DR. J. F. COOK

Has come to the conclusion that all professions of the healing art out side of the vegetable kingdom is a failure. When your system is run out without pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunder and lightning will not remove the cause, but lay the foundation for all kinds of disease. Those poisons go into your bones, and kill the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. You must bear in mind that his medicine is not a poisonous tonic, nor a stimulant, nor temporary relief which you get from poisonous drugs, where the results are sure death sooner or later. Do not blame the medicine, when it takes an effect and stirs up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build a new body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of Nature's Herbs—what the human system requires. When the animals get sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.

To Test the Anti-Rebate Law

Norfolk, Va., July 31.—Railroad and business circles are awaiting with keen interest the outcome of the argument begun in the United States district court here today in the application for a permanent injunction to restrain the Chesapeake & Ohio railroad from carrying coal or any other traffic at any greater or less rate than its published tariff rates, and also to restrain the New Haven road from receiving any rebate or advantage therefrom. The case is the first to arise under that section of the anti-rebate law which gives the inter-state commission power to ask for an injunction to restrain a railroad from charging less than its posted freight rates.

The action in the present case is based on the original complaint of W. C. Bullitt, a Philadelphia coal dealer, and the testimony given by President Stevens, of the Chesapeake & Ohio, shows that a contract was made five years ago by his road to deliver at New Haven 3,000,000 tons of New River coal at the rate of 400,000 tons a year for \$2.75 a ton. When the contract expired in April last, 60,000 tons remained undelivered, and a new contract was made for the delivery of that amount at the old rate.

After paying for the coal, its transportation from Newport News to New Haven, by sea, and discharging it from the vessel, there remained for the railroad company only 28 cents a ton as freight from the Kanawha district of West Virginia to Newport News, whereas the published rate of the Chesapeake & Ohio for that haul is \$1.45 a ton. It is this apparent rebate, or discrimination of \$1.17 a ton, in favor of the New Haven road, and against others that form the basis of the complaint.

IS YOUR COAT DUSTY?

You Probably Have the White Scab of Dandruff On It.

If your coat or shoulders have a white dust upon it, the chances are that it is from dandruff. The only way to permanently cure dandruff is to remove the cause, which is a germ. Newbro's Herpicide kills the germ. Every toilet table should have such a hair dressing that contains also the destroyer of the dandruff and hair-falling germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good" will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Daniel J. Fry, special agent, Salem.

Shield's Park Is Popular

The interest in the Park is not waning, as an open-air entertainment is always enjoyable.

CATARRH OF THE STOMACH.
When the stomach is overloaded, when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete acids, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure. J. B. A Chest that Came in the Mayflower

Is sure to attract the attention of every New England woman and with pride in her heart she marvels that it is so strong

and well preserved. This is due to the fact that it has received prompt attention when any signs of weakening were shown. So the woman of to-day may keep her strength and preserve her good looks if she gives immediate attention to the first symptoms of any weakness.

Dr. Pierce's Favorite Prescription promptly cures disease and restores strength to all women who are weakened by any womanly disease and are run down by maternal and household cares.

After following your directions, I am happy to say that after five years of untold suffering I have not had any pains since first using your 'Favorite Prescription.' I thank God and Dr. E. V. Pierce for the health I now enjoy. I shall urge other women who suffer as I did to use your medicine."

Buffalo for Philippines

Messrs. Keylock & Pratt, of Shanghai, have been awarded the contract for furnishing 10,000 water buffalo to the insular government, says the Manila Times. All the animals are to be in good condition, sound and free from any disease, between the ages of four and eight years, and weighing from 900 to 1,200 pounds each.

Fifty per cent of the 10,000 will be oxen, 35 per cent females and 15 per cent bulls. All of the animals will be immunized against rinderpest by the "Simultaneous Reinoculation Method" before being shipped from China, under the direction and supervision of a representative from the insular laboratory. The whole number will be divided into lots of 500 each, and the shipments will be made once each month until the total number will have been landed in Manila. All are to be delivered over the ship's side at Manila, Cebu, Iloilo and Cullion, as the government may direct. In case the exportation of the animals should be prohibited by the Chinese government or in case, through the existence of a state of war, their exportation is impossible, the contractors will be allowed to withdraw their contract, which will become void.

Mr. Davies, the purchasing agent, has had considerable trouble in securing stock in China, owing to the few firms which deal in cattle exclusively. He has been compelled to make small purchases from different individuals.
