RECEPTION TO DR. COLEMAN.

On Tuesday evening the Greater Salem Commercial Club will hear President Coleman of Willamette University, tell how he has succeeded in raising the debt of \$35,000 on that institution, and what his plans are for raising endowment. The old-fashioned way of running the college, with a millstone of debt about its neck, is being done away with under the vigorous management of the new head, and all our people will be interested to hear of the progress that is being made.

Paying interest on an enormous debt has sadly crippled the usefulness of the school in the past. With better business management, and conducted on broad lines of educational progress, the school can be made a great business enterprise, that should have the hearty support of all friends of Christian education. Getting out of debt and cutting off dead-heads is a necessity in these days of close margins and competition in all fields of human endeavor. The Push Club will be glad to give the new and progressive president a cordial greeting Tuesday night. Let the supporters of the school also be present, and join hands with the business men.

LET THERE BE CO-OPERATION AND CONSESSION.

The city council is to meet tonight and consider the question of granting a second electric light franchise.

If the propositions were to grant a second gaslight franchise, or a second water franchise, the issue would be the same.

The great point of protecting the city against the advanced rates for

city lights, in case but one company is here to bid next year, is overcome.

The new owner of the present electric franchise volunteers to give the city a renewal on all its street lights at present terms.

Those are very low rates—lower than any city in the Northwest. Those low rates to the city should not be made an excuse to maintain present high rates for business and residence lighting.

There should be a frank and full understanding about this matter with the new proprietor, and the promises of reductions made certain.

But in the whole matter there should be a spirit of helpful co-operation and consideration of mutual interests.

Very little is gained in the long run by using the club on anyone. Neither the city, nor any corporation, nor labor unions, nor private individuals any longer resort to force or arbitrary measures with success.

We are living in an age of reason and common sense, when the careful man or community makes progress by co-operation and mutual concession.

CROSSTON CHURCH SOCIAL

Ladies Give a Dinner and Program

The ladies of the Crosston Methodist church gave a social and supper Saturday night which was enjoyed by a large attendance of town and country people. There was a fine program of music, recitations, and addresses, including the reading of some fine original poems by Rev. Gordon, the pastor, which were very much enjoyed.

Col. Hofer's Address.

President J. Brossier introduced Col. E. Hofer, of The Journal, who delivered an impromptu address and told a few stories for the young people which were enjoyed by all present. He said he was at a loss for a subject and it had been suggested that he could talk strawberries. But there was always something good to be said for the Crosston church and the people of that neighborhood. He complimented them on the growth of the church and the development of the community. Many new families were settling up this suburb of the city, and it would not be many years before it would be a thickly populated center of hop yards, fruit and dairy farms. It was only a few years since Rev. Blackwell began to hold services in the little old school house which was now displaced by this grand new building. In Rev. Gordon you have a faithful worker, a man of genial character, and what is more, an accomplished poet, something to be very highly prized in any man. A look into

the future would convince us of the importance of these little country churches, for they mean the building of happy homes and firesides, where men and women live in fidelity to their obligations and children grow up to be young people of good habits and moral character. Not many years would see these boys and girls grown-up men and women with families of their own and blessing the day when this church was organized in their midst.

Value of Good Habits.

Col. Hofer advised the young men to get rid of any bad habits they might have. It took a sacrifice to quit using tobacco or drinking liquor, or profanity after it was once acquired. It was worth \$500 a year to any young man to get rid of a bad habit, as it was a handicap on his success in life. A bad habit once acquired clung to a man closer than a brother and in the end made a slave of him and we should get rid of bad habits, not to become better than others but because it was wrong to live in subjection and slavery to anything. The boy who had to have a cigarette every so often to enjoy life was as much a slave as if he wore chains. The man who punished a drink of whiskey every so often was punishing himself, and the man who could not let a slot machine alone was simply proving that a majority of mankind are capable of becoming deliberately the victims of their own folly.

Talked About Prayer.

