### JOURNAL X-RAYS.

A week of baccalaureate talent in town leaves fewer hens but probably a little more grace in the community.

Next! We are getting Quaker remedies. It is time for the three-for-a-dollar electric belt man to hit the town.

Whatever happened to Salem that it should have been mistaken for a Jay town that could be worked by the Quaker Doctors?

The Quaker remedies are all right, when it is considered that they furnish a laugh-and-grow-fat entertainment to counteract the effect of the remedy.

The last hope of many a poor financier is cut off by the announcement of a Salem collection agency that they will proceed to collect outlawed notes.

Judging from the well-fed and portly specimens in evidence at Salem the Oregon Methodist preachers are increasing in rotundity and prosperity.

The W. C. T. U. at Woodburn have passed strenuous resolutions against the Mormons. A few years ago they passed resolutions against the hop industry, and then all went out and got jobs in the hop fields.

The president of the Salem Fruit Union would be tempted to call the directors together to pray for rain, but for the fact that what is needed to push the strawberry crop would ruin the cherries.

About one thousand Salem people live in Portland, and all the rest who have ridden the billy goat in the Masonic lodges, or lead about the gentle bleating nanny goat in the Eastern Star lodges, have been down there the past week. All will be home Saturday or as fast as they sober off.

A jury has awarded Miss Birdie McCarthy, a school teacher, aged 32 years the sum of \$22,500 as salve for wounded feelings, broken promises and other things. Thus doth "the jingle of the guinea, cure the hurt that Honor feels."

Now a lot of two-minute enthusiasts have formed an association for the purpose of erecting a monument to Sacajawea. The Whitman monument at Walla Walla is not yet paid for, and it was built by just such people, who patted themselves on the back for their philanthropy, and repudiated the bill.

"Flatwheel" Skinner is one of the oldest employees of the S. P. Co., and a man of wide personal acquaintance. He was a great admirer of President Grant, and has not had an attack of idolizing a president since Grant's day until Roosevelt came along. He has watched Roosevelt's career with growing admiration, until a young man's first love affair isn't to be compared with his enthusiasm for the object of his political affections. "When I had seen and heard Roosevelt at Salem," says Skinner, "I was ready to die. I had the feeling that there was nothing more to live for. I had seen and heard everything that was worth while in this world, and I can't get over the feeling and don't get over the feeling." He is also a great admirer of Hermann, whom he used to know when he was collector at Roseburg. When Hermann came down to Salem to open his campaign Skinner was out to hear him. He was one of the sore Republicans but the speech got him into line tighter than bowwax, and when he called on Hermann at the hotel the old man put both arms around Skinner and they had a regular love feast and that fixed him. There are people who imagine the

## FOR WOMEN, TOO

Hostetter's Stomach Bitters is a medicine that is especially adapted to all women who are weak or delicate. It has a calm, soothing effect upon the tired nerves, promotes refreshing sleep and assists nature in the proper performance of her duties. Then don't experiment any longer, but get a bottle of Hostetter's Stomach Bitters today from your druggist. You'll feel its beneficial effect from the first dose.

## HOSTETTER'S STOMACH BITTERS

Binger Hermann's famous handshake is all put on but they have never felt the pressure of his embrace when he gets hold of an old croney like Skinner or they would change their minds and call him the Jack the Huger of Oregon politics.

### CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has the largest sale of any medicine in the world since 1865 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. Dr. Stoner's Drug Stores.

### A Frightful Problem.

(Chicago Post.)  
"I have now come to the parting of the ways," said the legislator thoughtfully.

"How So?"  
"I must now decide whether I am here to represent the bosses or the people. If I offend the one I can never be nominated again; if I offend the other, I never can be elected. I tell you, the public does not realize the great problems of statesmanship that confront a man in public life."

### SCOURING YOUR SCALP.

Will Remove the Loose Dandruff Scales But It Won't Cure Dandruff. If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales, won't cure dandruff; because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair and, in time baldness. Now you can't stop dandruff, nor falling hair, nor prevent baldness unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp soap and water will do that, but Newbro's Herpicide gets at the root of the trouble and kills the dandruff germ.

