**HOPS GOING DOWN**

Indications Point to a More Than Average Crop

England to Have a Splendid Yield and Pacific Coast Conditions are Much Improved

The hop market is on the decline, and growers who have held their crops until this time cannot realize more than 60 per cent of what they were offered for their hops last November, and the outlook for improvement in the market, according to the best information obtainable in local hop circles, is very slight indeed. Sales of hops during the last few days show the tendency of the market to be steadily but surely downward, and there is no circumstance at this time that would indicate an early advance, if one can be looked for at all before the harvesting of the new crop begins.

Last week several sales at 17 cents were reported, but the market continued to grow weaker, and on Saturday afternoon Lemery Bros. of Gervais, disposed of their crop, for which they refused 26 cents last fall, at 16 cents, T. A. Livesley & Co., of this city being the purchasers. Yesterday afternoon Horst & Lachmund bought a lot of 78 bales at 15 1/2 cents. This lot was also a choice one, as good as could be found in growers' hands in the state.

Dealers all agree that the market is very weak, orders from Eastern houses are very scarce, and when received are at such low figures that they cannot be filled, though growers still holding their crop are anxious to sell. The top quotations last evening were 16 cents, with indications for a further decline and today the same dealers offer even less, as they cannot secure orders at figures given yesterday.

Brewers are not buying stocks at all, and advices received from New York City are to the effect that choice Oregon hops are selling on the market for 18 cents. Deducting from this 2 cents freight and a half cent commission, brings the price of hops here down to 15 1/2 cents, and as this a quotation on a dull market there is little hope for an increase at this time.

All crop reports from England, the Continent, New York state and the Pacific coast are extremely favorable, and a large crop is predicted this year, unless very unfavorable conditions set in when least expected. Leading New York men predict a crop of from 60,000 to 70,000 bales in that state; reports from California are to the effect that the yards in that state will yield from 50,000 to 55,000 bales, while the hop gardens in England and on the Continent promise a bumper crop, the English hops, especially, standing very well. Of course, there are isolated yards that are promising but a poor yield this year, both in Europe and this country. These can always be found, and they are to be seen here in Oregon. But the backward yards—those that were backward last spring—have generally come out nicely, and the most of these promise a good yield. The crop conditions in Oregon and Washington are very favorable at this time, and hop men who are well informed, and have made extended visits to the yards throughout the state, assert that the crop will be no less than 75,000 bales, and some even place the yield at 80,000 bales, though others differ somewhat from this estimate, and place the prospective yield at a much lower figure. But, according to the best information obtainable, the outlook for a big crop is very good, and this naturally is a factor in causing a decline in the market, especially if the brewers generally are well supplied with stocks and can wait for the new crop before replenishing their stocks, as it is asserted by some of the best informed men in the trade is the case.

As showing conditions in the yards in New York and California, two well-informed hop dealers, who have but recently returned from these states, were seen, and their statements, based on observations on the ground, are of some value. George Dorcas has arrived in Salem from Santa Rosa, California, where he spent the past nine months in the hop trade, and he says the California yards are in excellent condition, and promise a yield for that state of at least 55,000 bales. Mr. Dorcas is here as the representative of Philip Wolf & Co., of San Francisco, and expects to open an office here for that firm.

Mr. Hugh L. Fox, a prominent New York dealer, who makes annual visits to Oregon, to look over the situation,

and ascertain the conditions prevailing here, arrived in Portland yesterday, and in conversation with a Salem man, stated that the New York crop would reach 60,000 bales, and as Mr. Fox is known as a most conservative man, his estimate will doubtless be considered a fair one.

**MUST CONVINCE.**

**Salem People Must Believe the Testimony of Her Best Citizens.**

Testimony like that below cannot fail to convince Salem people, because a Salem man is the speaker and he is a man of reputation in the community. Jacob E. McCoy, bridge builder and contractor, residing on Capital street, second house beyond Mill creek says: "I have always enjoyed good health up to five or six years ago. Along about that time my kidneys commenced to bother me. There was not so much backache, but the principal symptoms were in connection with the kidney secretions. A strain or over-exertion very often caused hemorrhages of the kidneys. I cannot say that it was so painful but it was very annoying. I used various remedies and while some gave relief others were worthless. In some way Doan's Kidney Pills were brought to my notice and when up town I dropped into Dr. Stone's drug store and procured a box, taking them as directed. A few doses gave me very convincing proof that they were going to the right spot, and though I can't say they have cured me, as I may never be cured, I can state that they gave me wonderful relief. I have a high opinion of Doan's Kidney Pills and cheerfully recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan and take no substitute.

There are now on the road in the United States 150 circuses, pony and dog, wild West shows, and nine Uncle Tom's Cabin shows in tents.

Whole communities and sects of people live healthfully, happily and painlessly for the most part without drugs.

**A SURGICAL OPERATION**  
is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since. H. A. Tinsdale, Summerton, S. C. For Blind, Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve. Sold by F. G. Hans, 90 State street.
