Portland, Ore. May 9, 1898  
The Van Alstine, Gordon & Co. Mercantile Agency. Gentlemen: We are in receipt of your favor of the 4th inst. We have been using your reports for about a year, and will say that we have found them very satisfactory thus far. They are more reliable than those we had been procuring elsewhere, and we have found that they can be depended upon. Yours truly, RUSSELL & CO.

The Lane County Electric Company has begun work on its new power station, to be erected at Springfield. The immense boilers have arrived, and will at once be put in place, the foundation being nearly completed. The power plant will be one of the finest in the state, and current will be generated and sold for all purposes in Eugene and Springfield.

### BIG MONEY

Is made by investments in good mining stocks. Oregon mines are paying millions annually to their owners and investors. Why not get some of this money yourself? Great inducements cannot be had in Oregon for investment. Oregon's dividend paying mines are rapidly increasing. Invest now, while stock is low and good properties are offered you in prospect, mines, and dividend payers; before Eastern investors "gobble up" the stock as Oregon's timber lands have been.

Call and see us, or write, for our list of stocks and good prices.

### Houses Wrecked.

Baltimore, Md., July 13.—A severe wind and rain storm occurred here Sunday afternoon, which was particularly violent in a limited section of Northeast Baltimore, where, within a radius of about four blocks, 50 houses were unroofed. For several squares the streets were thickly strewn with debris.

Three hundred people were rendered homeless for the time being and were compelled to find shelter in neighboring houses. The damage to houses and household goods is estimated at \$100,000. The rainfall here

for the day was 3.95 inches, and the velocity of the wind 40 miles an hour.
