HOW ROAD FUNDS ARE RAISED AND DISBURSED.

(Lincoln County Record.)

In view of so many conflicting theories on this important subject we deem it expedient to say a few words for the benefit of those who have not the means of investigation at hand.

"The county court may levy a tax of not to exceed 10 mills on the dollar on all taxable property of the county at the time of making the annual tax levy upon the previous year's assessment, which will be set apart as a general road fund, to be used in the building and improving the public or county roads or bridges on county roads of the county in which the property is located."

This tax is to be paid in money and collected by the sheriff, the same as other taxes are collected. When this money is collected it is to be kept by the treasurer in a separate fund known as the "road fund," and can be used for road purposes only. Fifty per cent of this fund shall be apportioned to the several road districts, in such proportions as the amount of taxable property in each district shall bear to the whole amount of taxable property in the county, and the remaining 50 per cent shall be applied to roads in such locality in the county as the court may direct.

For the purpose of this distribution, and other reasons, it is made the duty of the county clerk to take the tax rolls, after they are completed and equalized, and compute the aggregate value of all property in each road district in the county and to compile the same upon a page of the tax roll.

Any supervisor of the county can have a certified copy of the aggregate valuation of the property in his road district by applying to the clerk for it. If the money thus raised, together with the road work in the district, is not sufficient to keep the roads in good repair, any three freeholders of the district may petition the road supervisor to call a meeting of the legal voters of the district. This meeting has power to determine what special road work is needed and to levy a tax not to exceed 10 mills on the dollar on all taxable property in the district, both personal and real.

This tax is to be collected by the same officer and in the same manner as other taxes and kept by the treasurer in a separate fund for the use of the district wherein it was raised.

If such a district was purveyed by all the road districts it would enable the county court to make smaller levies, and would no doubt be more satisfactory to the people.

JOURNAL X-RAYS.

Give the children a chance. God's fresh-air fund is inexhaustible.

If Bryan and Cleveland will control their adjectives a little, both will be running on the same ticket in 1934.

Fred Day, the young man shot in the Portland street car holdup, has parents living at Toledo, Lincoln county, Ore.

Those who so many times forecasted the death of the Pope should have heeded the biblical injunction not to prophesy.

Who says this nation is not becoming a factor in the affairs of the world? There is an international stock food and an international scale of prices for shaving.

When members of the cabinet are chosen from the ranks of mere short-term private secretaries, this country cannot be said to hold out very great inducements for statesmanship.

A Mormon settlement, with five Mormon elders in charge has been founded at Falleu, on the American island of Tutuila. They have cleared 22 acres of land, and are teaching the natives to read and write, plant and cultivate the soil.

It is easy for a state convention of Republican politicians to be for Roosevelt. He is about the only man of prominence who, mistakenly or otherwise, stands positively for anything. The rest are floaters.

What a magnificent graft the so-called civil service system has come to be! A young man can take a clerical examination before some clerk in a country postoffice, and two or three years after gets an important appoint-

ment he wasn't expecting at all. Will such a system give the country a good business administration? Would any business man employ such a system, and keep out of bankruptcy? And the fellow appointed, whether fit or not, cannot be got out of office inside of a natural life time. He becomes an ardent champion of the machine that put him in office, and so do his sisters, cousins and aunts, to say nothing of nearer and more directly interested relatives. All the adherents of this system become politically enervated and indifferent of all public policies, but that of holding their graft.

No one has ever clearly explained why, at this season of the year, a girl whose skin would be hopelessly ruined were she to roll up her sleeves and put her hands into a dishpan half full of water for a few minutes, can play golf or tennis, bare-armed, all day long, or go into the water bathing morning, noon and night, and be proud of the color she acquires in so doing. Why is it, girls? Don't all about the answer at once.—Boston Herald.

Here is a thought by Charles Kingsley that you should make your own, and weave into your life:

"If you wish to be miserable you must think about yourself, about what you want, what you like, and what respect people ought to pay you; and then to you nothing will be pure. You will spoil everything you touch. You will make sin and misery for yourself out of everything God sends you. You will be as wretched as you choose."

