SERIOUS STRIKE IN ROME

All Trains Have Been Tied Up

Troops Call out and Fire on Rioters

Tourists are Getting out as Fast as Possible

Rome, April 8.—Notwithstanding the fact that a general strike is ordered for today, many shops are open and doing business. Public conveyances have been idle all the forenoon, a few trams being worked by the municipal guards this afternoon. The food question may become serious. There is a general exodus of foreign tourists today, and wealthy residents are leaving the city. Ten additional battalions of artillery have been ordered to report for duty, in anticipation of trouble tonight.

The strike took on a more serious aspect as the day advanced. The strikers attempted to cut off the city gas and water supply, and to stop work at the electric light plants. Soldiers in one portion of the city were compelled to fire, and several rioters are reported wounded. The King, who is at his shooting box, has been advised not to return to the city until the disturbance is over.

Tillman Trial Postponed.
Cambria, April 8.—The trial of Tillman, for the murder of Gonzales, has been continued until the next term of court. The defense claimed the absence of its witnesses.

Massacred At Okhrida

Vienna, April 8.—A dispatch from Mitrovitz this afternoon says the Sultan's special Albanian mission, at conference with the Albanian leaders, has arrived at an agreement, which will secure peace there for the present. The report published at Sofia that the massacre of Christians at Okhrida is confirmed, is disbelieved here.

Absorb The Embalming Fluid Peculiar to Tar Flat

Tackle The Toughs And Have a Glorious Time

San Francisco, April 8.—Forty infantrymen from the Presidio loaded up on Pacific street whiskey this morning, and ran amuck with the women who frequent the district. The women called their men friends, and it took 20 policemen to separate the combatants. No shots were fired, but the 15 soldiers in custody look as though they had been through the Donkeybrook fair. The balance got away.

To Visit America.
Berlin, April 8.—General Field Marshal Count Von Waldersee was the recipient today of many congratulations on the occasion of his 71st birthday. The Count and his American born wife are busily engaged in preparations for a trip to the United States, their departure being set for an early date. The Countess is delighted at the prospect of seeing her native country again, and intends to show her husband the United States from the Atlantic to the Pacific, making an extensive trip through almost every state in the union.

Two Pinkerton Men are Placed in Jail

Columbus, April 8.—The local brewery workmen's strike opened this morning with a riot. An attempt was made to keep a carload of non-unionists from Pittsburg from going to work. Three strikers were badly beaten, and two Pinkerton guards were arrested and jailed on a charge of assault. Forty policemen were detailed to escort the wagons distributing beer.

King Christian is 85.
Copenhagen, April 8.—Everywhere throughout the 15,000 square miles of the kingdom of Denmark flags were flying today and there was feasting and rejoicing in celebration of the 85th birthday of King Christian. While the masses are frankly opposed to the King's policy of political conservatism—the most recent illustration of their opposition was the election of a radical socialist as burgomaster of this city—they entertain for the King personally a genuine affection and spirit of loyalty that never fails to manifest itself on the occasion of his birthday.

The streets of the capital were crowded today and in the square fronting the Amalienborg palace several thousand people constantly cheered the King, who, in response

appeared on the balcony with his daughters. Extensive celebrations were held also throughout Denmark. They included military parades and feasting.

The King, who is in quite good health, was made happy by the presence of Emperor William of Germany and the various members of the King's family, including Queen Alexandra of England and the Dowager Czarina of Russia. In fact, no fewer than 60 members of the Danish royal family were present at the palace for the occasion and took part in the gayeties, which included a reception at noon by the King, a family dinner and in the evening an entertainment, with a concert by the singers of the Royal Theatre. His Majesty was the recipient of gifts and messages of congratulation from most of the royal personages of Europe.

Ten Thousand Idle in Amsterdam Alone, Poorer Classes Already Suffering

Amsterdam, April 8.—It was decided this afternoon to call a general strike of all the trades in Holland.

The government has called upon the marines of the country to mobilize within 24 hours. Three warships at Don Heider are ordered to be in readiness. There are 10,000 idle in Amsterdam alone. No flour is being delivered, and the condition of the poorer classes promises to be serious.

Amsterdam, April 8.—A motion was made in the Chambers today to adjourn for the consideration and discussion of the government anti-strike law, and was rejected by an overwhelming majority. The municipal employes are now considering whether or not to join the strikers.

Rotterdam, Holland, April 8.—International trains are today running on regular schedule, and there is a slight increase in the number of local trains. The strikers are losing ground.
