HAWAIIAN ISLANDERS REJOICE

Over Completion of Pacific Cable

Initial Message Was Greeting to President Roosevelt

Congratulations are Sent From All Over the World

(By Pacific Cable to Scripps News.) Honolulu, Jan. 1.—The people are celebrating the completion of the cable that connects them with the United States. Severe storms prevented splicing sooner. Messages from all parts of the world have been received. When the land end of the cable was completed, Mrs. Hawes, laid leis of native wreaths of flowers upon the end of the cable, repeating the Hawaiian greeting, "Aloha." There is great rejoicing. The first message delivered here was from President Roosevelt to Governor Dole.

San Francisco, Jan. 2.—The first message from Honolulu over the Pacific cable was received here at 11:03 o'clock last night. The signals were perfect at both ends. The speed was fast, but the operators have not figured out the rate at which the earliest messages were exchanged. The first message was from Governor Dole to President Roosevelt.

Almost immediately after communication was established a message of greeting was flashed to President Roosevelt at Washington. The message was from Governor Dole, of Hawaii. The text was withheld, pending receipt of the message by the President in person.

The local operator said that the cable worked like an old-timer, and was surprised at the speed and accuracy. The Postal Company officials are delighted at the splendid showing of the first hour's working, and accept it as an augury of a prosperous future.

Roosevelt's Reply is Withheld. The text of Governor Dole's cablegram to Roosevelt and reply are being withheld from publication until notification that Dole has received the answer from Honolulu.

Washington, Jan. 2.—A cable from General Davis announces the death of seven uninitiated men from cholera the latter half of December.

SUPREME COURT FEES

Increased Receipts of This Department for Year

The aggregate fees collected by Hon. J. J. Murphy, as clerk of the Oregon supreme court, for the year ending December 31st, was \$3751.20, as against \$3714.45 for the preceding year. As indicated by these statistics, the amount of litigation was practically the same for two years.

The supreme court has failed to make a calendar of cases for the week beginning Monday, January 12th. For this reason there is but one case on docket in which appeal has been perfected. Only one order was made Wednesday, and that was the case of the state of Oregon, respondent, vs. Mannie Howard, appellant. On stipulation it is ordered that the appellant have until February 20th to serve and file his brief.

KILLED BY A STRAY BULLET.

New Year's Reveller's Revolver Hits Man Sitting at Window.

Los Angeles, Jan. 2.—John F. Jones, of Greenville, Tex., was shot and almost instantly killed at the Lincoln Hotel by a New Year's reveler, and fell from a second-story window to the sidewalk. He had gone from the room to the balcony to look out on the street, and was leaning over the railing when he suddenly sank forward and fell over the guard rail. His body dropped into the midst of a crowd of people, who were blowing horns and making New Year's jollity, and the sickening thump on the sidewalk stopped all revelry on that corner. The bullet had entered the frontal bone, and the man was dead almost before a superficial examination could be made.

Jones, who was a young man, came here from Texas a few months ago, and was employed in the Santa Fe general offices.

He followed her to New York, where he found that the girl had gone to Philadelphia, after arriving there he found her married.

A NEW GAS RANGE. For your kitchen will make you laugh at the high prices of wood. After you have used it a short time you will wonder why you sweated over a hot wood range during the heated term, or was worried over starting a fire on a Winter's morning, when a touch of a match makes a bright blaze, confined to your cooking utensils, and not heating your house for the whole day. Try cooking by gas.