For sale by Daniel J. Fry. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich.

"I am afraid," suggests the theatrical manager, "that you cannot take the role of the fairy prince. You see, it calls for a lady who is rather plump in figure, while you—well—er—ah—well, you are lacking in some of the essentials."

## SHIPPING DEMAND STRONGER

### Salem Fruit Grower's Union Making a Fine Reputation

### Berries are in the Markets of the Northwest and Supply is Not Sufficient

About a ton of fancy strawberries have been going out of Salem daily by express, and ten tons could have been handled just as well. One large grower, who has put out 17 acres this spring, says he will next year be prepared to send out 400 to 500 crates daily for distribution from Portland. The fancy Salem berries have been bringing \$2.00 to \$3.00 at Portland, and they did not begin to supply the city trade, where they are preferred to the local product.

The demand for the Salem blue label berry is today, practically unlimited, as both California and Hood River berries are practically out of the way, and the later pickings of the hill lands south of the city are only beginning to come in. Puget Sound and Portland city trade will have to be supplied from Salem, and all who have fancy berries for shipment can get good prices.

### Circular to Growers.

The following circular is issued to all members of the Salem Fruit Growers' Union:

Under our contracts with the Salem Cannery and Pearson-Page Co. 75 per cent of the canning product must go to the cannery, and the rest can be packed for shipment, at the option of the grower. It is very important that both contracts be complied with to the letter, and the cannery should be furnished with as much high-grade stock as possible, as the reputation of the Salem canned berries is just as important as the shipping product. We urge all growers to make a special effort to pack their 25 per cent for shipment in the best manner possible. Many fine berries are coming in for shipment that must be rejected or sell for an inferior price, because not properly faced. If you do not understand facing, call at the warehouse of the Union, and an expert will give you full instructions. Everything depends on facing properly. Our fruit has the quality, but our growers have not the experience in packing, and must acquire it. To face a box properly for the shipping market, fill it full enough to leave room for the top layer, or two layers. Put in the top layer, or two layers, of selected fruit. If the berries are round they must be set points upwards. If long or conical they must be laid at an angle sufficient so that the four or five rows will fill the box both ways, and then set in the crate so that the rows will correspond across the whole crate. Faced fruit will bring a fancy price, and will ship better, and take less fruit to the box. The stems—one-fourth to one-half inch, not longer—must be left on shipping fruit and, while it must have color, it should not be so ripe as to bruise.

EVERY GROWER WHO HAS SHIPPING FRUIT, AND IS PREPARED TO PACK SHOULD MAKE AN EFFORT TO FURNISH HIS QUOTA OF SHIPPING BERRIES TO ESTABLISH THE REPUTATION OF SALEM AS A SMALL FRUIT SHIPPING CENTER, AND GET THE UNION LABEL WELL ESTABLISHED IN THE MARKETS.

THE WAREHOUSE IS OPEN TO RECEIVE SHIPMENTS DAY AND NIGHT. FRUIT PICKED DURING THE DAY MUST BE IN WAREHOUSE BY 3 P. M. FRUIT DELIVERED AFTER THAT HOUR WILL GO OUT ON THE EARLY MORNING TRAIN.

E. HOFER, Pres.  
L. T. REYNOLDS, Sec.

Following is a copy of the growers' contract with the Union, which is made part of the contract with Pearson-Page Co., and with the Salem Cannery, and each grower should cut this out and keep it for reference, as it has never before been printed. Copies of the contract with the Pearson-Page Co. and Salem Cannery are in the hands of the officers of the Union, and can be seen at any time by growers who wish to consult them.

Growers' Contract With Union.  
We, the undersigned members and stockholders of the Salem Fruit Growers' Union (Incorporated), do hereby agree, each for himself and for his heirs and assigns, to pick, grade and pack his crop of marketable berries and small fruits according to the standards fixed by the Board of Direc-

tors of the said Union, and to deliver the same to a regularly appointed manager, selected by the Board of Directors.

