

The "Quick Fix" Factory

The Barr Store maintains a small jewelry factory, one of whose main characteristics is promptness in filling orders. Making over old gold into rings is the specialty of this factory and it also repairs anything and everything in jewelry. If you have any jewelry that needs attention, we'll "fix it quick" and at prices that will not disappoint you. By the way, the setting in your ring may not be safe. Come in and let us see about it. We re-set many rings in the course of a year.

reception are meeting with great success, people of all parties vying with each other in readiness to subscribe. Governor Chamberlain today gave the committee a handsome subscription, and his example was followed by Superintendent James, of the state prison. The Salem reception will be the big state event, and there will be the largest crowds in town on that occasion that have ever been seen here since Bryan's famous visit, when excursion trains were run from all directions. It is expected that on Roosevelt day there will be excursions on all the trains.

Child Wonder In the City

Mr. and Mrs. T. M. Keller and family, Leo, Paul and Marie, of Youngstown, Ohio, are the guests of their brother, J. G. Reigelman, of 155 Capital street. Mr. Keller is a well-known decorator, of Youngstown, and his daughter, little Marie, 9 years old, is known throughout the East as a child wonder in elocution and fancy dancing. Her memory is something that is regarded as extraordinary. She has the faculty and ability of memorizing, and a thorough understanding of verse after verse of the most difficult kind of matter. Little Marie's talent is not only confined to elocution, as a dancer she has few, if any, equals in the country. We would be pleased to hear the talented young miss at some of our public entertainments. Mr. Keller expects to make his future home in Portland.

Four Walla Walla land claimants erected a cabin that covers the four corners of four quarter sections in Franklin county, Washington, and each will claim the house as his residence in case of contest.

The wife of General A. E. Woodson, who is dying from a paralytic stroke, at Great Falls, Mon., is hurrying to his bedside from Wichita, Kan. They have been estranged for years.

FELL DOWN A WELL

Woman Drops 85 Feet Down Narrow Pipe

Husband Follows and Succeeds in Rescuing Her

News comes from Fillmore, Ventura county, Cal., of an action last week exhibiting an unusually well collected mind and heroic spirit in the presence of an appalling accident to his wife by L. Ward, son of Fred Ward, and grandson of Mrs. Mary E. Ward, better known as "Grandma" Ward, of this city.
 Young Ward was engaged in drilling a well, which was down 85 feet deep. He was up in the derrick rigging, 25 feet above the ground, adjusting some part of the tackle, while his wife was steady the rod over the aperture. In some way she lost her balance and fell head foremost into the well. The hole was large enough to allow her body to slide down to the bottom.
 Ward jumped down the 25 feet to the ground, fastened an end of a cable securely, let himself down into the well and then attached it to his wife.
 He pulled himself up hand over

hand and discovered his desperate efforts to pull her out were unavailing. He had not the strength to do it. He ran a quarter of a mile away to secure assistance, and, returning with help, the unfortunate woman was drawn up.
 Her life was despaired of, as it was thought there was a fracture of the skull, and a fatal concussion of the brain.
 Later advices, however, are to the effect that Mrs. Ward will recover. The pair have only been married about a year.—Ashland Tribune.
