

Fulton Gains One More

REPRESENTATIVE GINN TRYING TO GET A RISE

But the Multnomah Trout Will Not Take His Fly

The Dark Horse Still in the Shade of the Deep, Deep Timber

Geer lost another vote today, and Fulton made a gain of one vote in the third ballot for United States senator. Representative Ginn, who has been voting for Geer today left the ex-governor and cast his ballot for the Clatsop county man. The vote resulted: Fulton, 27; Geer, 17; Wood, 17; scattering 21; absent, 3. There was no speech-making at today's joint session, save a few remarks by Representative Davey, who desired to correct an erroneous impression that he considered had been given out by La Follette yesterday, when that gentleman stated that he received the large vote in Marion county of any other candidate on the Republican ticket. President Brownell replied that it was his understanding that La Follette had said that he, La Follette, received the most vote for representative on the state ticket in Mr. Geer's home precinct. "I thank the presiding officer of the interest he takes in the matter, and I desire to be recorded as voting 'T. T. Geer,'" concluded Mr. Davey, at the incident closed.

STATE TO HAVE HOP INSPECTOR

Bill Introduced by La Follette

To Create Office at \$75 Per Month

To Be Paid \$5.00 by Parties in Controversy

Representative LaFollette, of this county, today introduced in the house a bill providing for the appointment of a state hop inspector, fixing his compensation and prescribing his duties. The bill was read once and passed to a second reading. The bill provides that a competent man be appointed state hop inspector by the governor, state treasurer and secretary of state, his term of office to be two years. The proposed inspector is to have an office at the state capitol during the months of September, October, November and December, and for his services is to receive a salary of \$75 per month for these four months, the salary to be paid out of the state funds, the same as are the salaries of the other state officers. The proposed law provides further that the assessor in each county, when making the assessment keep a record on specially prepared blanks of the acreage grown to hops, probable yield, name of the owner or renter of the yards, and other data. These blanks are to be forwarded to the secretary of state, to be delivered to the hop inspector.

It will be the duty of the inspector, as proposed by the bill, to officiate as an arbitrator as between buyer and grower when a dispute arises as to the quality of the product involved in the transaction, whether it be an outright sale, chattle mortgage or under contract. For such services, the inspector is to receive \$5 per day for the time actually employed, but this compensation must be paid equally by the grower and the dealer.

Regarding the quality of hops, the bill says: "The terms 'prime,' and 'choice,' are construed to mean such grades of hops as can be sold at the price of prime or choice in the hop market at the time set for the delivery of such hops in the contract."

The amount of tare to be deducted from each bale is reduced from 7 to 5 pounds, and bales are to range from 175 to 215 pounds in weight. Fines of from \$5 to \$50 are provided for the infraction of any of the provisions of the measure.

Denver, Jan. 22.—The Democratic members of the legislature are caucusing this morning to determine their course and end the senatorial squabble. It is reported Teller will withdraw.

The joint Democratic session proved a fizzle, through the absence of representatives, which broke the quorum. There will be no election today, but the Democrats will tomorrow throw out more Republicans senators, enough to insure an election, after which they will elect.

Guards have been placed in the house to resist the anticipated attempt of the Walcott men to capture the chamber. Shotguns have been taken into the chamber, and on every desk is a pair of revolvers. Thirty police in plain clothes are in the senate chamber. Soon after the Democratic caucus was called to order this morning, Teller appeared and said he would not withdraw, unless it became necessary to harmonize the party. The Democrats then went into joint session to ballot. The Republicans will probably hold a joint session tomorrow.

JOURNAL SUED FOR LIBEL

L. H. McMahan Wants Five Thousand

For Damages to Mrs. Gibson, His Client

Theory of Suit That Pleadings are Privileged

Papers were served this afternoon by L. H. McMahan, attorney for Mary F. Gibson, plaintiff, versus Hofer Brothers, publishers of the Daily Capital Journal, asking damages of \$5000 and costs for an alleged libelous publication, the same being an extract from the pleadings in the divorce suit of Gibson versus Gibson. The extract from the pleadings in the circuit court were not published in full, but merely disclosed the nature of the husband's answer to her complaint asking for a divorce, and is not more severe than is usual in such cases. The Gibson divorce suit attracted a great deal of attention, and was stubbornly contested by the lawyers on both sides, Mrs. Gibson securing her divorce.

Massachusetts Girl Goes to Tacoma

Story That 500 Men Want to Get Married

And Wants to Be One of the 500

Tacoma, Jan. 2.—Miss Lillian Whitaker arrived here today from Lawrence, Mass., in search of a husband. It seems that some sort of a story had been printed that at least 500 Washington bachelors wanted to get married, and the star-eyed divinity from Lawrence, Mass., swooped down on Tacoma. She claims to have the address of a number of Tacoma eligibles, furnished by the postmaster of that city. Some Tacoma man is liable to be married in the near future.
