## Good Stock But Low Prices

Deputies Sheriff Skipton and Palmer went to the Bybee ranch Saturday, where they sold a quantity of personal property, under an execution issued out of the circuit court for Multnomah county, on a judgment. The property sold was that of J. W. Bailey, who is the state food and dairy commissioner. The judgment was secured in the suit of William Kerron, plaintiff, against J. W. Bailey, defendant, and the amounts sued for and on which judgment was secured were \$377, and interest at 8 per cent from February 1, 1893; \$40 and interest from May 15, 1900, and \$14.25 costs and disbursements, the whole aggregating nearly \$700.

The property seized and sold under the execution consisted of a number of fine Jersey cattle, a quantity of machinery, and cord wood, the sale bringing about \$466, considerably less than the amount of the judgment. The property sold at a very low figure. A fine Jersey, registered, costing when a calf, \$125, sold for \$20; registered Jersey cows from \$9 to \$20; a new farm wagon, recently purchased at \$55, brought \$30; a new cream separator, valued at \$125, sold for \$10; fine stock hogs brought \$3 each; 94 acres of hay sold for "a song," and 106 cords of small fir wood brought \$150.

There was a good attendance of the farmers living in that neighborhood, but they showed no inclination to buy, and at the low figures realized, there

being a feeling that Mr. Bailey would claim interest in the property, after his return from the East, where he is now visiting. James L. Skipton, Sheriff Colbath's versatile deputy, cried the sale, and those who were present speak in high terms of praise of his ability in that line. The Bybee ranch, where the sale was conducted is on the Marion county side of the Willamette river, opposite Lincoln, and is about eight miles north of this city.

## HAPPY RESULTS OBTAINED.

By the Use of the New Scalp Antiseptic.

It wouldn't take long to number the hairs in the heads of some people, the reason being that they haven't many to number. In most instances, however, the fault is their own. A germ at the root soon plays havoc with the most luxuriant growth and causes it to fade and fall out. A remedy for this has recently been discovered, called Newbros Herpicide, that acts by destroying the germ that does the damage, besides removing all impurities from the scalp. In addition, it permits new life and vigor to enter the scalp, and happy results are sure to be obtained from its use. Try it. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Daniel J. Fry, special agent, Salem.
