Willamette University

A second girls' basket ball team was organized at the gymnasium yesterday evening. Arrangements have been made to bring the Dallas girls' team over with the men's team Friday night, and play a double game. The girls will play Willamette's second team, and the boys will contest for the state intercollegiate championship. The members and positions of the second team are as follows: Forwards, Jennie Coyle, captain, Alice Shepard; center, Luella Holmstrom; guards, Beanie Stowell, Gertrude Gray.

President Coleman returned yesterday afternoon from a business trip to Portland. He is working hard for the financial interests, and indications are that the debt of the University will soon be lifted.

The annual intercollegiate debate with Pacific University is near at hand. This will be the sixth annual contest held between the two colleges. Pacific University has submitted the following question to Willamette: "Resolved, That strikes in the United States should be settled by compulsory arbitration." There will be a large number of contestants for the debating team here. The debate was won by Pacific last year, and the W. U. team was composed of Sam Steward, H. W. Swafford and Walter Keyes.

The local wrestling contest to decide the W. U. wrestling team, will be held at the gymnasium tonight. The contest is practically new at W. U., but a large number of good wrestlers have been developed this year by Physical Director N. D. Moser. The style of wrestling is catch-as-catch-can, and the contest will be according to A. A. U. rules. Everybody invited. Admission free.

LOWER DECISION REVERSED

Supreme Court Makes a Ruling

Anyone May Fish in Ocean or Tidewaters

The supreme court of California has reversed the judgment of the lower court awarding \$14,000 to the Pacific Steam Whaling Company as damages for losses suffered through the acts of the Alaska Packers' Association. The vessels of both companies were sent to Alaska in 1897 for the purpose of fishing in the vicinity of the mouth of the Kaniuk river. The whaling company's people, however, were prevented from fishing by their rivals, and a suit for \$100,000 damage was instituted.

The Packers' Association held that as its vessels had fished in the disputed neighborhood for several years, it alone had the right to continue operations. The jury in the trial court rendered a verdict of \$14,000 damages in favor of the whaling company. The superior judge who heard the case was indefinite in his rulings in regard to the difference between punitive and actual damages, and the supreme court reversed the decision for that reason.

It is held that everyone has equal rights to fish in the waters of the ocean or on tidelands, contrary to the contention of the Alaska Packers' Association.

Trial Trip Of Heather

Astoria, Feb. 17.—The final trial trip of the new lighthouse tender Heather was made yesterday and it proved to be more than anticipated and her acceptance by the department is assured. She accomplished the test required by unofficial investigation and when it is officially made it is sure to come above the requirements. The trip yesterday morning was a run out around the lightship and return, but was not a speed test, but the vessel was required to develop 750 H. P. with 100 pounds pressure of steam although she is allowed to carry 127 pounds. During a run of an hour this morning she developed 840 H. P. and logged 12 1/2 knots an hour and at times made 14 knots or over. During the trip she had a race with the bar tug Tatoosh and beat her by a good margin and the Tatoosh is considered to be nearly a 13 knot boat. This afternoon the crew of the Manzanita was transferred to the Heather and she went to the Tongue point buoy station to take on gear and supplies. She will be engaged in having this done for probably a couple of weeks, after which she will betaken to Portland where an electric light plant will be installed and otherwise fitted for service.

To Make A Big Dam

Great Falls, Mont., March 18.—The Great Falls land office has received orders to withdraw from entry all lands which the government proposes to use as a reservoir for what will probably be the first work by the government under the new irrigation law.

The government engineers have located a site for a dam which will be 65 feet high and about two miles long. The reservoir will cover a district about twenty miles long by eight miles wide, a space so great that it will take the entire flow of Milk and Beaver rivers two years to fill it.

The construction of the dam and reservoir will make necessary the abandonment of twenty-seven miles of track on the Great Northern between Malta and Saen, which now runs through the proposed reservoir and will be under ten feet of water when the reservoir is completed.

TO GET A TILE FACTORY

Independence Pulls for Sawmill

(Special to The Journal.)

Independence, March 18.—At a meeting of the Independence Improvement League parties stated that there would probably be a tile factory operating in Independence for the export trade, which would have contracts to supply from five to eight cars of tile monthly. The matter was taken up and the matter of a site discussed.

