AMES WAS FROM OREGON

Once Had a Vice-Presidential Boom

Had Minneapolis Within His Grasp but is Now in the Penitentiary

Alonzo A. Ames, who has recently been convicted in Minneapolis was several times elected mayor of Minneapolis. For years "Doc" Ames was the most popular man in the "Flour City" and nearly everybody in that section of the Northwest knew him well. He was in the "good fellow" category, the kind that belonged to all the secret societies, the life of the picnics, excursions, etc., who always attended the balls given by the policemen, the firemen, and the various national and social organizations of the city. He would "go out with the boys and help dash the red paint upon the black sky at night." A man like that has a big heart, too. Many poor devils have been assisted by Ames and many of the humblest homes in the city bless him to this day. When St. Cloud, a neighboring city seventy miles away was swept by a cyclone and left in ruins, and death and destruction were everywhere, "Doc" Ames, then mayor, was about the first relief train that reached the city. He was no longer mayor but a physician and devoted sleepless days and nights to attending the wounded and suffering.

Ames was a Democrat in those days and could be elected mayor almost every time he made a race in that Republican city. The last time he was elected it was as a Republican. In 1888 he was at the Democratic national convention in St. Louis as a candidate for vice president on the ticket with Mr. Cleveland. He did not get much farther than to have cards printed announcing his candidacy, which were freely distributed among the delegates. Very early in the convention the delegation ran up a big red bandana handkerchief that meant that Cleveland had decided upon Thurman, so all other vice presidential booms were quietly folded away.

Ames had some difficulty in getting to the convention as a delegate. Mike Doran was the boss of the state, and he did not want Ames to go to the convention. A hot fight was promised and Doran had the plans all laid and the delegates fixed to turn Ames down. Ames and his followers had threatened a fight and were to have the matter settled in convention. Just as everybody got ready to see the fur fly, a delegate sprung a surprise by offering a resolution electing both Doran and Ames as delegates at large and before a Doran man could protest it went through with a whoop, and Ames accepted it as an endorsement of his candidacy for vice president.

We would like to ask through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, Dyspepsia and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headache, dependent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you, and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size 75 cent. Dr. Stone's drug stores.

INCURABLE.

That is What the Books Say of Chronic Kidney Disease, But the New Fulton Compounds Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Fulton Compounds. One of the recoveries was Dr. Zell's himself, the pioneer druggist of the Pacific coast, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 16, 1902.)

"After a serious illness of over a year Judge Z. H. Allen of this city has recovered and regained his health most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidney. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'—Sacramento News, Nov. 16, 1902.

The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles, Fulton's Special Compound for Bright's and Kidney Diseases, etc., \$1; for Diabetes, \$1.50. John J. Fulton Co., 429 Washington street, San Francisco, sole compounders. Free analyses for patients. Send for pamphlet. We are the exclusive agents for these Compounds in this city.
