SMASHED SALOON WINDOWS

A Worthy Follower of Carrie Nation

Mrs. Blanche Boies a Regular Kansas Cyclone

Does Damage Estimated at Least \$10,000

Topeka, Feb. 14.—Mrs. Blanche Boies, a street preacher, from Howard, Kansas, a former associate of Carrie Nation, ran amuck this morning, and smashed the windows in six saloons. She was arrested.

Mrs. Blanche Boies is the woman who achieved notoriety some time ago by horsewhipping Mayor Parker. The damage to plate glass amounts to nearly \$10,000. Three leading hotels are included in the smashing. It develops that five other temperance advocates agreed to join the raid, which was to start simultaneously in different sections of the city. The others weakened.

JURIES GIVE DAMAGES

In Two Cases in the Circuit Court

The juries in two road cases in the circuit court yesterday afternoon returned verdicts for damages for the appealing parties, the cases being taken to the circuit court from the county court, where the parties had been unable to effect a satisfactory settlement with the court as to the amount of damages resulting from the establishing of new roads. S. A. McCall, who was allowed nothing in the lower court, gets a verdict for \$380 damages and Hofer & Zorn were given damages in the sum of \$100. The jurors have been excused from further service until Monday. Several demurrers and motions in pending cases were heard by the court today.

WENT DOWN IN THE WHIRLPOOL

Loss of the Steamer Streckler in the Green River Rapids

Many Passengers Narrowly Escape With Their Lives—Thrilling Experience of a Rochester Girl—The Story of the Rescue

The captain of the steamer George Steckler which went down during a blizzard, in a whirlpool of the Green river, had navigated the rapids for over twenty years previous to the fatal trip. The accident occurred soon after the passengers had breakfasted and many of them were on deck watching the troubled waters. Among them was Miss G. E. Redfern, of No. 98 Ambrose street, Rochester, N. Y., and her account of the incident and of her thrilling rescue gives the best story of the passenger's fierce struggle for life.

"When the boat sunk," says Miss Redfern, "some of the men jumped into the water and swam for shore. Others were clinging to floating bales of goods and those were rescued by men in a long boat. I was caught on a projection of the steamer and went down with her. One of the crew dived and brought me to the surface when somebody threw a life preserver over my head. A young man helped me on a bale of wool which floated past and so I reached the shore."

At the time of the accident Miss Redfern was returning to Rochester from Kentucky but owing to the shock of the accident, she returned home in an alarming state of health.

"I was covered with ice," she said "when they brought me ashore, I was black and blue from my bruises and my relatives said they did not think I would live. But for a long time, until I took Dr. Williams' Pink Pills for Pale People, my nervous system was a wreck. Doctors had not helped me and I was very miserable. My health ran down to an alarming degree. I was weak, grew thin and was extremely nervous and irritable. But Dr. Williams' Pink Pills changed all this. In a short time after beginning with them I felt better and, after using a few boxes more, I felt like my old self again. I have recommended this remedy to all my friends and acquaintances and know it has accomplished much good."

The accident which befel Miss Redfern was not of the kind which falls to the lot of most people but the results that followed were the same, in kind, as the many nervous troubles with which thousands of people are afflicted. Only in her case they were unusually severe. Her nervous system was wrecked and no medicine did her any good until she tried Dr. Williams' Pink Pills for Pale People. They cured her.

These pills have become famous all over the world for their wonderful efficacy in cases of this kind. They have cured when the trouble was as severe as Miss Redfern's and they cure lesser nervous disorders without fail. Acting directly on the nerves and blood, they are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box, or six boxes for two dollars and fifty cents, by addressing Dr. Williams Medicine Company, Schenectady, N. Y.

SHELLEY WAREHOUSE BILL

Has Passed Both Houses and Goes to Governor

Representative Shelley's bill, requiring warehousemen or grain dealers to furnish bonds in sums ranging from \$1000 to \$25,000, has passed both houses of the state legislature, and now awaits the signature of the governor. Efforts have been made at several preceding sessions to secure the enactment of a similar law, but the attempts have always been defeated. The frequency with which irregularities in the management of warehouses in recent years have been disclosed has done a great deal to bring about the favorable consideration of this measure at this time.

Without any extended discussion, the bill by Senator Pierce to declare the Associated Press a common carrier, was indefinitely postponed in the Senate Friday.

A Kiss in the Dark. Today I asked of Madge, the winsome sprite. To whom I'm pledged by grace of love's old story. "Were you not rather startled when, last night, I caught you in the dark conservatory. And kissed you?" The effect of her reply I'll leave for you to guess, then draw the curtain. "Well, we just started," came her answer shy. "I thought 'twas you—but wasn't certain!" —Brooklyn Life.

Haunting Verse. "I wouldn't care if that poet would bring in a hundred poems a day," said the country editor. "He knows how to write 'em, does he?" asked the office boy. "He certainly does," replied the editor. "He brings them in written on shingles." —Indianapolis Sun.

Patent Leather Polish. A highly recommended polish for patent leather is made by taking a quantity of a pound of sugar, half an ounce of gum arabic and a pound of ivory black and boiling the ingredients until thoroughly blended. When cold, the polish is ready for use.
