done for others. She took it when she was all run down—without appetite, losing flesh, and unable to do her work. It restored her appetite, increased her weight, and made her well and strong. This is her own unsolicited statement.

SCOTT'S YELLOW JOURNAL.

The Delilah of the Columbia Wants to See the Glories of Washington.

SCHEME OF POLITICAL SCULDUGERY

Traitors to the Republican Party and Copperheads Anxious to Enjoy the Pie Counter.

In all the history of Oregon there has never been manifest upon its face such a miserable scheme of political sculduggery as the attack now being made on the land commissioner by Delilah Scott, through her Man Friday Bros. The "Sho" wants to go to the United States Senate and end her days in a flame of glory—hence a trip to Europe where at "gay Paree" the old maid is taking lotion treatment for tan and freckles and by massage experts an effort is being made to reduce her figure to such an extent that the effects of her political fornication will not be so apparent; and should the fact of her true condition be made manifest to the citizens of Oregon she will be able to plead: "I was on a trip to Europe at the time and know nothing about the matter" and would then swear her wretched condition upon President Roosevelt, Secretary Hitchcock and poor Old Man Friday Bros.

Now the facts in the case in the hunt for the "mare's nest" are: Scott wants to be United States Senator and is afraid of a "dark horse" in the race. Scott has a lot of political renegades, bushwhackers, soreheads or something of that kind—just what we do not know, who are boasting him for office in hopes that the Oregonian will support them against the Republican party that has relegated them to the shadows of political oblivion and one of them threatened to write to President Roosevelt about land matters and sign after his name "Presidential Elector," and this part of the sculduggery Scott compact has been faithfully carried out. If there has ever been a time in the history of Oregon that the Oregonian has not assailed every Republican administration down to Roosevelt it is unknown and the Oregonian is not today in harmony with the principles of republicanism and is nothing more or less than a free trade, mugwump sheet and its assault on good and true Republicans is a disgrace to the Republican party. To prove the venom of the Oregonian to Commissioner Hermann in a pretended Washington dispatch it says, etc.

Exposure

To cold and stormy weather opens the way to an attack of bronchitis. The man on the wagon, be he farmer, milkman or truckman, needs to pay special heed to the first symptoms of cold, cough or disease of the organs of respiration.

The use of Dr. Pierce's Golden Medical Discovery will cure bronchitis, its deep-seated coughs, bleeding of the lungs, and other conditions which if neglected or unskillfully treated terminate fatally in consumption. There is no alcohol in the "Discovery," and it is entirely free from opium, cocaine and other narcotics.

For seven years I had been troubled with what the doctors call "bronchitis," and I was nearly dead. I had been taken sick with a severe attack. I began taking your "Golden Medical Discovery," and I was rapidly recovered from the attack and felt no more of it. This season I began taking it again, and I have so far been perfectly well. I can go out in all kinds of weather and feel the best of health. Let me say to all who are suffering from such complaints to give Dr. Pierce's Golden Medical Discovery a fair trial, and I am convinced that good results will be obtained.

Dr. Pierce's Common Sense Medical Discovery, paper-bound, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only, or 31 stamps for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pills and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well. G. M. MANN, Attorney-at-Law, Nacoma, Tex.

most equal to Uncle Tommy Davidson, but he does not run so much to poetry.

He has good powers of observation, and when the old Indian war veteran mounts his fat pony and goes ambling off to some part of the state to see some old friends, he always sees something worth telling his friends about.

He has been visiting over at old Fort Sheridan, and sends The Journal the following:

This pretty little city, one of the side towns of the beautiful Willamette valley, like its namesake, is enterprising, prosperous and inviting to all who come this way. General Phil Sheridan, who was honored with the name of this place, and whom I well knew in his lieutenant days, has left many relics, chairs and lounges of his own make, of his own mechanical turn of mind, which are treasured and highly prized by these people. As well as the many old veterans who served in the Indian wars of Oregon with him and others who served in the great civil war of America, all speak a kind word of the gallant old soldier and his many kindnesses to the frontier settler along the banks of the beautiful Yamhill.

This city has many of the old retired veterans, who have located in and near this place. The excellent garden land is one of the incentives for old men that love the beautiful. No where can be seen more beautiful vegetable and flower gardens. Even now, in November, can be seen, now and then, a flower garden looking as pretty as in mid-summer, telling to the young as well as to the old how beautiful the November of life can be made with good cultivation. The lofty hills to the north of town gives grandeur to the scene around. Now in the last fall month of the year they are looking as fresh and green as a spring wheat field, it seeming as though the heart of man could wish no more from the God of Nature. The business men of Sheridan are not sitting on boxes whittling, but are busy with their farmer customers from morn till night. Oregon, the garden spot of the world, the home of production and haven of capital, blessed be the day when we all live in unity.

SHALL WE LIVE AGAIN.

By Judge T. L. Davidson of Salem. I look to the hills for thought. To tell of the heavenly way. Where I see all life springing forth In the youthful morn of May.

The glow of beauty, the purring stream In its murmurings gliding by; The throbbings of song, the sunlight's gleam Are constantly asking, why?

Yes, why do I live, or shall I live. The heart of the human cries; Is this the all that earth can give And death our only price?

What brings this thought of another life Is it not a part of me; Then shall I live in sorrow, strife And forever cease to be?

Am I a part of the universe. An atom of chance? no more? Shall darkness be my constant curse And time the only shore?

My words are things, my life is part Of the universal whole; All nature is but living art And God the living soul.

I look to the stars and there I see In an instant of time through space, And the soul shall range forever free

In that infinite world of space.

There is no loss; the mind must be Existing beyond the sky. It is a part of all we see And cannot ever die.

Intelligence, the last of all Of nature's highest art. Shall live in spite of Adam's fall And error's stinging dart.

The mother weeps when death shall come To take her child so dear: Then would you rob her of that home Beyond this floating sphere?

I will believe, I must believe Beyond this fleeting hour; That I shall live and shall not grieve, But joys upon me shower.

Tired

After Mental Exertion—No Rest. Nervous, Irritable and Wretched. Dr. Miles' Nerve Saved My Life.

There is little joy in living when the disordered nerves prevent sleep and rest; when one wakes from a restless night more tired than the night before; when one is forced to drag through the round of daily duties without energy, ambition or interest. This condition is due to a derangement of the nerves which may be speedily regulated and strengthened by Dr. Miles' Restorative Nerve. This remarkable medicine has a wonderful record of cures. Supplying as it does the exact element needed for the restoration of the nerve force and vitality, its good effects are felt after the first few doses.

"I have used your remedies myself and in my family for the past seven years and it is not too much to say that they saved my life. The tired feeling I used to have after giving a few music lessons has left me entirely and instead of lying in bed three or four hours trying to get sleep and then getting up and waiting the hour until morning, I can now go to bed and sleep eight, ten and twelve hours without any trouble. When I think of my former nervous, wretched, irritable state I want to tell everyone what Dr. Miles' Nerve is the best remedy for nervousness and general debility on earth."—L. D. EDWARDS, Post of Music, Preston, Idaho.
