#### Miss Stone's Lecture.

Miss Ellen M. Stone, of the Macedonian missionary, entertained a large audience at the Grand Opera House last night. It was a most interesting and graphic story of hardships while a captive of the brigands.

The lecture was given under the auspices of the First Congregational church, of this city, in the cause of foreign missions, and the church deserves much credit for the success of the venture.

### JEFFERSON PIONEER IS DEAD

#### Wm. Hale Crossed the Great Divide a Second Time

Wm. Hale a pioneer of Marion county, died at Jefferson, Sunday, April 19th, where he has made his home for ten years past. He was aged 67 years, 3 months and 14 days.  
He was a native of Clark county, Indiana, coming to Oregon in 1852, via ox team, and located on a farm in Linn county, across the river from Jefferson, which he still owns.  
He leaves a wife and four children living, Thomas W. Hale, Mrs. Leona Miller and Mrs. Myrtle Zimmerman, of Jefferson, and Mrs. John Siegmund, of Salem.  
The funeral was held at the family burial ground, near his farm home, on Monday, at 2 p. m., and was largely attended. Services were conducted by Rev. Culver, of the Evangelical church.  
Deceased was not a member of any church or lodge. He was married in 1857 to Miss Rachael Alphin, of a Linn county pioneer family. He was a man beloved by all who knew him.

### Senator Files Bonds

Jefferson City, April 21.—State Senator Frank Farris this morning gave a bond of \$3000 pending his appearance at the July term of the Cole county court.

### RIVER STEAMER SCHEME

#### Plan Ready for Independent Boat

#### Commerical Club Reports on River Front

The Greater Salem Commercial Club will hear a report, accompanied by government maps on the condition of the water front, at the regular meeting Wednesday evening.

#### Independent Salem Steamer.

C. S. Hamilton, of the Commercial Club committee, has been working for some time to get a practical proposition for an independent steamer to make trips from Salem to points on the river, and has at last got hold of a steamboat man who is interested in pushing the enterprise.

Mr. Hamilton met with a great deal of discouragement from steamboat corporations and river men, but persisted until he has a proposition that, if carried into execution, will give Salem the long-cherished means of communication.

Capt. Geo. Skinner, now of Ashland, Oregon, successfully operated such a boat, and he is the man who would undertake to launch such a craft, to make two trips daily between Salem and Independence, carrying freight and passengers—estimating that a boat to carry three tons of freight and 30 to 50 passengers can be built for about \$3000.

Captain Skinner operated the Alice A. between Salem and Independence, and would enlist his son with him, who is now an engineer on a government boat. It is the intention of Mr. Hamilton to have these gentlemen, or at least the father, come to Salem and meet the Greater Salem Commercial Club, and go into the details of the plans, financially and otherwise.

### Penitentiary Scandal is Exploding

(Continued from first page.)

prisoners has never been sanguine as to the woman's real condition, but allowed nature to take its course, hoping sooner or later to have developments that would prove beyond all doubt the real conditions for better or worse. He has patiently waited for nearly six months, and, while a gentleman of his broad experience could hardly be deceived in such delicate matters, the doctor admits that he may be hypnotized, blinded or otherwise befogged, but in his own sound judgment he is not yet ready to admit that the woman is not a base pretender.

#### Woman is Stout.

Although she is not known to have studied law, one peculiar feature of her behavior is that she is constantly quoting the Oregon statute relative to female prisoners in a delicate state of health being entitled to discharge. She has grown very stout, which fact is best attested by the phenomenal size of her arms, and after several cursory examinations none but normal conditions have been revealed.

#### Will Have to Work.

The prisoner in question is Mrs. Carlisle, who is serving a term for larceny, and she has had no regular work assigned to her since there. The physician in charge has recently recommended that she be given some work, as it would be better for her health than almost continuous idleness. With this in view, Supt. James expects to set her at harder work, sewing, making shirts and other clothing for the prisoners.

It is needless here to review the charges made against certain officials of the prison by her, nor to the results of the investigation, and the peremptory dismissal of those accused, but it will be a great source of satisfaction to those gentlemen and their friends to know that the charges were false, and that they stand exonerated before the public.

From present appearances it seems the "lady" was simply attempting to pass the state officials a large-sized gold brick.

### Reading Lockout

Wilkesbarre, Pa., April 21.—Mitchell and staff were up early this morning investigating the causes of the Philadelphia Reading lockout. Mitchell refuses to discuss it, but reiterates the belief that there will be an amicable adjustment within a few days. All other questions have passed into insignificance.

### Two Fights at Menalik

London, April 21.—The Evening Star's Sophia correspondent wired today that 60 members of the revolutionary band who were defeated and scattered by the Turks, at Menalik, April 9th, were betrayed by the Turkish military. The reason they were not annihilated was that they were reinforced by the villagers. The fight lasted six hours, the Turks retreating after losing five killed and six wounded. A fight has occurred at Zenol, lasting six hours. Sixty-five revolutionaries attacked two battalions of Turks, and were repulsed with a loss of 15 killed and 15 wounded, after a bitter hand-to-hand fight. The Turkish loss was much heavier.

### Will Indict Governor Lee

St. Louis, April 21.—It is stated on the best authority that Lieutenant-Governor Lee will be indicted for bribery or perjury, or possibly both, unless he appears before the local grand jury within the next few days. Attorney-General Crow and District Attorney Folk are said to be aroused at Lee's failure to come in and give evidence, and unless he appears soon officers will be sent to apprehend him.

### Committee in Session

Wilkesbarre, Pa., April 21.—This morning's session of the executive committee of mine workers adjourned at 12:30, nothing being given out to the public. It is said Mitchell will remove all obstacles by advising the men to bear the Philadelphia Reading lock-out patiently, taking the attitude that the anthracite commissions' award supercedes all previous agreements, and thus prevents any retaliation for any misconstruction of its terms.

### Caldron is Bubbling

Constantinople, April 21.—The Konia division, comprising 16 battalions, has been called out to be in readiness for immediate work in the Balkans. News has been received that the Brigand district is highly disturbed. Two judges, one an Armenian, the other a Jew, were fired upon by an Albanian yesterday. One was killed and the other wounded. The murderer escaped.

### Same Old Train Wreck

Fort Scott, April 21.—The Frisco passenger train was wrecked near Everton, Mo., this morning. The fireman and mail clerk were killed, and the engineer and two passengers fatally injured. A broken rail dented the whole train, while running at 45 miles an hour. The engine, express, mail and baggage cars are a total wreck.

### Wont Talk of Venezuela

London, April 21.—The House of Commons reassembled after its recess. Cranborne, replying to a question, said he couldn't make a statement regarding the Venezuelan question, as negotiations relative to its submission to The Hague are still proceeding.

### President Heard From

Cinnabar, April 21.—President Roosevelt is in the Grand Canon of the Yellowstone today, where he will remain until tomorrow, when he returns to Fort Yellowstone. Dr. Riser returned from Washington today, and rejoined the party.
