Gov. Lord Coming Home

San Francisco, May 5.—Ex-Governor William P. Lord, of Oregon, minister to the Argentine Republic, on a leave of absence from his post of duty, after four years without a break, is in this city...

Minister Lord is the picture of health, and says he is practically well. The stories that were sent out at the time he left Buenos Ayres to the effect that he was alarmingly ill, he declares untrue and without foundation.

"My system was run down, that's all. I simply needed to get out of that tropical country for a short time in order to regain a little vigor. No man can stay there continuously and be sure of remaining physically at his best. It's a perfectly healthful climate—the death rate of Buenos Ayres is as low as any city—but if you once get a little off in the intensely humid summers you don't seem to be able to build up. You need to go away for a short time to allow your system to gather some resisting power. I have been there for four consecutive summers without leaving. All the representatives of other nations there, except the Portuguese minister, and he is used to it, for he has been down in Africa and all around, have been away from one to four times in that period."

Quiet in Omaha

Omaha, May 5.—The strike situation here today is not so acute on account of the municipal election, but violence is feared tomorrow. The governor is preparing to have the troops in readiness. Only four restaurants are open today. Business houses will attempt to resume business tomorrow with non-union teamsters. If they do, rioting is almost certain. The bakers' strike is in a fair way of settlement.

Killed by a Mob.

Caruthersville, Mo., May 5.—D. M. Malope, a preacher for a sect known as "sanctified people," and Constable W. J. Mooneyhoon, were shot and killed by a mob Saturday night at Wardell, 12 miles west. Malope had been proselyting in this county for several months, and much feeling had been aroused against him.

A woman named Mrs. Frill had left her husband, which caused much agitation recently, by living with Malope, who had left his own wife. Mrs. Malope, the preacher's wife objected vigorously to this arrangement, and Malope declared her insane, and caused her to be detained in jail pending an inquiry. This action aroused the citizens to a frenzy, and a warrant was issued against Malope and Mrs. Frill on the charge of unlawfully living together.

Constable Mooneyhoon Saturday night arrested both, and because of the lateness of the hour, decided to not take them to Caruthersville until morning, but instead took his prisoners to his own home for the night. Shortly after midnight Mooneyhoon opened the front door, in response to knock. He was shot dead in the doorway. A mob streamed into the house and seized Malope, dragging him out into the darkness.

GRAIN-O THE PURE GRAIN COFFEE

If you use Grain-O in place of coffee you will enjoy it just as much for it tastes the same; yet, it is like a food to the system, distributing the full substance of the pure grain with every drop.

TRY IT TO-DAY.

Mrs. Frill frantically begged that no harm be done him, but she was roughly pushed into the house, and the mob departed. Malope was taken to a wood some distance away and shot to death. The mob then dispersed. No harm was offered to Mrs. Frill or to Mrs. Mooneyhoon.

Uncle Sam's Weather Shop

Washington, May 5.—The weather bureau crop bulletin, published this afternoon, says the winter wheat outlook is less favorable on the Pacific coast, especially in California. On the North Pacific coast the spring crops now need rain.

Princess Louise a Mother. Lindau, Bavaria, May 5.—Princess Louise of Saxony has given birth to a daughter.

Hermann Speaks at Canyonville. Canyonville, Or., May 5.—Hon. Binger Hermann addressed a large and enthusiastic audience of representative Republicans here today. He discussed the issues before the American people from a business standpoint. Mr. Hermann made a good impression and several votes for himself.

Reckless Riders. Sunday afternoon a couple of ladies, one an invalid for an ailing, were ran down by a couple of young bicyclists, evidently returning to their homes in the country, and also plainly talking with them a good measure of booze. One of the ladies was knocked into the gutter, but fortunately escaped serious injury. It is such recklessness as this that makes the average citizen insist that the sidewalks be forbidden cyclists.

The report that General Matos, the revolutionary leader, has landed in Venezuela from Curacao is confirmed.
