FOR BETTER PUBLIC SCHOOLS.

Six years ago this school district was over a year behind on its current expenses, and was paying half as much interest on its debt as it was paying for the education of children. High interest means an ignorant condition in some respects. Since then the district has been put on a cash basis, the floating debt and accrued bonds were funded by a popular loan at four per cent, and much debt paid off.

With better financing came better schools.

Instead of paying nine and ten per cent on notes, and at the end of the year always having a deficit, the interest burden has been reduced to a minimum, and there is an annual surplus.

Lower interest means higher grade schools.

The past year the work of the teachers has been more equalized, and a grade added, and these reforms have been brought about without increased cost.

Financial progress and better schools go hand in hand.

There is still room for better schools at Salem, and betterment can be secured with lower taxes.

Our school houses should have more beautiful grounds about them.

The old ramshackle school houses in the heart of the city are a disgrace to the capital, and a menace from a sanitary standpoint.

They were creditable 50 years ago, but not now.

The school board could, if so disposed, sell off part of that property, and sell the two old buildings and put up a beautiful little primary building in place of them.

That can be done by school trustees who want to see improvement and progress, or the old, unsightly structures can be left there for the next ten years.

OBSERVING FLAG DAY.

Salem this year will be asked to observe Flag Day, and build up in the children a greater love for the national emblem.

The Woman's Relief Corps of Oregon have sent out a circular asking that the day be formally noticed by all the people.

Governor Chamberlain has consented to recognize the day, and on Monday the flags are to fly from all public buildings.

Flag Day proper falls on Sunday, June 14th but it has been decided to observe the day on Monday, the 15th.

The birthday of the American flag is an anniversary that means a great deal to the world, and its observance should be encouraged.

So on Monday hang your banners to the breeze, and let the world know that we honor the event that made our country glorious.

A GOOD REPUTATION.

A man with a reputation for being successful in what he undertakes has a valuable capital at his command.

A city with a reputation for doing things has a capital that is more valuable than any form of advertising.

A good, well-managed baseball team is one of the best advertisements a city can have, and Salem should sustain its team to a finish.

Good public schools are the very best advertisement for the reputation of the town. They bring the biggest dividends of good citizenship.

Salem must push its reputation for being wide-awake and progressive on all important lines, and miss no good thing.

Let us have that steamboat to Independence. Let us push for the improvement of the river front.

A good reputation is better than riches, and too often inactive wealth begets a reputation for sluggishness.

FOR WOMEN, TOO

Hostetter's Stomach Bitters is a medicine that is especially adapted to all women who are weak or delicate. It has a calm, soothing effect upon the tired nerves, promotes refreshing sleep and assists nature in the proper performance of her duties. Then don't experiment any longer, but get a bottle of Hostetter's Stomach Bitters today from your druggist. You'll feel its beneficial effect from the first dose.

HOSTETTER'S STOMACH BITTERS

The reputation for being the town doing the most building of any inland city in Oregon would be worth a hundred thousand dollars to Salem.

Let us consider these things, and put our shoulders to the wheel all along the important lines of reputation-building.

HINTS ABOUT YOUR HORSE.

Let him graze morning and evening, and keep him in the shade during the day.

Give him a little bran every day with his oats, or rolled oats, if you want him to have a nice coat.

Buy a large straw hat and fit it over his head for long drives in the sun and dust.

Clean out his hoofs at least once a day, and you will save big bills for sore and injured feet, and get more service out of your horse.

Do not turn him out in the sun after he has been perspiring, but let him dry in the shade, and his coat will not discolor.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup.

There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. Dr. Stoner's Drug Stores.

Impertinence.

Mr. Todgers—Why have you sent Maria, the servant girl, away so suddenly? You told me yesterday that she was the best girl you ever had.

Mrs. Todgers—She's an impertinent lassy. I wanted to borrow her goshes, and she said she was afraid I couldn't get them on.

"They say," said Willie's mother as they were watching the "armless wonder" wind his watch, write his name and do other remarkable things with his toes, "that he can play the piano, but I don't see how."

RYAN MAKES REPORT

Showing Entire Cost of the Socialist Campaign

The Speakers Evidently had Faith as They Only Received Legitimate Expenses

R. R. Ryan, Socialist candidate for governor and manager of the Socialist congressional campaign has made public the expenses pertaining thereto as follows:

Paid over to Ingie from collections from Ashland to Stayton, \$41.50; paid to Wilkins \$111.25 from collections, and \$40 from subscriptions pledged at convention, total amount paid to speaker Wilkins \$192.75. Expense of Wilkins as speaker 47 days at \$3, \$141. Other incidental expenses for Wilkins \$74.81, making his total expense \$215.81; total amount paid him \$192.75, leaving balance of 23.06 due Wilkins. Martin Quinn, 10 days work at \$2, \$20.00; expenses while at work, \$9.20; receipts of collections \$7.55; leaving balance due Quinn of \$12.65. Expense of Comrade B. F. Wilson for campaign work \$47.50; total receipts from collections \$38.75; leaving deficit of \$8.75; for 10 days work at \$2.50 per day, \$25.00; leaving balance due Wilson, \$33.75; balance due Quinn, \$21.65; due Wilkins \$23.06; leaving a balance to raise of \$78.46.

