

What Some People Want and What Some People Don't Want

But everybody wants good fitting clothing at the right price, they want the latest styles in hats, the newest patterns in fancy shirts, and above everything else they want the PACKARD \$3.50 Shoe for men

All these are to be found at the store of

G. W. JOHNSON & CO.

Now there are a few things people don't want, and among the most prominent things just now is the bicycle ordinance. Give the bicycle a rest and enforce the laws already passed. We are a friend of the wheel and ask our customers to ride right into our store and we will do the rest.

This store will be closed Saturday afternoon.

AUTO VERSUS BULL The Machine Comes Out an Easy Winner

And the Bovine Discovered That he Had "Bit off More Than He Could Chew"

Urbana, Ill., June 3.—A. Phillippi, a wealthy farmer near Mahomet, has demonstrated that the automobile is an invaluable adjunct to the maddore.

The farmer was riding about the farm when he met the animal, which had escaped from its pasture.

Neighbors who had heard the bellowing of the bull, ran to the scene, supposing that its owner was being gored to death.

Seven or eight times the race was run from one end of a forty acre field to the other, until the bull was thoroughly tired and as gentle as a milk cow.

HIS ARM CUT OFF BY A SAW Charlie Tindall Meets With Deplorable Accident

Charlie Tindall, aged 18, lost his right arm above the elbow yesterday.

Young Tindall's work was to pass the wood from the pile to the saw. He had very little room in which to work, and, in endeavoring to pull a stick from the pile, he leaned too far back.

The flow of blood was stopped by wrapping his shirt sleeve tightly around the arm, and he was carried into Mrs. Farrar's house.

Tindall is doing nicely today, and no serious complications are anticipated. It was a very unfortunate accident to a young man just entering upon his years of usefulness.