It was reported that two sites had been secured for a proposed sawmill to be located here. The plant is to cut about 50,000 feet daily. There is no question but that the mill will be located on one of the two sites.

Rev. J. R. Baldwin's funeral was held in Independence Tuesday. There was a large attendance. Rev. Baldwin was one of our most highly respected citizens, and the state loses an excellent man, a good minister, and the Masonic fraternity loses an exemplary Mason. He has lived in Independence a number of years, acted as minister at different occasions had extensive business interests surrounding here, and leaves behind him a host of friends. He just recently purchased a fine residence here in Independence, and was preparing to move into town from his country home. The funeral services were held from the Baptist church here, and the interment was made in the Odd Fellows' cemetery, about four miles south of town.

Suit Against Chinaman

The Bank of Woodburn, by its attorney, G. G. Bingham, of this city, has brought an action in the circuit court against Jim Tong, a Chinaman, to recover various sums, aggregating about \$1000, representing the balance due on a number of promissory notes. Property in Woodburn belonging to the defendant, was attached by Sheriff Colbath this afternoon.

PLAIN FARMER SQUAWKS

Says He Will Shoot All Trespassing Canines

Ed. Journal: I have been annoyed for two weeks by the occasional appearance of a troop of dogs that come onto my place, and frequently run my sheep and stock. The whole trouble is caused by people who keep female dogs, and do not restrain them from running at large, as the law requires, when they are in heat. A band of dogs will do great mischief, and are at such times very vicious and liable to kill calves, sheep, pigs and chickens, and the cause of such damage should be held legally liable. Too many people keep dogs that run on other people's premises. I propose to shoot all such trespassing animals, as there is no other way to keep my sheep peacefully on my own premises, which is certainly my right, if I have any rights over my own premises.

TWENTY YEARS TRIAL.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from over work, dissipation, of exposure, causing weak and watery blood, and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the food into rich red blood, making strong steady nerves, and increasing the strength, building up solid flesh at the rate of 1 to 3 lbs per week. This means health. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures; as we have been doing this for twenty years we know our method to be the right one. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75c per box, or 3 boxes for \$2.00 sent by mail on receipt of price. Write us for a pamphlet telling all about this great medicine. Address Dr. Rosanko Co., Philadelphia, Pa. For sale at Dr. Stone's Drug Stores.

MRS. M. BECK.

Local Events in the Social Realm

Wedding Anniversary.

On Tuesday evening, March 17th, Mr. and Mrs. T. Holverson were pleasantly reminded of the 31st anniversary of their wedding. Mrs. Holverson had planned a surprise for her husband, and the plan worked admirably. About a score of the friends of Mr. and Mrs. Holverson assembled at the home of Mr. and Mrs. G. J. Pearce, of course, by previous arrangement, and then proceeded to the Holverson home, where Mr. Holverson was taken quite thoroughly by surprise. Whist was played, and at a late hour a lunch was served. Subsequently the marriage ceremony was repeated, Mrs. Alice H. Dodge serving acceptably in the capacity of the officiating minister. The service was provocative of much mirth. Mr. Holverson was appropriately costumed for the event, while the bride of 31 years ago also appeared to splendid advantage in a gown of white, with a flowing veil, that had been improvised for the occasion.

The event was a very pleasant one, and the company did not finally disperse until the hours had progressed well along toward morning. Generous were the guests in wishing for the host and hostess many happy returns of the anniversary which was so delightfully celebrated. Those forming the party were: Mr. and Mrs. T. Holverson, Mr. and Mrs. J. J. Murphy, Mr. and Mrs. J. A. Morrison, Mr. and Mrs. G. J. Pearce, Dr. and Mrs. W. B.

Morse, Mr. and Mrs. R. B. Fleming, Mr. and Mrs. P. H. Sroat, Miss George Giltner, Miss Elizabeth Holverson, Misses Helen and Dorothy Pearce, B. F. Giltner and H. J. Bigger.

In Honor of St. Patrick.

The ladies of Viola Lodge, Degree of Honor, remembered St. Patrick Tuesday evening by giving a very enjoyable dancing party in Tioga hall. There were about 50 couples present, and the splendid music by Ristine's orchestra was enjoyed. The members of this organization are successful entertainers, and the affair last night was by no means an exception.
