

# SMALL FRUIT HARVEST

## Big Pack of Strawberries Going to the Cannery

### Immense Crop of Cherries Employs Over One Hundred People Cannery Running Steadily

The government weather forecast for Friday is fair and warmer. This is favorable to a large crop of strawberries and cherries, and Wednesday the Salem cannery took in more strawberries than on any day in the history of the cannery, employing 100 people stemming and canning. The early cherries are coming in so fast the cannery has trouble handling the crop.

Shipping strawberries come in slowly, and the demand exceeds the supply. Fancy berries readily bring \$1.50 and choice for local market and shipping bring \$1.75.

 The Masonic lodges meet tonight, and, with a number of other lodges of this city, will take action on the relief for Heppner. A number of subscriptions are still coming in, and the total sent from Salem is now considerably over \$1000.

### Money, Men and Provisions

(Continued from first page.)

Following telegram was in response to one sent Mr. Coman this morning:

Portland, Ore., June 15.

E. Hofer, Salem, Ore.:  
 O. R. & N. have wire from Superintendent O'Brien, who is on the ground, that the relief committee at Heppner advises him they need no more men. Instead they want money and provisions. W. E. COMAN.

J. H. Campbell and Joel Hewitt, two of Salem's best carpenters, authorize The Journal to state that they will give a week's work at their trade, and will be prepared to start Saturday morning, with their tools and blankets, provided they are wanted. That's the kind of men that are needed, and these gentlemen show the right spirit.

### Benefit Saturday Night.

The Salem Oratory Society, assisted by Prof. Seley, Prof. Purvine, Mrs. Hinges, and other Salem talent, will give a benefit concert Saturday night for the Heppner food sufferers. The program is a very elegant one, and the use of the opera house has been donated for the occasion.

### A Parallel Case.

The only cloudburst on the coast ever approaching that at Heppner occurred at Eureka, Nevada, in the latter '80s. As we recollect it 126 were drowned and the little town of about 3000 inhabitants was a total wreck. The water came out of New York canyon, a side canyon to that in which the town was built, and came down a solid wall 26 feet high, as shown by the marks where it struck the Richmond Company's smelter.

### What a Row of Trees Did.

The town was saved from total destruction by a row of poplar trees, which grew on the edge of the chief residence street. This street was the nearest to the river. Houses were crushed against them like egg-shells, but only three or four yielded. The latter were broken short off or uprooted, even though they were between two and three feet in diameter. This row of trees deflected the river back to its usual bed. Many persons believe it even saved the big hotel.

Heppner Hotel, which was completely demolished, was the death of eight or ten people. These victims may never be identified. Their names, so far as known, are published today. Not all were registered, but even those who were probably will not be known. Decomposition of the bodies, now setting in, will erase distinguishing features.

### Oratorio Society.

Meeting Friday evening in M. E. church to rehearse for concert Saturday night for benefit of sufferers from food at Heppner.

## Lepers Want to Be Divorced and Remarry

### Berger Sues Bishop for Penalty of \$1,000 Each for Importing 113 Corean Laborers

Honolulu, June 9.—(via San Francisco, June 15).—As a result of recommendations by the United States senate commission, which visited here last fall, and local agitation, the board of health is trying to arrange for about sixty divorces at the leper settlement on Molokai, and the assistance of the attorney general has been invoked.

The legislature had before it a law to provide for divorces free of cost for lepers, but it failed to pass, and the board will undertake to act, and ask the courts to remit the costs.

The reason for securing divorces is to permit the parties in the settlement to marry again. In all the cases under consideration the husband or wife is at the settlement, while the other party is away. The separations have resulted in conditions at the settlement which the senate commission strongly condemned, and it is the opinion of many that the moral situation would be greatly improved if the lepers were free to intermarry at Molokai.

The plan has aroused some local opposition, chiefly of a religious nature.

About \$3000 in silver coins, of the Hawaiian monarchy, have been taken up at the leper settlement and exchanged for American money. The coin was all fumigated before leaving the settlement. It goes to San Francisco to be re-coined as American money.

A cable order received by Captain White, U. S. N., directing him to take possession of the channel wharf for the navy department, created much surprise here, and resulted in many protests being called.

The same wharf was only recently selected by Commissioner Sargent for a temporary immigration station, and it is much used by steamers. It is claimed that the territory has an interest in the wharf.

The reply sent to the protests sent to Washington was to the effect that present arrangements would not be disturbed pending a settlement.

Petitions have been filed in the United States district court in all of the 113 cases brought by F. W. Berger against E. F. Bishop to recover \$1000 each on account of 113 Koreans, alleged to have been illegally imported as laborers. The pleas are on the ground that the right of the Koreans to land here have already been adjudicated by a board of inquiry. A test case will probably be taken to the United States supreme court.

Treasurer A. N. Kepolka has made arrangements with local banks by which he is allowed an overdraft of \$150,000. The sum is needed to tide the government over the next few months, until the November taxes are received.

