Buttonholes are the bane of a bachelor's (married man's, as well) existence. No wonder the blankety-blanks are forthcoming. Don't worry, don't fume, don't swear. Simply let us do the laundering, and the collar bands will remain intact until the end of the chapter. We are thinking of offering a prize for buttonholes despoiled here.

These cold mornings. Reach out of bed, strike a match, turn on the gas in your gas stove and note how quickly your room gets warm. Haven't a gas stove? Mean it? Lots here so cheap you'll wonder how you have permitted yourself to be benumbed when so much comfort could be had for so little.

NEED MORE COWS

Food Commissioner Baily Indorses Journal Ideas

Makes Statement that Herds are Getting Smaller

J. W. Bailey, commissioner of the Oregon food and dairy department recently said: "I tell you that we must have more dairy cattle. I have just been out in the country, contiguous to Salem, upon a tour of inspection of dairies and I find that there is plenty of dairies but a great scarcity of dairy stock. I tell you that the Willamette valley is the coming dairy district of the Pacific coast and that more attention is not paid to it as an industry is the greatest mystery to me. The time is coming, however, and not very distant, when the people will awaken to this fact and to the development of it.

"Why, in Portland today, and for the past six months, butter fat has been commanding 32½ cents per pound, a thing unheard of before and still there is more butter and cheese being shipped into Portland today than ever before in the history of the state and the demand cannot be satisfied.

"Whatever the farmers of Oregon are thinking or dreaming about to let such a great industry, right at their door, go begging and undeveloped, is more than I can understand and as much as it has been preached in to them for the past few years, it beats me that no more attention is paid to it.

"There is no state or section of a state in the United States that can anywhere near compete with the Willamette valley for quality or excellence of dairy products and the butter and cheese of Oregon is gaining a world-wide reputation which cannot be approached by the product of any other district. Not long ago there was a shipment of butter from California to Portland, but, on account of the cases being several ounces short in weight, I ordered it sent back or confiscated.

"It is an actual fact that the dairy stock is being shipped out of Oregon by the carload when it should be brought in by the trainload and distributed all over the state. I tell you that it is very discouraging to men in my position, to see this valuable industry going begging when there is such a bright future in store for it and fortunes in it for those who have foresight to realize and grasp the situation."

WOMANS' DUTIES.

A woman who keeps her house in order and has the care of a family, has just as much responsibility as the man who provides the means to carry on the housekeeping. She is deserving of the more credit since the demands on her strength is greater. The everlasting sameness about her duties, and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that mak her irritable, cross, and dissatisfied, which is just as much a disease as rheumatism or catarrh. If nerves can be built up and made strong by medicine of some kind this feeling is changed to one of cheerfulness and pleasure in her duties. The medicine that makes strong steady nerves, and prevents disease by building up the entire system, is Dr. Gunn's Blood and Nerve Tonic, a tablet to take at meal time. Cures nervous prostration by making rich red blood, feeding the nerves, and making solid flesh at the rate of 1 to 3lbs per week. This medicine is sold by druggists for 75c per box, or 3 boxes for $2.00, or sent by mail, post-paid, on receipt of price. Write us about your case. Address Dr. Bosanko Co., Philadelphia, Pa. WHY WE ARE AGENTS

Here Are Some of the Convincing Facts That Caused us to Take the Agency for the Fulton Compounds, the First Things Known that Cure Chronic Kidney Diseases.

First, let it be distinctly understood that every one of the cases below had been diagnosed by one or more physicians as chronic and incurable; second, note the certainty of the results as shown by the recovery also of the friends they told who were similarly afflicted with supposed incurable kidney diseases.

N. W. Spaulding, President Spaulding Saw Co., San Francisco, had a recovery in his own family and told several others who recovered.

Adolph Weske, capitalist, San Francisco, recovered himself and told two friends who recovered.

Dr. Carl D. Zicle, pioneer druggist, 822 Pacific street, San Francisco, recovered himself and gave it to more than a dozen patients who recovered.

Charles Engelke, editor of the German paper, San Francisco, recovered himself and told it to a number who recovered, one of them being Charles F. Wacker, the Sixth street merchant.

R. M. Wood, editor Wine and Spirit Review, recovered himself and told it to several who recovered, among them being an old-school physician.

Edward Short of the San Francisco Call recovered, also three of his friends, viz: William Martin, Captain Hubbard of the Honolulu route and William Hawkins of the U. S. Quartermaster's Department of San Francisco.

John A. Phelps of the Hotel Repeller, San Francisco, and two of his friends, etc. etc.

The kidneys are the sewers that strain the poisons out of the system. We can stand the derangement for a short while, but when the interference becomes chronic (permanent), as first explained by Bright, it is only a question of how long before death will ensue. It is then called Bright's Disease and incurable. All kidney troubles develop into this form about the 8th to 10th month. The above cases were incurable by all other known means. People having kidney disease should begin at first with the only known thing that will cure it if it has reached the serious stage. Fulton's Renal Compound for Bright's and Kidney Diseases. $1; for Diabetes, $1.50. John J. Fulton Co., 409 Washington street, San Francisco, sole compounders. Send for pamphlet.