And now comes a cry from Macedonia for a city board of health at once. The charter that created that board of health did it to serve the interests of Greater Salem, and if the spirit of that charter is adhered to such a board cannot be created until the new limits are in effect.

One of the bills against Lincoln county at the July term reads: "E. J. Smith, to one bedstead, broken by Commissioner George King on the night of June 10, 1933; continued for further investigation." It is presumed that Mr. King is a very heavy man.

It is blandly suggested by a hayseed, who is not a member of the infallible council, that before many more new laws be enacted that some of the present ones be put in force.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Bochee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption where there is difficult expectation and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. Dr. Stones' Drug Stores.

Negroes After a Negro.

St. Louis, July 20.—The jail at Brooklyn, a suburb of East St. Louis, across the river from here, was broken open to night by a mob of negroes, whose desire it was to lynch one of their own color, for an attempted assault on a negro woman earlier in the day.

William Carter, the negro prisoner, was hurried from the jail by Village Marshal Speed, who took him in a roundabout way to St. Louis for safekeeping, after the mob had broken open the doors with a railroad tie. There were no other prisoners in the jail at the time.

The human anatomy is far too delicate to entrust to the ruthless manipulations of those experimenting to see what they can find out, or pretending to know what they do not.

Supreme Court Notes

In the supreme court this afternoon three opinions were handed down, in cases heretofore tried on appeal. They are:

Bessie Randall and Bessie O. Randall, a minor, respondents, vs. C. G. Lingwall, appellant; appeal from Marion county; Hon. R. P. Boise, judge, affirmed. Opinion by Associate Justice R. S. Bean.

The respondents are the heirs of O. P. Randall, deceased. Mr. Randall, before his death owned a piece of property in Salem, which he sold to his brother, the deed being recorded, but a little later the property was re-sold to the original owner, the deceased, but the last deed was not recorded, and the last grantor claimed the property. The widow and the minor orphan brought this suit to quiet the title, and secured a verdict in the lower court, and this was sustained by the appellate court.

J. H. Middleton, respondent, vs. F. M. Moore, et al., appellants; appeal from Multnomah county; Hon. A. P. Sears, Jr., judge; affirmed. Opinion

Thirty

Years of Severe Heart Trouble.

Obtained No Relief Until I Tried

Dr. Miles' Heart Cure—It Cured Me.

Since the advent of Dr. Miles' Heart Cure the general public has learned to know that heart disease is curable. Fluttering, palpitation, shortness of breath and heart pains rapidly disappear before its magic influence. It is marketed as a heart and blood tonic.

"My case was one of long standing. As early in life as my thirty-sixth year, or more particularly November, 1887, when returning home from a journey, I was taken with a severe congestive chill, which caused my whole frame to shake, and which a noted physician pronounced a case of severe congestion of the heart. From that time on for thirty years I gradually became enfeebled in health, until 1922, my sufferings became intense from shortness of breath and palpitation of the heart. I could obtain no permanent relief, although I spent much money in procuring medical advice, until I took several bottles of Dr. Miles' New Cure for the Heart. I continued the remedy until my health was restored, and always keep a supply on hand for any emergency. I am now past 70 years of age and weigh 176 pounds. I have also used Dr. Miles' Nerve and Liver Pills, Anti-Pain Pills and Nerve Plasters with good results. The Anti-Pain Pills proved most effective in a most painful attack of neuritis, and also for sciatica. It is my experience that the remedies can be relied upon absolutely every time they are properly used."—W. G. BOWERS, Beaver City, Utah.

Elks in Session

Baltimore, Md., July 21.—Thousands of members of the Benevolent and Protective Order of Elks are here from every prominent city in the country to attend the annual meeting of the grand lodge and reunion of that order, which began today and will continue throughout the week. Tomorrow there will be a grand parade, which it is expected 15,000 Elks will participate.

The opening exercises were held today in Ford's opera house, which was crowded with badge bedecked Elks and their ladies when the grand chaplain arose and offered prayer. Mayor McLane made the opening address of welcome. He was followed by Charles R. Schirm, who welcomed the visitors on behalf of the Baltimore lodge. George Cronk of Omaha, the grand exalted ruler, responded. This afternoon there was a grand band concert at Electric park and other festivities are planned for this evening.

