Proposals for Supplies.

Salem, Ore., June 8, 1903.

The board of trustees of the Oregon
State Insane Asylum hereby invites
sealed proposals for furnishing the
following supplies to the institution,
for six months ending December 31,
1903: Groceries, mill feed and flour,
meats and fish, dry goods, drugs, sta-
tionery, leather and findings, boots
and shoes, plumbing, hardware, tin-
ware and tinning, crockery and glass-
ware. Lists of said supplies will be
furnished by the clerk of the board
upon application. Samples can be
seen at the asylum, and goods must be
in accordance therewith. All goods
must be in strict accordance with
sample in original packages when pos-
sible, and delivered at the State In-
sane Asylum within 20 days after the
contract is awarded, and bids must be
on blank forms, which will be fur-
nished, together with instructions to
bidders, by the clerk, upon applica-
tion. Each bid on flour or meat must
be accompanied by a certified check
of \$300, and each bid on fish by a cer-
tified check of \$75, and all other bids
by a certified check equal to 10 per
cent of the amount bid, checks of un-
successful bidders to be returned im-
mediately, and those of accepted bidders
when the contract is completed. Bids
must be enclosed in sealed en-
velopes, and directed to the board,
care of the clerk, and plainly marked,
"Bids for Asylum Supplies," and the
class of goods bid on should also be
inscribed on the envelope. Price, fit-
ness and quality being equal, prefer-
ence will be given to articles manufac-
tured, grown or produced in this
state. When a particular article is
specifically called for, bids for any
other kind of manufacture, or brands
equally as good, will be entertained,
but to insure recognition of such bids
samples of the articles it is proposed
to supply must accompany them. The
board reserves the right to reject any
or all bids, or to accept or reject any
part of a bid. Bids will be opened at
the Capitol, at Salem, at 10 a. m.,
Wednesday, July 8, 1903.

By order of the Board of Trustees
of the Oregon State Insane Asylum,
W. N. GATENS,
Clerk.

Negro Murderer on Trial.

New York, June 30.—The district

attorney's office has established some-
thing of a record for speedy action in
the case of William Spencer, the
negro who shot and killed in cold
blood Charles S. McFarlane, the
superintendent of the anti-policy so-
ciety, in the corridors of the criminal
court building. Spencer was placed
on trial today, after scarcely two
weeks has elapsed since the commis-
sion of his crime. It has been a long
time since popular indignation has
been aroused to such a pitch against
a murderer in the metropolis as has
been in the case of Spencer, and this
feeling has prompted the prosecution
to rush the case through as speedily
as possible as may be done without
giving excuse for the cry of "rail-
roading" the negro to the electric
chair.

Spencer was a lieutenant of "Al"
Adams, the dethroned policy king,
and it is probable that before the end
of the present week the negro will be
occupying a cell in Sing Sing prison,
where his former chief is now serving
a one year's sentence.

Is your Hair worth One Dollar?

If so, buy a bottle of Newbro's Hair-
side and stop that dandruff that is
slowly but surely rendering you bald.

NEWBRO'S HERPOIDE

Is the only preparation on the market
that really will stop it, for it is the
only one that kills the microbe at work
on the hair root, thus destroying the
cause and consequently removing the
effect.

One trial will convince you the same
as it has this "doubting Thomas".

Newbro's, Cal., Dec. 1, 90.
When I bought this bottle of Herpoide a
few months ago, like the majority of such
preparations, I thought it would prove a
hoax, but I was happy to state that it does
not, and even more, that you claim for it. My
hair is growing rapidly. Respectfully,
A. L. R. HALL, San Francisco, Cal.

cents in stamps for sample to The

HALLOWELL Co., Detroit, Mich.

MUSIC ON THE SQUARE

Ladies Arranging for
Another Night's
Entertainment

Have Purchased Two Dozen
Iron Seats and Walks
will Soon be
Built

The Marion Square Improvement
League met yesterday afternoon at
the home of Mrs. W. H. Byars, and
held a short business session.

The ladies decided to give another
ice cream social Friday evening, July
10th, and, as better weather can be ex-
pected, it is likely it will be even a
greater success than the first.

Two dozen iron seats have been or-
dered and paid for at \$6 each, from the
Salem Iron Works. These will be
placed under the trees, close to the
walks.

