A CLEAN FRESH SHOW

The Jose Minstrels in
the Lead of
All

Complete Electrical Equip-
ment, Fine Scenery and
the Best Talent Money
Could Secure

There have been minstrels and minstrel companies, many of them, but it has been reserved for Richard J. Jose, the sweet voiced contra-tenor to merge into one company, the Richard J. Jose Minstrels, an aggregation of singers and comedians the like of which has not been seen before in any first part of burnt cork.

In gathering together his present company Mr. Jose has not spared money in the question of salaries or otherwise. His dream and pride has been fully realized in the Jose Minstrels. The ranks of the best opera companies have been searched for talent, with the result that the peerless basso of the "Bostonians," Wm. McDonald has been signed; and Frank Cushman's name needs no introduction, nor does Wm. Keller Mack, probably no two greater fun makers exist upon the stage today. Both different in their respective lines, and standing without a rival in the realm of comedy they are both artists of international reputation. A complete electrical equipment is carried for the gorgeous first part, making one of the most remarkable stage settings and pictures which the boards have furnished in many years, rivaling in spectacular effect many so-called and so billed spectacular shows.

The Jose Minstrels marks the era of a new minstrelsy with everything clean, fresh, sparkling, up to date, embodying in the entertainment opera, minstrelsy and comedy. It is one of the largest and strongest attractions now touring the country and is meeting with the most flattering success. The new songs by the celebrated singers are creating a great demand for the scores and causing a furore wherever heard.

The Richard J. Jose Minstrels come to the Grand opera house on Saturday evening, July 11. Seats on sale at box office Saturday at 9 a. m. Prices, \$1, 75c, 50c, 35c.

TO FLY OVER LONDON

Stanley Spencer Will
Sail New Airship
Monday

Machine Will Have 24 Horse
Power and Will Travel
30 Miles an
Hour

London, July 10.—A remarkable airship trial is to take place from the Ranelagh Club grounds tomorrow, when Stanley Spencer, the young aeronaut, who sailed over the northern suburbs of London last year, will take a new and powerful airship across the metropolis at a speed which may range up to 30 miles an hour.

A distinguished gathering will be present to watch the start. The journey through the air will not be dependent on perfect weather conditions, the great power of the new ship being sufficient to force it through winds which would altogether stop a smaller craft. A storm might delay the start, but ordinary summer breezes will make little or no difference.

The total length of the new ship is about 90 feet and the breadth in the widest part about 22 feet. Beneath the cigar-shaped balloon is suspended the bamboo frame work carrying the one or two passengers, the petrol motor, the screw tractor or propeller, and the rudder. The motor is placed in the front half of the framework, the car in the back half. The propeller is fixed in front, the rudder at the rear. Everything is worked from the car by an apparatus similar to that used for operating the brake on cycles.

The airship with which the successful experiments were made last year was of four horse power, while the new ship is of 24 horse power. The maximum speed of the former was 10 miles an hour, and of the latter 30 miles an hour. The two-blade screw tractor for propelling the ship is 12 feet in length. The rudder consists of a silk-covered framework. The airship is capable of carrying two passengers, but for the initial trip tomorrow the daring inventor will be unaccompanied.

As to the power of the airship, Mr. Spencer says it will be able to go through any wind the velocity of which does not exceed 30 miles an hour. Extended journey are planned by the inventor, and he says he hopes to provide surprises for the spectators.

CATARH OF THE STOMACH.
When the stomach is overloaded, when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicine failed to benefit me until I used Kodol Dyspepsia Cure.—J. B. Brea, Copell, Tex. Sold by F. G. Haas, 60 State street.

Estate Worth Seven Millions
at Which the Lawyers
Will Now Have a
Chance

Boston, July 10.—The contest over the will of the late Arloeh Wentworth, which promises to be one of the most memorable cases of its kind in local court annals, came up for hearing today in the probate court. The estate is valued at about \$7,000,000, and under the latest will, made in 1903, practically the whole estate was bequeathed to establish an institution for poor boys, subject to life interest of his daughter, Mrs. W. H. Stuart, and several minor bequests. Mrs. Stuart objects to the production of the will of 1903, alleging that testator was then of unsound mind, and seeks to have allowed the will of 1887, by which she was made the chief beneficiary.

Catarh Cannot be Cured.
With LOCAL APPLICATION, as they cannot reach the seat of the disease, Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh.
