Going Crazy and to Michigan

Great Northern Strike Serious

St. Paul, May 11.—Before nightfall it is confidently believed the Great Northern trainmen will go out on a strike that threatens far-reaching and disastrous results. A committee of business men this morning called on the trainmen's officials and endeavored to have them modify their demands, but the trainmen said their demands were not unreasonable, and the business men must look to the road for a settlement. The grand officers of the trainmen say there will be no further negotiations with the road.

St. Paul, May 11.—After a conference the men decided to take no action until after tonight.

Bicycles And Sundries Tribune Bicycles Wolf-American Snell

And all sorts of tires and sundries for all sorts of wheels. Our wheel trade this season began earlier than ever, and has kept up better than ever.

There is only one way to build a business in any line, and that's to make that a particular feature, and take care of the trade.

We have done that. Our wheel department is as important to us as any other part of the business, and we never neglect it.

The old reliable Tribune is our leader, and always will be while it continues to stand up as it does.

Our Snell is unquestionably the best \$25 wheel that's ever been shown in Salem; best because it has been demonstrated so to be in every point. Has the lines of the high-priced wheel, and stands up like a Tribune.

And Buggies

There is a world of satisfaction in the consciousness that you are driving a rig of known reputation and quality.

That's STUDEBAKER. You run no risk in these. Studebaker's name stands for all that's good in vehicles, and our trade swears by the goods.
