Superintendent Calbreath Makes Report for June

Number of Patients Steadily Increasing and General Health Conditions Reported as Excellent

The board of trustees for the insane asylum held the regular monthly meeting at the capitol yesterday afternoon, when Superintendent Calbreath submitted his report for the month of June, showing the condition of affairs at the institution, and the cost of maintenance for the month. The report showed an increase of 22 in the number of patients under treatment, with a total of 1324 in the institution on June 30th, the close of the month. The general health conditions are reported good, but there were 12 deaths during the month.

The statistical report shows the number of patients received during the month, and those discharged, died and eloped, with totals as follows: Total number of patients May 31st, 1302.

Received during June 42, and one escaped patient returned. There were discharged, three recovered, four improved, one not improved, one eloped and 12 died, leaving 1324 June 30th.

There are 160 officers and employees at the institution, and the per capita cost of keeping patients is \$10.44 per month.

Supt. Calbreath reports the insane patients from Alaska, cared for at the expense of the federal government, as in a satisfactory condition. There are 34 of these patients, and the cost of the care of these for the past three months aggregated \$1517.50, a bill for which will be forwarded to the interior department at Washington.

The board of trustees of the Oregon reform school also met at the capitol yesterday afternoon, and Supt. H. E. Bickers filed his report. It shows 119 boys in the institution on June 30th, and during the quarter 13 were received on commitment, five escapes or paroled boys were returned, 22 were paroled, and one escaped, while only one died during the quarter. The superintendent reports improvements under way in the several buildings of the school, and the growing crops are reported in excellent condition. Dr. A. E. Tamiele, the physician of the school, reports the sanitary and health conditions in very satisfactory condition.

FOURTH UP THE RIVER Independence has a Day With Something Doing

Independence very properly celebrated Independence day, and it was her day sure enough. The crowd began to gather early in the morning, and by the time the parade started fully 5000 people lined the walks and made the little city look like Wall street when the market is rising. The parade was a grand success, and the floats were many, and some of them very beautiful. Mr. Harris, of Eugene, speaker of the house in the last legislature, delivered the oration, which was something new in that line, he departing from the old routine. The hearty applause and numerous congratulations tell the story of the address. Prof. E. M. Smith, of Monmouth, read the Declaration of Independence in a telling manner. After that the day was taken up with footraces, bike races, hose races, and all other kinds of races.

One of the amusing features was the scattering of 2000 pennies, 1000 among the little girls, and another 1000 among the boys. A space was roped off in the street, and some forty future heart-breakers were ready for business. The way they picked up those new pennies reminded one of a lot of young chickens at feeding time. The day wound up with a dance, and belated Salem visitors reached home, tired, but pleased with their visit, at 3 o'clock Sunday morning.

The Latest Yarn.
A Pittsburg drummer tells this new yarn: I always carry a bottle of Kemp's Balsam in my grip. I take cold easily, and a few doses of the Balsam always makes me a well man. Everywhere I go I speak a good word for Kemp. I take hold of my customers—I take old men and young men, and tell them confidentially what I do, when I take cold. At druggists, 25 and 50 cents.

HOP MARKET LIFELESS

The California Crop Will be Short for This Year

San Francisco, Cal., July 6.—(Special to Salem Journal.)—The E. Clemens Horst Co. give this report for publication:

The situation with regard to the growing crop is as follows: Mendocino will run about one-third short of last year, Sonora county will run about one-sixth short and Yuba and Placer counties about the same. In Sacramento and Yolo counties the crop will run about one-fifth short, though in Sacramento counties we have had very heavy north winds during the last 48 hours, and quite a number of hop trellis fields have been blown down, and it is impossible at this writing to estimate how much of the crop will be lost by reason of this storm. All the crop in California will probably run 10 per cent short of last year.

The stock of hops is pretty well cleaned up, and only a few lots are left unsold in Sacramento and Sonora counties. The rest of the state is practically cleaned up of old stock. The market, however, is without life as to the old crop.
