**School Children**  
Can work for **HOLVERSON'S** all Summer

Every school child calling at our store will be given an opportunity to earn money during their vacation.

**Here's Our Plan**

Every schoolchild calling at our store will be given as many cards as they can find use for as follows:

Call on your friends and acquaintances and give them one of your cards. Have her bring it with her every time she comes to trade at our store. For every cash purchase of \$1 she makes we will credit you with the sum of 5c on the card you gave her, the more people you get to carry your card the more money you make. Cards will show a credit of \$1.50 when filled. However we will redeem the cards after they are worth 25c.

**An Illustration**

If five persons carrying your card buy \$1 worth each day you make \$1.50 a week without doing any work other than having her carry your card.

**In Addition \$5 in Gold**

Will be given as a reward for best service.

At the end of your vacation the ones whose cards show the greatest amount of cash purchases wins the reward.

Don't delay, be among the first to get your cards distributed.

**PEACOCK MURDER TRIAL**

**Little Doubt but What He Will be Convicted**

**If He is of Sound Mind He Will Probably Have to Hang**

(Special to the Salem Journal.)  
Dallas, June 16.—Witnesses were examined all of Monday afternoon, no trouble being experienced in securing a jury, and the general opinion is that a conviction will follow. Peacock is a crippled and deformed hunchback, and it is quite probable that he will never hang for that reason. On the other hand there is a strong feeling that if he is not proven of unsound mind he ought to be hanged. The fact of his physical deformity tends to mitigate the severity of the punishment that ought to be meted out to him.

**Theory of Defense.**  
The defense made a strong plea of insanity, and introduced Dr. Williamson, as an asylum expert, to establish homicidal intent, and an irresistible impulse to kill Kerr. The state made a clear case of premeditated murder, and the case went to the jury at about 3 o'clock, and it is not believed that the jury will be out very long, but will bring a verdict of guilty, and recommend Peacock to the mercy of the court.

**Labor Agitator Nearly Mobbed.**

Kansas City, Mo., June 16.—A man who alleges that he is T. H. Hager, a union carpenter from Hannibal, Mo., narrowly escaped violence at the hands of West Bottom flood sufferers, while he was trying to influence the freight handlers of the Missouri Pacific Company to go on strike for the full recognition of their union. People who had lost their all, and were depending on freight shipments for relief, were bitter in their denunciation of Hager's action, and only the prompt action of the police in arresting him saved him from their wrath. At the police station Hager tried to commit suicide.

**Anthracite Strike off**

Scranton, Pa., June 16.—The anthracite strike was averted by the mine workers' convention endorsing the action of the executive board in electing miners representatives on the board of conciliation. When the meeting was called the delegates were slow in assembling, and there was a noticeable falling off of strike talk. The committee on grievances carefully guarded its report until after the convention was called to order. When it announced that it endorsed the executive committee's appointments on the board of conciliation, there were small objections, but they were speedily overcome. The acceptance of this

**Proposals for Wood.**

U. S. Training School, Chemawa, Or., June 16, 1903. Sealed proposals, endorsed "Proposals for Wood," and addressed to the undersigned at Chemawa, Oregon, will be received at this school until 2 o'clock p. m. of Tuesday, July 7, 1903, for furnishing and delivering at this school, as required, during the fiscal year ending June 30, 1904, 2000 cords of wood, as per specifications and instructions to bidders, obtainable at the school.

Bidders must state specifically in their bids the proposed price per cord of the wood to be offered for delivery under contract. The wood so offered will be subject to rigid inspection. The right is reserved to reject any and all bids, or any part of any bid, if deemed for the best interests of the service. Each bid must be accompanied by a certified check or draft upon some United States depository or solvent national bank, made payable to the Commissioner of Indian Affairs, for at least five per cent of the amount of the proposal, which check or draft will be forfeited to the United States in case any bidder or bidders receiving an award shall fail to execute promptly a contract with good and sufficient sureties, in accordance with his bid, otherwise to be returned to the bidder. Bids accompanied by cash, in lieu of certified check, will not be considered.

peaceful solution seemed to be a cause of general relief to those present.

The meeting adjourned until 2 o'clock this afternoon. In the meantime they communicated with representatives of the operators to learn if they will now recognize Nichols, Fahy and Duffy as the miners' representatives on the conciliation board.

When the convention reassembled Mitchell announced he had a telegram from Baer, representing the anthracite operators, announcing that they were willing to abide by the action of the convention, and recognize the district presidents as bona fide members of the board of conciliation. The announcement created pandemonium, and the cheering lasted five minutes. Mitchell was compelled to repeatedly bow his thanks for what was in reality a personal ovation, he having advised and carried all the points to a successful termination. A session of jubilation followed, in which congratulatory speeches and songs followed in rapid succession. All danger of trouble is now past, and the board of conciliation will meet in a few days to pass on all disputed points.

**Guarding Murderers**

St. Francis, June 16.—The preliminary hearing of Chauncey Dewey, the millionaire cowboy, and his two associates, charged with the murder of the Berry, began today. The city is filled with cowboys and settlers. All who enter the court house are searched for weapons. The prisoners are escorted by militia. The soldiers later established a strong guard around the building. Each side is represented by a notable array of counsel, the prosecution being conducted by Coleman, attorney-general for Kansas.

**How About Your Wagon?**

The old reliable Studebaker is not as low in price as some, but it is the cheapest wagon on the market, measured by its intrinsic worth. The Studebaker lumber yards alone cover 60 acres, where are stored for years, during the process of seasoning, millions of feet of the best timber that money can buy, awaiting the proper time to be fitted into the wagons.

**NEW ENGLAND BLACK BIRCH HUBS** in every Studebaker wagon. Slope shouldered second growth white oak spokes that never loosen in a hub that is guaranteed not to check, these with the careful inspection and best of workmanship in every detail combine to produce a wagon that has no superior at any price.

You don't find all these combinations on other wheels, sometimes one, sometimes another, but never all of them. Old wheels taken in trade. Wheels sold on installments. All sorts of sundries.
