

Uncrowned Queens.

In the original meaning of the word every woman was a queen, for the word queen meant woman. In monarchic countries the wife of the king became the queen—the woman. In America we give the word back its original meaning and every woman becomes a queen.

The crown of womanhood is maternity. Every healthy woman looks forward to marriage. Every wife looks forward to motherhood as the crown of womanhood. And yet there are many uncrowned queens; women who because the desire for children is unrealized feel that they have missed the full regal height of womanhood.

It is one of the sad features of a large bureau of medical correspondence such

as is conducted by Dr. Pierce, of Buffalo, N. Y., that it has to deal so many times with the disappointed hopes of women who have failed of the happiness of maternity. But it is one of the glad privileges of this same medical correspondence bureau that in the greater number of such cases, the obstacles to maternity are overcome by the establishment of the woman's health.

Not infrequently women write that they feel perfectly well and cannot understand why they are denied the maternal happiness which they desire. Such women learn that feeling well and being well are widely different matters. Few women are by nature debilitated from the happiness of maternity. In the majority of cases Dr. Pierce's Favorite Prescription, supplemented by his free medical consultation by letter, are sufficient to establish the woman's health and remove the obstacles to maternity.

AN OPERATION AVOIDED.
"I had been a sufferer from uterine trouble for about three years, having two miscarriages in that time and the doctors that I consulted said that I would have to go through an operation before I could give birth to children," writes Mrs. Blanche E. Evans, of Parsons, Kansas, Pa., Box 41. "When about to give up in despair I saw the advertisement of Dr. Pierce's medicine in the Wilkes-Barre Record, and thought I would give it a trial as a last resort. I bought a bottle of Dr. Pierce's Favorite Prescription from the drugist, T. F. O'Donnell, of Parsons, and after taking it felt better than I had for years. It improved before I had taken one-half of the bottle. After I had taken four and a half bottles I gave birth to a bright baby girl, who is now four months old, and has not had a day of sickness. She is as bright as can be. I cannot say too much in praise of Dr. Pierce's Favorite Prescription."

Dr. Pierce's Favorite Prescription is peculiarly adapted to a medicine

for the cure of diseases peculiar to women. It will cure any disease which is curable by the use of medicine, and often cures diseases pronounced incurable by local physicians, or which they state are curable only by surgery.

"A Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It is the best preparation for motherhood; tranquilizing the nerves, encouraging the appetite and inducing refreshing sleep. It makes the baby's advent practically painless.

"For five years my wife was in an almost helpless condition, suffering from female weakness," writes J. B. Everitt, Esq., of Hagerman, Washington Co., Pa. "Last September I decided to try Dr. Pierce's Favorite Prescription. She took several bottles of the medicine and gave birth to a ten-pound son on January 31st, 1893. She is now sound and well and doing her household."

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. Stephens, of Mra. Northumberland Co., Va.

"Before my third little boy was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I ever did before. I unhesitatingly advise expectant mothers to use Favorite Prescription."

AN INVITATION TO WOMEN.
Sick women, especially those suffering from disease in chronic form, are invited to consult Doctor Pierce, by letter, free. All correspondence is held in sacred secrecy and womanly confidences are guarded by the same strict professional privacy observed by Dr. Pierce in his personal consultations with sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

In a little over thirty years, Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his staff of nearly a score of physicians has treated and cured hundreds of thousands of weak and sick women.

Dr. Pierce's offer of free consultation by letter is not to be confused with misleading advertisements of "free medical advice" made by those who have neither the professional qualifications nor the legal right to practice medicine. Any one can give advice on any subject. But the "medical advice" of a person who has no medical knowledge must be worthless and may be dangerous.

In consulting Dr. Pierce, women are addressing a physician whose skill as a specialist in the treatment and cure of diseases peculiar to their sex has given him a national reputation. There is no similar offer of free medical advice which offers advantages equal to those offered by Dr. Pierce.

Accept no substitute for "Favorite Prescription." The only motive for such substitution is to enable the dealer to make the little more profit paid by the sale of less meritorious medicines.

A MEDICAL WORK FREE.

Dr. Pierce's Common Sense Medical Adviser, containing over one thousand large pages and more than seven hundred illustrations, several of them lithographed in color, is sent free on receipt of stamps to pay expense of mailing only. This great medical work deals with subjects of vital interest to women. It treats of medicine, hygiene, and physiology; of the laws of reproduction and of biology in general. It teaches how to enjoy health and happiness in a long life. There is no charge for the book. Send 31 one-cent stamps (expense of mailing only), for the volume in cloth binding, or 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.