Railway Agents' Meeting

Eureka Springs, Ark., July 21.—The seventh annual convention of the National Association of Railway Agents opened here today. The object of the organization, as stated by President Mills, is "the uniting of the railroad agents of the country in one common bond, enabling them to exchange ideas and thus improve the service of the agent to the public." The sessions of the convention will continue through tomorrow, and at the conclusion of the gathering the members will go on a number of sightseeing trips.

In Memory of Ingersoll

Chicago, Ill., July 21.—The fourth anniversary of the death of Col. Robert G. Ingersoll was observed today by the holding of memorial services under the auspices of the Ingersoll Memorial Association of Chicago. The association is behind a movement having for its object the erection of an imposing monument to Colonel Ingersoll.

Carolina Farmers

Raleigh, N. C., July 21.—The state farmer's convention, for which preparations have been making for some time, began its sessions today at the state agricultural and mechanical college. The attendance was large and representative when the gathering was called to order shortly after noon. Governor Aycock welcomed the visitors and the afternoon was spent in discussing several topics of interest to farmers. This evening Secretary of Agriculture Wilson is to address the convention. The sessions will continue through Thursday.

Dairy and Food Men

St. Paul, Minn., July 21.—The annual convention of the National Association of State Dairy and Food Commissioners was opened at the state capitol today with J. W. Bailey, of Oregon, president of the association, pre-

siding. The attendance was large and representative of the entire country. Prominent among those present were Dairy Commissioners H. B. Wright of Iowa, C. P. Sherwood of South Dakota, Mrs. Mary L. Wright of Colorado, J. H. Thomas of California, A. H. Jones of Illinois, J. N. Hurty of Indiana, J. Q. Emery of Wisconsin, Horace Ankeny of Ohio, and B. W. Kilgore of North Carolina.

Gov. Van Sant and Mayor Smith welcomed the visitors, for whom response was made by A. H. Jones, of Illinois. The annual address of President Bailey occupied the remainder of the opening session. After luncheon the delegates reassembled and listened to an interesting paper by Commissioner H. B. Wright of Iowa on "The Dairy Industry of the Country," followed by an address on "The National Food Law," delivered by Congressman H. C. Adams of Wisconsin. This evening Prof. H. W. Wiley, chief of the United States bureau of chemistry, will tell the association of the results of his recent noted experiments on the effects of antiseptics on the humus body.

Bear Fomenting More Trouble

London, July 21.—A story is current here that the Russian government is distributing money in London for the purpose of fomenting demonstrations against the Jews, as an excuse for the recent outrages at Kishineff. The idea is that it may be said, "You see what a turbulent people they are; can you wonder that we have taken strong measures with them?"

He Dove a Dive. Bert Sappington made a high dive from the Albany steel bridge Sunday afternoon. He jumped a distance of 50 feet, but failed to turn over, sustaining quite severe injuries about the head and shoulder.—Albany Herald.

Special Notice. There are newly appointed officers to take charge of the Salvation Army work in this city, and we want the friends of the organization to take notice that we are to do our very best, to build up the work of the salvation army; and we would be thankful for any assistance that anyone can give. Yours very respectfully, Lieutenant Wm. Darwent, in charge; Lieut. Weimann, assistant.

The officers of the salvation army will commence meeting on Tuesday night at 8 o'clock. At the First M. E. church, July 25th, 26th and 27th, at 8 p. m., Hon. Volney B. Cushing will speak. He is one of the best orators of the day. Crowded houses in California met him at every appointment.

A Ministers Mistake. A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. His clergyman started to read the extract and found that it began: "Take Kemp's Balsam, the best Cough Cure." This was hardly what he had expected, and, after a moment's hesitation, he turned it over and found on the other side the matter intended for reading.

Washington's Grain Crop

Tacoma, Wash., July 21.—Grain exporters estimate this year's wheat crop at 29,000,000 to 32,000,000 bushels—about the production of last year. Bad weather and lack of rain has decreased the yield in some districts, but this is largely compensated for by increased acreage.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.