Now if the several clubs and friends of the cause in the district will each contribute a little the deficit can be met at once. Let each club send 20 cents per member and this will square up accounts.

Expense of chairman: To printing 6000 bills, three different lots, \$12; to postage and mailing same over district, \$7.50; to telephone and telegrams, \$5.15; paid Mrs. C. B. Harritt, for five days, \$5; railroad fare, \$17.70; incidental expenses \$2.25; making her expense \$24.95—this is paid for by comrades of Salem.

Comrade Keller, of Neskawin, was out 20 days, walking most of his circuit, and his expenses are about \$20, and the collections did not exceed \$5.

THEIR PATHS PART

Graduating Class of Oregon Institute Get Diplomas

With Rev. Coleman heading the procession, the graduating class of the Oregon Institute filed into the auditorium of the M. E. church last evening. Each member of the class carried a large bouquet of LaFrance roses, the class flower. The auditorium and gallery were comfortably filled; the decorations consisted largely of the floral tributes sent to the class by their friends. The flowers were tastefully arranged in the choir loft, around the large design of "68," in purple on a white background.

Mrs. Wiggins opened the program with a vocal solo. The address of the evening was made by Dr. J. F. Roach, of Boise, Idaho. Dr. Roach is a powerful speaker, and he made a strong plea for good citizenship and moral courage in the rising generation. Dean Hawley, in his own original way, presented the class to Pres. Coleman, who presented the diplomas to the following graduates: Harry Spalding, Wallace Riddell, Ivan Martin, Veva Gardner, Aitha-Lee, Ethel Seovel, Greta Stowell, Lena Clark, Gertrude Gray, Mabel Robertson, Mary Phillips, Esther Polcy, Dorothy High, Winnie Rigdon, Blanche Lewis.

The program was concluded by a piano solo. This evening, at the University chapel, the alumni association will give its annual entertainment. An extensive program has been prepared for the occasion. The chapel is being decorated, and the old building will re-echo with college songs and cheers. The chief justice of the supreme court of Idaho will make the occasional address. Mrs. Robert Miller, of Oregon City, will render a Shakespearean reading. Rev. Knight, of this city, will give reminiscences concerning the exploits of the "blat story boys" of the years gone by.

At the conclusion of the program the alumni association will hold its annual banquet at the First M. E. church, a which time the senior class will be admitted to membership in the association.

Captured Old Bruin

Last week a company consisting of Jas. Benson, Rev. Geo. H. Fees, F. B. Phillips and E. D. Wheeler went up to John Palmer's place, on Mosby creek, to spend a few days at that place and F. D. Wheeler's homestead hunting and fishing. Mr. Palmer had been annoyed for some time by the ravages of a big black bear on the range about his place, so the company laid plans to capture old bruin, and were eminently successful. He was located in a glade, high up on the ridge above the Palmer place, and, after a brief but exciting chase, a bullet from a 30-30 rifle pierced his body, and cut short the career of his bearship. He was a monster, and weighed, it is estimated, fully 500 pounds. The fur was unusually long and thick for this season of the year, and the head and feet were carefully preserved with the hide, which Mr. Phillips secured and will have nicely dressed and converted into a rug. The party returned Friday evening, having feasted on fish and game, and were well pleased with their outing.—Nugget.

Australian Wells.

Most of the water used for irrigating fields and watering cattle in Australia comes from artesian wells which range in depth from 100 to over 3,000 feet. The yield of a well is from 100,000 to over 4,000,000 gallons a day.

VASELINE NO GOOD FOR HAIR.

Dandruff Germ Thrives in it, as Well as in all Grease.

A well known Chicago hair specialist invited the Inter-Ocean reporter to come to his office and see, under a microscope, how the germ that causes dandruff thrives in vaseline. The specialist said that all hair preparations containing grease, simply furnish food for the germs and help to propagate them. The only way to cure dandruff is to destroy the germs, and the only hair preparation that will do that is Newbro's Herpicide. "Destroy the cause, you remove the effect." Without dandruff no falling hair, no baldness. Ask for Herpicide. It is the only destroyer of the dandruff germ.

DR. J. F. COOK

Has come to the conclusion that all profession of the healing art outside of the vegetable kingdom is a failure. When your system is run on without pure blood, you will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunder and lightning will not remove the cause, but lay the foundation for a kind of disease. Those poisons go into your bones, and kill the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. You must bear in mind that his medicine is not a poisonous tonic, nor a stimulant, nor temporary relief which you get from poisonous drugs, where the results are sure death sooner or later. Do not blame the medicine, when it takes an effect and stirs up the poisonous disease in the system. You must not expect to be cured in a few days, your sickness or disease has been a long time coming on, and it will be a long time to get it out of your system. It will take months or a year to build a new body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of Nature's Herbs—what the human system requires. When the stomach gets sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.