The speaker surprised all present by switching from bad habits to praying. Prayer was the first thing the child learned. Before the A, B, C. was lisped in school the mother had taught her child some form of prayer, and happy was the man or woman who went through life without forgetting that simple petition learned from the sweetest voice in the world—a mother's. There came a time in every man's life when some praying had to be done. He told of an incident in boyhood when with some other boys they had run away from school and one boy's leg was broken and they had to roll a log uphill quite a distance. Not being able to move the log the worst boy in the lot proposed that they repeat the Lord's prayer and they did, and then relieved the injured boy with strength given them by that prayer when seven men could not lift the log.

This led to the bear story told by Senator Mason in congress, about the profane man who was a blasphemer but once out in the mountains, crossing a canyon on a slippery log met a bear in the middle of the chasm. He had never prayed before and sent up a petition, saying, "Oh, Lord, I have been a bad man, I have no claim on your kindness, but, Oh, Lord, help me in my extremity. If you can't help me, don't help the bear, but just stand off and you will see one of the greatest bear fights you ever witnessed." Prayer should be appropriate and whether silent or expressed influenced the individual far more than the deity addressed, but no prayer ever was unanswered or without its influence. He told a story about an old Englishman who work his farmhands very hard. He barely took time to eat but always said grace in a hurry, winding up with something like the following, concluding by addressing the Creator and the hired man in the same breath: "And bless us all for Christ's sake Joe pass the potatoes."

A fine dinner was served and a handsome sum realized for the support of the Crosston church.

Wm. Lee Greenleaf.

The Wichita (Kan.) Daily Eagle said: "His impersonations of 'Bill' Nye is just like Nye himself, only funnier. His readings were fine." "He is certainly a genius, and his impersonations of the leading characters in 'Merchant of Venice' and 'Midsummer Night's Dream' have never been equaled in the city. Wichita people will give this brilliant impersonator a hearty welcome and a crowded house if he returns next season."

Mr. Greenleaf will give some of his impersonations at the Methodist church Tuesday, May 12th, at 8 p. m. Admission 25 and 15 cents.

Police Chiefs in New Orleans.

New Orleans, La., May 11.—Many chiefs of police, commissioners, detectives and others arrived here preparatory to attending the international convention of chiefs of police, which opens tomorrow. Nearly 500 delegates are expected. Most of them are to be accompanied by their families. Elaborate programs of entertainment have been arranged. The visitors spent today sight-seeing.

Flour and Grain Rates Reduced.

Chicago, May 11.—The reduction in grain and flour rates from Chicago and points on the Mississippi and Missouri rivers to the Atlantic seaboard became effective today and will remain in force until September 30. While the reduction amounts to only 1 1/2 cents a 100 pounds, it is sufficient to enable the millers of the northwest to compete with foreign millers using American grain.

Society of the Caribbean Dinner.

New York, May 11.—In commemoration of the gallant fight of the torpedo boat Winslow on May 11, 1898, the Society of the Caribbean will give its annual dinner at the Cafe Martin this evening. This society is a body of artists and writers who sketched and reported that part of the Spanish war which took place in and around Cuba. Lieutenant-Commander John B. Bernandon, of the United States Navy, is the guest of honor at the dinner this evening.

Deafness Cannot be Cured.

by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

A SWEET BREATH.

Is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies, but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength, and can eat whatever I like. Kodol digests what you eat, and makes the stomach sweet." For sale by F. G. Haas, 96 State street.

DR. J. F. COOK

Has come to the conclusion that all profession of the healing side of the vegetable kingdom is a failure. When your system is without pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor lightning will not remove the cause, but lay the foundation of disease. Those poisons go into your bones, and kill the life and create all kinds of diseases, cancerous tumors, consumption, bone diseases, etc. You must bear in mind that his medicine is a poisonous tonic, nor a stimulant, nor temporary relief which you blame the medicine, when it takes an effect and stirs up the disease in the system. You must not expect to be cured in a few days your sickness or disease has been a long time coming on, and a long time to get it out of your system. It will take months to build a new body from the bones up. This is what the people understand. They are used to being humbugged. His medicine is composed of Nature's Herbs—what the human system requires. When you get sick they will help themselves to those herbs, for they know instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.
