#### The American Flag at St. Thomas.

The following letter will interest the children when the meaning of the flag is under discussion. It was published in the Chicago American:

"To the Editor: Yesterday being Christmas, we were given liberty in this port (Charlotte Amalia), and five of us having occasion to stop in a little shack or shanty to buy a few articles, upon entering the place we noticed that there were two small American flags (which were worth about 2 cents apiece). Immediately a united instinct came to us to buy the flags. We asked the owner of the place, who happened to be an old colored woman, how much she wanted for the flags. Her answer was that the flags were not for sale. Then we offered her 20 cents and were refused. Then we offered 40 cents and were refused. Then we offered \$1, and up to \$1.50, when she told us that Old Glory was not for sale. Then we gave three cheers, and all three in and gave her about \$5. How is that for patriotism for a native under the Danish flag, and she is not the only one out of the nine hundred inhabitants of St. Thomas that are anxious to stick to Old Glory. Hoping that this will be published as an example of patriotism in a foreign port, we are, Yours respectfully, Blue Jackets of the U. S. F. S. Illinois, St. Thomas, D. W. I."

#### Trains Are Snowbound.

St. Johns, N. B., Feb. 21.—Dog teams carrying food and fuel left this morning for the interior, to where two trains, with more than 100 passengers aboard, are snowed in. The snow has been falling for seven days, and has drifted to a depth of 30 feet in some places. The government has called on the railroads to aid in rescuing the passengers.

**Old Age IS MADE Vigorous**  
BY THE USE OF  
**Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY.**

"I suffered for six years with constipation and indigestion, during which time I employed several physicians, but they could not reach my case," writes Mr. G. Woodwell, of Eureka Springs, Carroll Co., Ark. "I felt that there was no help for me, could not retain food on my stomach; had vertigo and would fall headless to the floor. Two years ago I came across taking Dr. Pierce's Golden Medical Discovery and little 'Pellies,' and improved from the start. After taking twelve bottles of the 'Discovery' I was able to do light work, and have been improving ever since. I am now in good health for one of my age—60 years. I owe it all to Doctor Pierce's medicine."

**Matrimonial Bureau a Necessity.**  
"There should be a law enacted by congress providing for the creation and maintenance of a government matrimonial bureau," remarked a conservative business man. "It is, in my opinion, one of the necessities of our country. Many men and women are living lives of misery and loneliness when they could be made happy through marriage. Different reasons are assigned by old maids and bachelors for their lives of single cursedness which many lead, but as a rule family troubles, bashfulness or other causes contribute to make up their unhappy careers. If we had some systematic, well arranged and properly conducted matrimonial agency under the care of the government there would be a world of good accomplished in every section of our country. The evidences of lack of proper training among the young people are witnessed every day. No one can deny that our methods of courtship and marriage are primitive and unsystematic. Marriage is a lottery. The gilding glamor of money and fashion covers a multitude of sins and imperfections brought out only after marriage. The system would be changed, or at least arranged to that those requiring assistance could get responsible parties to intercede in their behalf. I believe the country demands the change."

## OIL DRILLER'S PAINFUL MISHAP

### Woman Rescues Him From Almost Certain Death

The Man Suddenly Became Almost Totally Paralyzed and Was Unable to Move Hand or Foot

Lee F. Cypher, an oil-well driller, living at Sistersville, Tyler county, W. Va., was the victim of a terrible mishap which caused a total paralysis of his legs, arms, face and throat. It was Dr. William's Pink Pills for Pale People which cured him and enabled him to resume his work.

"I might almost as well have been totally paralyzed," he says, "for I was unable to move and could swallow only with the greatest difficulty. It was in February, 1899, after a severe attack of grip, that I first noticed a numbness in my hands and feet. It grew worse and I put myself under a physician's care but, instead of getting better, it grew worse till I could not walk and was obliged to take to my bed. I was perfectly helpless and on account of the paralysis of my throat, hardly able to take enough nourishment to sustain life. Nothing helped me and the outlook was dismal."

"But a Mrs. Smith of this place, who had been cured of locomotor ataxia by Dr. Williams' Pink Pills, recommended them to me and I began to take them. In a short time I could see they were helping me and I continued taking them till they cured me and I was able to return to work. Dr. Williams' Pink Pills drove every trace of the paralysis out of my system."

The cure of Mr. Cypher is additional proof that Dr. Williams' Pink Pills are not an ordinary medicine. They are wonderful in their potency in nervous troubles, small or great, and as they are on sale in every drug store throughout the country they are within reach of all. Because they cured such a severe nervous disorder as that of Mr. Cypher proves the power of the remedy in lesser troubles, such as sciatica, neuralgia, nervous headache, St. Vitus dance and nervous debility.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box or six boxes for two dollars and a half, by addressing Dr. Williams Medicine Company, Schenectady, N. Y.

## TWENTY YEARS TRIAL.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from over work, dissipation, of exposure, causing weak and watery blood, and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the food into rich red blood, making strong steady nerves, and increasing the strength, building up solid flesh at the rate of 1 to 3 lbs per week. This means health. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures; as we have been doing this for twenty years we know our method to be the right one. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75c per box, or 3 boxes for \$2, or sent by mail on receipt of price. Write us for a pamphlet telling all about this great medicine. Address Dr. Bosanko Co., Philadelphia, Pa. For sale at Dr. Stone's Drug Stores. 1

## The Poetry of the Orange.

It appeals to you when the fruit hangs ripe and sweet on the tree late in February, or early in March. Then the blossoms break out, and the trees are yellow with golden globes, and white with orange flowers. It may be that a flurry of snow has whitened the mountain tops, and then you have an artistic background for a tropical forest. The air is full of sunshine, and heavy with fragrance as night comes on, and then, if the moon be shining, you may hear at midnight through the open windows, the song of the mocking bird in the scented grove, and it never seemed so melodious before.

An experience like this is possible any winter, and it is worth a journey of a thousand miles, while you can have it, by taking the scenic Shasta Route through the great and picturesque Siskiyou and Shasta Mountains to Southern California. Complete information about the trip and descriptive matter, telling about California, may be had from any Southern Pacific agent or W. E. COMAN, Gen. Pass Agent, S. P. Co.
