The Executive Mansion. The value of wire-pulling was observed yesterday in the reconsideration and passage of the bill providing for the purchase by the state of an old house 30 or 40 years old for an executive mansion at \$15,000.—Albany Democrat.

The above is a sample of the unfair talk that is indulged in by some newspapers always ready to jump on to Salem enterprise. The information given by the Democrat is as far from true as possible, except as to the first part.

The Greater Salem Commercial Club deserves great credit for its success in getting the legislature to do something to furnish the governor a home at the state capital. The historic E. N. Cooke mansion is worthy to be a governor's home, and could not shelter a more popular or deserving executive than Geo. E. Chamberlain has proven himself to be.

The Commercial Club took the matter of an executive mansion when there was nothing but indifference or sentiment against it, and its success, under all the circumstances, shows the value of maintaining such an organization in a live city like Salem.

Without that organization the accomplishment of this enterprise would have been impossible and our citizens are to be congratulated on having such an efficient organization in their midst. Long may the Commercial Club flourish and may all its laudable undertakings prove successful.

Mrs. Cherrington Dead. Anna, wife of T. J. Cherrington, formerly of this city, died at the family home in Dallas at 2 o'clock this morning, of consumption. The maiden name of the deceased was Anna Bower, and she became the wife of Mr. Cherrington about six years ago, and removed to Dallas, where her surviving husband is engaged in the photograph business. The deceased was well known in this community, where she resided previous to her marriage. Her many acquaintances are grieved to learn of her death, and extend sympathy to the bereaved husband. The funeral party will leave Dallas at 10 o'clock Sunday morning, and burial will take place in the I. O. O. F. cemetery, in this city, after brief services conducted at the graveside. It is expected that the party will reach this city from Dallas about 2:30 o'clock.

New Bridge Building. Royal & Sons have begun building the new bridge across Mill creek, on Twelfth street. The first piles were driven this morning, under the supervision of Street Commissioner Griswold, who saw that they penetrated the earth to a distance of 7 1/2 feet. It is the purpose of the council and Mr. Griswold to see that the city has at least one bridge that will not be washed away by the first rain storm that may arrive.

Our Congressman Presides. Washington, Feb. 21.—When the house met today Speaker Henderson appointed Moody, of Oregon, to preside over tomorrow's session, when eulogies will be delivered on the lives of Tugue, of Oregon; Valrangle, of Iowa, and Moody, of North Carolina.

THIRTEEN DOCTORS FAILED. Mrs. M. A. Close, of Nebraska, Was Cured of Incipient Consumption After All Medical Aid Had Failed--Read Her Letter.

MRS. M. A. CLOSE.

Dear Doctor--I desire to express to you my sincere thanks for the interest you have shown in my case, and for the timely aid and advice which has effected a cure of as bad a case of consumption as could be well imagined. 'Peruna and Manalin have done what thirteen of the best physicians in the country have failed to do. For more than three years I doctored for consumption, and spent thirteen weeks in a Pulmonary Sanitarium at Milwaukee, Wis.; but finding myself growing worse, as a last resort, I came West where I was bedfast for many weeks, and the physicians which my husband called gave no hope but said, 'She cannot possibly live more than a few days.' But thanks to Peruna, I fooled them all. In an incredibly short time after I began to take Peruna the hemorrhages stopped. I began to mend slowly at first, but the improvement became more marked, and now I can truthfully say that there is not the slightest trace of my old complaint. 'I would have written you a long time ago, but have purposely waited to see if the effect was lasting; and in conclusion I would say, God bless you and keep you with us that you may go on with your work of mercy for many years to come.'--MRS. M. A. CLOSE. P. S.--'I am going to visit friends in Wisconsin who never expected to see me alive again, so please forward mail to me at 579 Pacific street, Appleton, Wis.'--M. A. C.

FOUND HERSELF GROWING WORSE.

It is rumored in London that Lord Curzon will be recalled from India, and that he will be succeeded by Mr. Broderick, now minister of war.

Coal oil has been discovered in Ireland, and that, too, in the heart of the city of Dublin.

There was a great scene of enthusiasm at the Buffalo Bill show this afternoon, when over 3000 boys from the London schools attended the performance, carrying little American and British flags.

Mr. Richie, chancellor of the exchequer, informed a deputation of coal miners today that there was at present no chance of the abolition of or a reduction in the tax on exported coal.

A dispatch received from Tangier, Morocco, says it is persistently reported there that El Menhli, the minister of war, was killed in battle, February 12th.

AN OLD COLD Is Catarrh, and Catarrh Leads to Consumption.

The tendency of catarrh of the head is to pass downward through the bronchial tubes to the lungs. Any one who has had catarrh of the head for a year or more finds the disease gradually progressing downward. In some cases the progress is rapid, and in other cases it is slow; but sooner or later if catarrh is allowed to run, it will go to the lungs and set up the disease known as consumption. It is doubtful if consumption is ever caused by anything except catarrh.

The catarrh usually begins as a cold in the head or throat, and is neglected until it becomes chronic; then it begins to dawn on the victim that he has catarrh. Unless he is very foolish indeed he will not rest easy until the catarrh is entirely cured. Thousands pay no attention to it until it is too late.

Mrs. J. Priest, Lee, Mich., writes: 'I think there is no medicine on earth that excels Peruna. My husband won't take any other. We have tested it and it worked a great change in my son's health last spring when we thought he was going into consumption. We gave him only one bottle and he was all right. I tell everybody about how much good it has done us. My husband says he can't do without it. As for myself it saved me seven years ago from going blind. I could not see to read one word for six weeks. I thought I should surely lose my sight. I commenced taking Peruna and by the time I had taken one bottle I could see to read as well as ever. We think it is a grand medicine.'--Mrs. J. Priest.

Use as Much as Needed. If Peruna is used a cold never becomes chronic, and hence catarrh is prevented. But after catarrh has become thoroughly established Peruna will cure it, but it will take much longer. Even in cases where catarrh has attacked the lungs and the symptoms of consumption have shown themselves, the Peruna will cure. A great many cases of genuine consumption have been cured with Peruna after the patient has been given up to die, as in the case of Mrs. Close.

Miss Corinna Gilmore, 199 Vance St., Memphis, Tenn., uses Peruna for colds and catarrh.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