2. The undersigned members agree to abide by the classification of such manager as to the grading and labeling of fruits, subject to a right of appeal to the Committee on Appeals, heretofore created by the Union, and appointed by the Board of Directors, whose decision will be final and binding on both parties.

3. The fruit delivered under the terms of this contract shall be marketed through such manager to the best interests of the growers and accounts of sales and payment for the same be made promptly in accordance with the contract duly entered into between said manager and said Salem Fruit Growers' Union, by their Board of Directors, and which contract shall hereafter be ratified by the stockholders of this Union.

4. Such berries and small fruits of the undersigned members as the Directors may contract for delivery to the Salem Cannery shall be delivered direct to the cannery, without commission paid to the local manager.

5. All other fruits and berries shall be subject to such charges and commission as shall be determined by the Board of Directors in the above mentioned contract with the said local manager.

Witness our hands and seal this

..... day of April, 1903.

### Cherries Not Stemmed.

The Journal was mistaken in quoting the cannery contract, as requiring cherries to be stemmed. It seems the cannery contract uses the word "stemmed" in connection with the price and weight of cherries, as follows:

- Royal Anne, 4 cents per pound.
- Light varieties, 90 or less to the pound stemmed, 3 1/2 cents.
- Black cherries, 90 or less to the pound stemmed, 3 cents.
- Any color cherries, 90 to 110 to the pound stemmed 2 3/4 cents.
- Smaller cherries, any color, 1 1/2 cents.

The cannery manager claims this means that cherries must be weighed, for purpose of ascertaining price without stems, but that he wants them brought in with stems on.

For shipping purposes all cherries must have the stems on.

### WONDERFUL WORK.

### Lots Like It Being Done Right Here In Salem.

Salem people are surprised at the work being done by "The Little Conqueror." Public expression on the subject brings the matter frequently before the people. At first there were many doubters; and why not? So many claims of a similar nature have been made with little or no backing excepting the word of some stranger residing in a far-away place; this evidence was accepted for lack of better. Not necessary to accept it any longer. All sufferers from any kidney ail can find plenty of local endorsement for a remedy that will cure them. Surely the wonderful work of Doan's Kidney Pills right here at home is proof sufficient to satisfy any skeptic. Read the expression of one citizen on the subject:

Harry M. Shaw, day foreman of the Eugene Morning Register, residing at 285 West eighth street, Eugene Ore., says: "I predict much less suffering from backache among Eugene people when the merits of Doan's Kidney Pills are thoroughly known. Their use stopped an acute attack of backache which had annoyed me for five or six weeks and which was caused, I think from constant sitting at my work in an upright position. I took them as above and they proved to do all that is claimed for them."

Plenty of more proofs like from Salem people. Call at Dr. Stone's drug stores and ask what his customers report.

### Ruminating in Jail.

Sidney B. Hoehnhaus, who is accused of obtaining money under false pretences, by issuing a bogus check, and passing it on John Connor, proprietor of the Willamette Hotel, was given a temporary hearing in Recorder Judah's court yesterday afternoon at 4 o'clock. He waived examination, and was bound over to the circuit court. His bail was fixed at the sum of \$150, in default of which he was confined in the county jail.

## MRS. HELENA BLAU,

Young Milwaukee Society Woman.  
TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

"Wine of Cardui is certainly 'worth out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

## DR. J. F. COOK

Has come to the conclusion that all profession of the healing art side of the vegetable kingdom is a failure. When your system is raged without pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunder and lightning will not remove the cause, but lay the foundation for all kinds of disease. Those poisons go into your bones, and kill the life of the and create all kinds of diseases, cancerous tumors, consumption, drop bone diseases, etc. You must bear in mind that his medicine is not poisonous tonic, nor a stimulant, nor temporary relief which you get from poisonous drugs, where the results are sure death sooner or later. Do not blame the medicine, when it takes an effect and stirs up the poison disease in the system. You must not expect to be cured in a few days your sickness or disease has been a long time coming on, and it will be a long time to get it out of your system. It will take months or a year build a new body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of Nature's Herbs—what the human system requires. When the ailments get sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too long and too sweet to worry out of this world.
