A SCIENTIFIC DISCOVERY.
Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol does the work of the stomach, relaxing the nerves, supplies the natural juices of digestion and nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. F. G. Hass, 96 State Street.

LAST GRABS AT GRAFTS

The Usual Final Efforts at Looting

Defeated By Kay and the Marion Delegation

With unceasing regularity, the usual resolutions providing for nearly double pay for the subordinate officers and committee clerks of the house were ushered in again last night, and an effort made to rush them through, but the attempt failed, in part at least. The fact that it did this time may be placed to the credit of Kay, of Marion, whose bulldog tenacity in guarding the treasury did not relax until the moment of final adjournment.

One resolution granting the clerks on the enrolled bills and engrossed bills committees pay for 12 hours per day, or 1½ days for each day served, passed with practically no opposition. Then a resolution was offered providing that the desk clerks of the house be allowed pay for 12 hours, or 1½ day's pay for each day of the session. Kay moved to lay the resolution on the table, but the motion was defeated. He then took the floor in opposition, "I sincerely hope that at the last moment of this session, that the house will not entirely forget itself, and recklessly plunge into extravagance in the matter of compensating our officers and clerks. When these positions were filled, there were many applicants for the places, which paid salaries of from $4 to $8 per day. We passed a resolution only yesterday allowing the desk clerks of the house 1½ day's work for each day that night sessions have been held, and, in addition to this, for the first weeks of the session the house was not working more than five days in the week, and these clerks are paid for seven days per week, or for 30 days in the month. By adopting this resolution these clerks will be allowed wages ranging from $7 to $12 per day, which is too much."

The adoption of the resolution was defeated by a vote of 14 to 35, 11 absent. Those favoring the resolution were: Bailey, Banks, Burgess, Burleigh, Cantrall, Cornett, Dannemann, Hawkins, Hermann, Malarkey, Riddle and Test.

Twice

Pronounced Dead—Heart Trouble.

Doctor Finally Told Me to Take

Dr. Miles' Heart Cure—It Cured Me.

Dr. Miles' Heart Cure cures heart disease by removing the cause. It strengthens the weakened heart nerves; it regulates the heart's action; it enriches the blood, improves the circulation and replaces sickness with health, weakness with strength, misery with happiness. Do not delay treatment. If your heart flutters, palpitates, skips beats, pains, if slight exertion causes shortness of breath, your heart is weak and you should at once begin the use of Dr. Miles' Heart Cure.

"Dr. Miles' Heart Cure has been of inestimable value to me and I doubt if I should have tried it at all but for others statements of its beneficial results. I suffered from valvular heart trouble for a number of years, was given up to die on several occasions, and twice pronounced 'gone.' In September, 1896, the date of my last severe attack, my physician advised me that there was no hope. The valves did not close at all, there was constant regurgitation, and the circulation was so sluggish that the slightest effort caused fainting, followed by muscular contractions, each one seeming the very throbs of death. I began taking Dr. Miles' Heart Cure under my doctor's care and when the first bottle was gone I was ordered to buy a half-dozen more. The effect of the seven bottles was something remarkable. I am now restored to a condition of good health and bid fair to enjoy many years of life."—MRS. A. A. STOWE, Los Angeles, Cal.

A DAILY NUISANCE

A Simple Remedy Which Will Interest Catarrh Sufferers

In its earlier stages catarrh is more of a nuisance than a menace to the general health, but sooner or later, the disease extends to the throat bronchial tubes and even to the stomach and intestines.

Catarrh is essentially a disease of the mucous membrane, the local symptoms being a profuse discharge of mucous, stoppage of the nostrils, irritation in throat, causing coughing, sneezing, gagging and frequent clearing of the throat and head.

The usual treatment, by local douches, snuffs, salves, etc., often gives temporary relief, but anything like a cure can only be obtained by a treatment which removes the catarrhal taint from the blood and the disappearance of the inflammation from the mucous surfaces.

A new remedy which meets these requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can hardly be called a secret patent medicine as they are composed of such valuable remedies as Blood root, Hydrastin, Red gum and similar cleansing antiseptics, which cure by eliminating from the blood and mucous surfaces the catarrhal poison.

Stuart's Catarrh Tablets are large pleasant tasting lozenges taken internally, allowing them to dissolve slowly in the mouth, in this way they reach the throat, fauces and the entire alimentary canal.

If desired, they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to use a douche a few of them dissolved in the mouth daily will be sufficient. However, when there is much stoppage of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally of these tablets will cure the whole catarrh trouble without resorting to the inconvenience of a douche.

Dr. Bement states "that the internal treatment for catarrh is rapidly taking the place of the old plan of douching and local application and further says that probably the best and certainly the safest remedy at present on the market is Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for catarrh are contained in this Tablet."

Druggists sell Stuart's Catarrh Tablets at fifty cents for full sized packages. Ask your druggist and if he is honest he will tell you there is no safer, more palatable, more efficient and convenient remedy on the market. 2-17-19-21.

UNCONSCIOUS FROM CROUP.
During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easily and speedily recovered. It cures Coughs, Colds, La Grippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. F. G. Hass, 96 State Street.

Historic Buildings at World's Fair.

It seems likely that one of the features of the Louisiana Purchase exposition at St. Louis in 1904 will be a unique collection of historic buildings which will greatly add to the attractiveness of the fair.

The suggestion is under consideration that the Moore house, in Yorktown, Va., where the articles of capitulation for Cornwallis' surrender to Washington were drawn up, be taken down, shipped to St. Louis and reconstructed on the fair grounds. Another suggestion is that the ancestral home of the Washington family in England be treated in a similar manner. Both buildings, of course, would be of great historic interest to the millions of visitors to the fair.

St. Louis itself has some buildings which might well be utilized for the purpose of the fair. One of these is the Fremont mansion, from which the first emancipation proclamation of the civil war era emanated. This was issued by Fremont on Aug. 31, 1861, when he was commander of the western department of the Union armies, with his headquarters in St. Louis, and covered the slaves owned by men in the Confederate service in that region. This was the proclamation which Lincoln annulled. The building in question is about to be torn down to give place to a box factory, and unless the world's fair officials do something about it it will be destroyed altogether.
