

KICKED BY A HORSE

AND SUFFERED NEARLY FORTY YEARS BEFORE THE BONE HEALED

"AM I ALL RIGHT? OF COURSE I'M ALL RIGHT," SAID MR. A. COOPER, OF POLK COUNTY, WHEN ASKED ABOUT HIS LEG WHICH WAS HURT WHEN HE WAS A BOY. "I WAS KICKED BELOW THE KNEE BY A HORSE IN 1860 WHEN A MERE BOY, AND SUFFERED FOR YEARS. IT ACHED TERRIBLY AND SOON BROKE. THEN PIECES OF BONE COMMENCED COMING OUT AND CONTINUED FOR ABOUT A YEAR. THIS WAS FOLLOWED STREET, SALEM, OREGON.

BY AN ATTACK OF TYPHOID, WHICH LEFT ME IN BAD SHAPE. I WAS OBLIGED TO USE CRUTCHES FOR OVER TWO YEARS FROM THAT TIME UNTIL I WAS CURED ABOUT SIX YEARS AGO I ALWAYS USED TWO CANES. THE DOCTORS TOLD ME THERE WAS NO HOPE FOR A CURE UNLESS I HAD MY LEG SPLIT AND SCRAPED AND THE CORDS CUT. SOME ALSO ADVISED AMPUTATION, BUT I REFUSED, AND FINALLY DR. COOK, THE BOTANICAL SPECIALIST OF SALEM, TOOK MY CASE. I BEGAN TO IMPROVE AT ONCE, AND IN SIX MONTHS MY LEG WAS WELL. IN FACT I FEEL THAT DR. COOK SAVED MY LIMB, AND I WANT EVERYBODY TO KNOW IT, FOR IT WAS A WONDERFUL CURE. SOON AFTER TREATMENT THE BLACK FLESH BEGAN TO GROW OUT OVER THE BONE WITH A HEALTHY COLOR."

September 1st, 1902.

GREATER NEW YORK AFFAIRS

Preparing for World's Fair in 1909

The City Distressed Over the Water Supply

Demand for Young Ladies for Private Secretaries

New York, Dec. 13.—It is not unlikely that the next great exhibition held in the United States will be at New York. Chicago had its World's Fair in 1893. Oregon is preparing for a fair in 1905, and so it seems only in keeping with its great growth that New York should have an exhibition. The occasion for such a fair would be the celebration of the 300th anniversary of the discovery of the Hudson river. While the merchants here do not believe that a great exhibition would repay them for the cost, there is no doubt that the general public would be delighted with the project. The celebration, it may be said, is essentially that of the discovery of the Hudson river. Only incidentally does it include the discovery of New York harbor, for several navigators entered the harbor, and saw the Isle of Manhattan before Hudson, but to him belongs the full credit of being the first to navigate the Hudson as far as the present city of Albany, the site of which he reached on the 18th of September, 1609. The approaching tri-centennial will give the opportunity not only for a celebration of the river as a whole, but also the various principal towns along its banks.

A matter that requires the prompt attention of the city officials is the water supply in New York. Mayor Low has appointed a commission to look into sources of new supply, and propose measures for stopping waste. Even if adopted, it will be 1904 before the pending constitutional amendment will place the city in a financial position to begin the acquisitions of new watersheds. It will be at least 1910 before water from these sheds can be delivered to the city. Meantime, and so early as the end of 1903 the city will begin to suffer from a shortage of water. Hence the necessity of immediate action.

In an effort to meet the requirements of seating school children, the board of education has this year given out 32 contracts for new school

The Weak Spot.

If you are sitting in a restaurant where waitresses are in attendance, you will note now and again some young woman put her hand to her back, and straighten herself up, while her lips are tightened as if by pain. It's backache. Yet all day long she must be on her feet, lifting, carrying, hurrying.

That weak spot, the back, can be made strong by the use of Doctor Pierce's Favorite Prescription. It cures the womanly diseases which cause headache, backache, side-ache, nervousness and sleeplessness. It makes weak women strong and sick women well.

"Favorite Prescription" contains no alcohol, and is absolutely free from opium, cocaine and all other narcotics.

"I wrote you for advice February 25th," writes Mrs. Louis Halstead, of Claremore, Cherokee Nat. Ind. "I was racking with pain from the back of my head down to my heels. Had hemorrhage for weeks at a time, and was unable to sit up for ten minutes at a time. You answered my letter, advised me to use your valuable medicines viz. Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery,' and Pleasant Pellets. Also gave advice about injections, baths and diet. To my surprise, in four months from the time I began your treatment I was a well woman, and have not had the back-ache since, and now I put in sixteen hours a day at hard work."

Dr. Pierce's Medical Adviser in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

houses, or additions to present buildings, thus increasing the sittings 48,790. This is a fine showing, but the trouble is that the population grows faster than the city can provide the increased school accommodations.

Since their inclusion in Greater New York, the old towns along the eastern end of Long Island are now enjoying a new birth. The market farms within the far reaching territory of Queens Borough are fast disappearing, and the rapid growth of the city is converting them into town lots, with handsome villas built upon them.

One has only to read the Republican platform, framed at the recent state convention, to know what will be the policy of the next legislature, soon to begin. The wiping out of direct taxation and the improving of the Erie canal are the two most important measures, and if the legislature, inspired by Governor Odell, carries them into effect, the session will be the most memorable in the history of the state.

There has been for several years such a demand for private secretaries in this city that young women have found that occupation more agreeable and profitable than others that were open to them. Naturally the demand for their services has led to greater requirements as to the efficiency of the applicants. So a school for the training of private secretaries has been opened by a philanthropic institution, and its classes have been filled since they began.

The antagonism between ex-Senator David B. Hill and Tammany Hall was never more acute than it is now. In the midst of this political estrangement a well-known newspaper man from up the state looms up. He is Norman E. Mack, of Buffalo, whose political standing has been materially increased by the results of the recent election, for the reason that the only two Democrats elected were those forced upon the slate by Mr. Mack. The friends of Mr. Mack are now speaking of his political astuteness, and there is even talk of his succeeding Hill as state leader. Mr. Mack was a staunch supporter of William Jennings Bryan in 1896 and 1900, and is the New York member of the national committee.

The six-day bicycle race, which ends tonight, has been the sensational feature of the week in sporting circles. As happens every year, many of the contestants who started in the race have dropped out, and the number that has held out is now small. The men are lagging and so worn that it will require several days of rest and careful treatment in order to regain their former condition. In fact, so great is the strain upon the nerves and body, that the price seems hardly worth the effort put forth to win it.
