EASTERN OREGON KICK

Bunchgrasser Who Rears and Bucks

Because That Section Has Been Ignored

Salem, Ore., Jan. 21. Ed. Journal. Has Eastern Oregon any rights, which Western Oregon is bound to respect? This question is pertinent, and I believe few people realize how much so.

STATE LAND AGENTS

J. W. Morrow, of Eastern Oregon, to Succeed Geer

Governor Chamberlain, late Monday afternoon, appointed Hon. J. W. Morrow, of Heppner, Morrow county, state land agent to succeed L. B. Geer, the present incumbent of that office.

Indorses Governor

Governor Chamberlain's message to the legislature is replete with suggestion and big with admonition. He urges his point with the art of the attorney, and supplements his arguments with copious citations.

The Salem charter bill should be carefully gone over in committee and made perfect, as there will no doubt be attempts to job it.

REMARKABLE SUCCESS

Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh.

In fact, wherever there is mucous membrane there is feeding ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucus secretions, without having the remotest effect upon the blood and liver which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time has met with remarkable success as a genuine, radical cure for catarrh. It may be found in any drug store sold under the name of Stuart's Catarrh Tablets, large pleasant tasting lozenges, composed principally of antiseptic ingredients.

Dr. Ainslee in speaking of the new catarrh cure says: "I have tried the new catarrh remedy, Stuart's Catarrh Tablets, upon thirty or forty patients with remarkably satisfactory results.

Political Hot Shot. (Albany Democrat.)

A bill for an extra judge in the third district calls to mind the fact that a good many people think we have too many judges in the district already.

The Democrat who votes for Mr Geer for United States senator might as well bury all his political ambitions.

Governor Geer has always lammed it to the Democrats worse than almost any man in Oregon, being of the ultra Republican calibre; and now for him to try to swing in on Democratic votes is decidedly humorous.

The Eugene Register nominates Binger Hermann for congressman. Come, let's have a new deal. Kicked out of the land department, perhaps unjustly, let's not kick him into congress again, but try some one else.

Judge Hewitt received one vote for United States senator. The present Republican legislature would do the proper thing if they would give him 46 votes.

Old Miner Disappears. The disappearance of an old miner named Wait in the mountains of Josephine county last week is the occasion of some concern to his acquaintances.

Some men can't be provided for in any other way, and so a new county or two will be created.

STATE PRISON POLITICS

The Durbin-Downing Factional Fight

To Control State Penitentiary Patronage Growing Warm

The contest of the superintendency of the penitentiary is certainly growing warm, and even a stranger could not be about the state house or hotel lobby any length of time without making this discovery.

The most serious official question now facing Governor Chamberlain is whether or not to burn his fingers with the political fire which is now raging in the Marion county Democracy over the appointment of a superintendent of the penitentiary.

Mr. Durbin is personally more widely known throughout the state than his opponent, and will probably bring a stronger and more numerous outside pressure in his behalf.

Mr. Downing on the other hand, has been a potent factor in Democratic politics for several years, and is a member of a strong, influential family.

Some efforts are said to have been made recently to settle the difficulties which are known to exist and to relieve Governor Chamberlain of the disagreeable alternative which is facing him.

The critical circumstances of the situation for Governor Chamberlain can be easily recognized and the prediction is freely made that the logical consequence of a persistence of the opposition of the two factions will be the selection of a superintendent from some other part of the state.