The mortuary report of the board of health for the last month shows an unusual percentage of deaths from consumption. Almost twenty percent of the deaths were due to that disease.

F. DeFang, a young Chinese student, has been entered as a candidate for Episcopalian orders. He will take a scholarship at St. John's college, Shanghai, studying for the priesthood.

### Public Men to Be Heard.

Saginaw, Mich., June 15.—Capitalists and financiers, many of whom have millions at their command, made up the audience this morning at the opening of the annual state meeting of the Michigan Bankers' Association. Though devoted almost entirely to routine business, the morning session was not without interest. After welcoming addresses had been delivered and responded to the convention listened to the annual address of the president of the association, and the reports of the other officers.

Much interest is manifested by the members in the convention banquet, to be held tonight, at which addresses are to be delivered by a number of men of note, among them Senator J. C. Burrows, Congressman William Alden Smith, of Michigan, and Congressman Charles N. Fowler, of New Jersey.

### Smith Pleads Guilty.

Young Smith, who was taken to Seattle a short time ago, to answer to a charge of opening mail not his own, was today pleaded guilty, and was sentenced to a year in the penitentiary

at McNeil's Island. Smith has many friends here, where he has an excellent reputation, who believe him entirely innocent of any criminal intent, and will make an effort to obtain his pardon. A big petition could be procured here.

## Massacre Averted

Berlin, June 15.—The Tageblatt today reports that the populace of Novgorodsevat, incited by an anti-semitic report that the Czar had ordered the extermination of the Jews, recently prepared to massacre the entire Ghetto. Five thousand Jews took refuge in the synagogues, and remained there several days. Prince Gollze, who resides in the city, finally pacified the mob, and averted the massacre by proclaiming himself a friend of the Jews.

## Afrikaner Wins Suburban

New York, June 15.—The great Suburban race was run this afternoon in the presence of an immense crowd of not less than 50,000. It rained all night and the track was heavy and bad. Seven of the crack entries were withdrawn, including Goldsmith, who was the favorite, Irish Lad and Zoaster. The race was run in a drizzling rain, and was won by Afrikaner, Herbert, second; Hunter Raine, third.

## Will Hold Them in Pen

Topeka, Kan., June 15.—The governor today wired the attorney-general, at St. Francis, to have the order of commitment for Dewey and the two cowboys changed, so they can be held awaiting trial in the state penitentiary or the reformatory at Hutchinson. He believes the prisoners are unsafe. He ordered troops to stay on duty until further orders.

Tangier, Morocco, June 15.—Walter B. Harris, the traveler and author, who was a member of Sir Arthur Nicholson's special British embassy to the Sultan of Morocco last year, is a prisoner of the mountaineers of Zeenat, the headquarters of the bandit, Rais-uli. Government troops attacked the place yesterday, burning many farms, but they did not succeed in rescuing Mr. Harris.

# JAMES METCALF FIRED

## Post Office Scandal Daily Growing Larger

### Superintendent of the Money Order Division is Removed by Payne, Was Protege of Allison's

Washington, June 15.—James Metcalf, until yesterday superintendent of the money order division of the postoffice department had a lengthy interview with Payne this morning. He knew yesterday his conduct was under investigation, but had no suspicion of his removal until he received notification while at the dinner table last night. There is a disposition on the part of some to question the accuracy of the information upon which Payne acted. Metcalf was a protege of Allison. Payne's friends fear he is on the verge of nervous prostration. He feels keenly the burden of criticism, and yesterday broke down completely while attempting to answer questions in the Metcalf case. Tears were in his eyes.

### King Issues a Manifesto.

Geneva, June 15.—King Peter yesterday telegraphed to Belgrade the following manifesto, to be proclaimed to the Servians:

"Thanks to the favor of God and the will of the people, I am called to the throne of my ancestors. I submit myself to the popular decision, and today ascend the throne of Serbia.

"I consider it to be my first duty to thank God for the favor accorded me, and I express the hope that the powers will hail my succession as an event which will give Serbia an era of repose, progress and order.

"I give my word to respect the rights acquired by all. I will be the protector of the legality and well being of the people.

"I call upon the heads of the church and the military and civil functionaries to retain their functions, and execute them conscientiously.

"I declare that I banish from memory all acts committed during the past 40 years, bearing upon me. Every Servian will find under my reign protection for his moral and material life. The motto of my dynasty is: 'For the Sacred Cross and Cherished Liberty.'

"It is with that motto, assured of the attachment of the army and church that I ascend the throne as Peter the First, King of Serbia."

### Mad Mullah Hot After British.

Aden, June 15.—The British lines of communication between Berbera and Bohotle, Somaliland, East Africa, are threatened by the forces of the Mad Mullah. Three companies of the Hampshire regiment and 700 native troops have been ordered to proceed to Somaliland June 20th. Further confirmation has been received of the reports that three British officers are prisoners in the camp of the Mullah. About 1000 Abyssinians are now co-operating with the British against the Mullah's forces.

What Heppner needs is a thousand workers at once. One thousand men

ten days is preferable to 500 men for 20 days.