It is the desire of the ladies to order
at least two or three dozen more, but,
as the seats are quite expensive, they
must have more money. These iron
seats are for the pleasure-seekers who
desire to lounge in the park, and
wooden benches will be placed in front
of the stand for the crowds, when spe-
cial exercises are to be held.

Yesterday W. J. Culver surveyed the
square for walks, and, as soon as the
plans are completed, the city will be-
gin the work of laying them.

The ladies have, as yet, arrived at
no conclusion in regard to what kind
of a fountain is to be erected, but this
will be settled at the next meeting; so
that the work may progress during the
summer. There is now about \$500 in
cash in the treasury of the league,
which is available for a fountain, and
many members think more money is
necessary, as that amount will not buy
a very elaborate fountain, and pay the
freight and cost of erection.

CROPS LOOK FINE

Cool Weather and
Rain has Repaired
Damages

Cherries are not up to
Average, but Standard!
Crops are all
Good

U. S. Department of Agriculture, Cli-
mate and Crop Bulletin of the
Weather Bureau, Oregon Section,
for the week ending June 30th:

General Summary.

The past week has been showery
with nearly reasonable temperatures.
There is a large amount of hay ready
to cut, but its harvest has been de-
layed by wet weather, and consequent-
ly clover and vetch have lodged badly
in the coast counties, and also in
portions of the Willamette valley. A
few farmers have cut their clover hay,
and it has been more or less damaged
by the rains. With favorable weather
haying will be general next week.
Range is improving, and in the dairy
districts the flow of milk is normal.

Fall wheat, barley and oats are
about all headed out, and in the south-
ern part of the state the straw is be-
ginning to turn yellow, which indi-
cates that the harvest of these crops
will soon begin. Spring wheat has
made an excellent growth, and it is be-
ginning to head in many places. Fall
wheat seems to be filling well, and,
whereas, owing to previous unfavor-
able conditions, an average wheat
crop is not possible, the quality prom-
ises to be better than usual. It now
looks as if the oat crop, both in quan-
tity and quality, would be above the
average.

Minor crops, such as hops, potatoes,
onions, sugar beets and garden truck,
have made excellent advancement dur-
ing the week, and but few complaints
are made regarding damage to them
by insect pests.

The strawberry season is drawing
to a close with satisfactory yields.
The outlook for prunes is excellent,
and pears promise well. Apples con-
tinue doing nicely, but the cherry crop
is disappointing.

Willamette Valley.

Quincy, Columbia county—Rainy all
week; grass splendid, and cattle are
doing nicely; cherries ripe and wild
blackberries ripening.

Troutdale, Multnomah county—
Heavy rain Saturday very beneficial;
crops look well, and everything is
growing finely.

Tigardville, Washington county—
Cool and showery; fine growing
weather, but poor hay days; some
hay spoiled; cherries are cracking
very badly.

Sandy, Clackamas county—Rain is
doing damage to the clover hay, as
considerable is falling; other crops
look well; potatoes extra good;
prunes and apples dropping consid-
erably, and a very light crop is ex-
pected.

Amity, Yamhill county—Week gen-
erally cool and showery; crops have
improved wonderfully; spring sown
grain fine; fall sown wheat and winter
oats all headed out; spring oats and
barley heading, also some early sown
spring wheat; considerable clover hay
cut and in various stages of curing;
garden truck looking well; cherries
damaged by rains.

Falls City, Polk county—Week fa-
vorable; haying begun, with fair crop.
Albany, Benton county—Weath-
er cloudy with rain Saturday; crops
doing well; wheat promising good
yield; oats above average; haying well
under way; hay yield is under aver-
age, but of good quality; warm sun-
shine is needed for all crops.

Maclean, Marion county—Weather
showery; grain and grass doing finely;
too cold for corn; hops in the old
yards light, in new yards fine; pota-
toes doing well; strawberries about
gone; cherries light; haying will be-
gin next week; hay crop light.

Lebanon, Linn county—Weather
cloudy and showery; haying delayed;
all crops showing good advancement;
strawberries and cherries still in sea-
son.

Blachly, Lane county—Week rather
cool and cloudy, with some light show-
ers; grain and potatoes doing well;
corn, squashes and tomatoes grow
slowly; strawberries and cherries
slowly ripening, and the birds take a
large share; prunes and apples doing
well.

Carnival!

Don't forget that Strong's Restau-
rant is the best place during Carnival
week—open day and night.

Free Car Tickets
with each cash purchase of
\$1.00.
