

Good Timepieces Deserve good care...

A good Clock or Watch deserves fair treatment. Especially is this the case when some irregularity or mishap sends it to the repairers. It is seldom that there is any organic disease about a really well constructed timepiece. Usually it is only a slight local distemper, easily corrected by the skillful watch-doctor. But if it is entrusted to a bungler there is every likelihood that his clumsiness will result in some permanent, deep-seated disarrangement of some vital part.

It is scarcely necessary to say, to those who know **THE BARR STORE**, that it employs none but experienced and conscientious repairers. We guarantee promptness, fidelity, and skill in any Watch or Jewelry repairing entrusted to us.

AFTER BIG GAME

Chemawa Indians are Sharp-ening Tomahawks

For Contest With Reliance Footballists

There is a good opportunity to secure an intensely interesting game of football to be played in this city on next Saturday afternoon, if the lovers of the sport in this city will co-operate with the management of the Chemawa Indian Training School. Having made a creditable showing this year in competition with the teams of the Willamette valley, the irrepressible Redskins desire to go up against bigger game, and, with that idea in mind, have been negotiating for some time with the Reliance football eleven of San Francisco, on the occasion of the visit to this state of that team next week, when it is scheduled for a game with the Multnomah Athletic Club on New Year's day.

Chemawa offered the Californians a guarantee of \$100 to play a game at the fair grounds, in this city, on Saturday afternoon, the second day following the contest in Portland, and when the team is on its homeward trip. The terms did not exactly suit the players from the Golden State, who went the Webfooters one better, and said they would not consider any offer of less than \$150. This is a little more than the Indians care to undertake to raise by themselves, and are desirous that lovers of football in this city come to their aid and see if the required amount cannot be raised, and the game secured for this city.

The lads from Chemawa are determined in the matter, and if they do not succeed in arranging a contest to take place here, they will negotiate for a game with the visitors from California to be played in Portland. It would not take much of an effort to raise the entire amount that is demanded by the Californians, and Salem would be assured of a real game of football, something that has not been seen in this city during the past two years, or since the champion C. A. A. C. team disbanded.

HAVE YOU ANY OF THESE

Symptoms of a Very Common Trouble?

There is no disease so common in the United States as catarrh, because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane wherever located, accompanied by abnormal secretions, is catarrh. Catarrh of the stomach or bladder, or intestines is nearly as common as nasal catarrh, and much more serious, although it is true that stomach catarrh and catarrh of the other internal organs is the result of neglected nasal catarrh.

A new remedy has recently appeared which, so far as tested, seems to be remarkably effective in promptly curing catarrh, wherever located. The preparation is sold by druggists generally under the name of Stuart's Catarrh Tablets, and in addition to being very palatable and convenient, possesses extraordinary merit, in many cases giving immediate relief from the coughing, hawking and constant clearing of the throat and head, those symptoms with which everyone is familiar who has ever suffered from colds in the head and throat.

Catarrh is simply a continuation of these symptoms until the trouble becomes chronic, and grows gradually worse from year to year.

Stuart's Tablets are composed of Blood root, red gum and similar antiseptics and catarrh specifics, from which it will be seen that no secret is made of the ingredients, and also that no mineral poisons are used, as is the case with many well-known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines or bladder no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets.

All druggists sell them at 50 cents for full sized package. You can use them with assurance that you will not contract the cocaine or morphine habit as the results from this catarrh cure are apparent from the first day's use.

Surprised His Wife

A story is told of a farmer of Clackamas county, says the Albany Herald, who wore his old suit until everyone was tired of it, and his estimable wife was almost ashamed of the hustling man who had been inside of it so long. But a few days ago he went to town to sell his produce, and while there determined to buy a new suit, and a happy thought to him, surprise his wife. So he bundled a neat suit into the wagon and drove homeward.

It was after night as he hurried homeward, and at a bridge over a river, about half a mile from home, he stood up on the wagon and "peeled" and threw the despoiled old suit, coat, vest and pants, into the rushing water below. Then he reached for his new clothes. They were gone—had jolted out of the wagon, and lost in the dark. The night was cold, and his teeth chattered as he hurried home. He surprised his wife even more than he had anticipated.
