DR. J. F. COOK

Has come to the conclusion that all profession of the healing art outside of the vegetable kingdom is a failure. When your system is run out without pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunder and lightning will not remove the cause, but lay the foundation for all kinds of disease. Those poisons go into your bones, and kill the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. You must bear in mind that his medicine is not a poisonous tonic, nor a stimulant, nor temporary relief which you get from poisonous drugs, where the results are sure death sooner or later. Do not blame the medicine, when it takes an effect and stirs up the poisons of disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build a new body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of Nature's Herbs—what the human system requires. When the animals get sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.

Struggle with a Sword-fish

Christopher Norwaugh, one of the best-known fishermen in the fleet that hauls from Block Island, had a terrific battle with a 500-pound swordfish and sustained injuries from which it is thought he cannot recover.

During the struggle the fish rammed the small boat in which the fisherman was at work and sent its sword through the hull and into the fisherman's body, causing a punctured wound of the most serious character. So severely injured was Norwaugh that the island doctors thought it advisable to send the patient to a hospital for surgical and such other treatment as the case might necessitate.

Norwaugh was one of the fishing crew of the catboat Lindsey, Captain Edwin Dodge. The craft left Old Harbor in company with the fleet about sunrise, and when six miles south of the wireless station Wallace A. Mitchell, another member of the crew, sighted a swordfish from the masthead. The fish, the largest and most ferocious seen this season, rose at full length above the feathering seas to the height of six feet a number of times. The craft ran down toward the fish, and Captain Dodge in the "pulpit," made ready to harpoon the monster.

As the Lindsey's head pointed up to the spot where the fish was last seen, Captain Dodge proceeded to haul in the line. The fish made no violent demonstration until it was within a few yards of the small boat, and then the struggle began. The fish circled the boat a dozen times as fast as it could swim, and then it went out of the sea, clearing the small boat. The fish's tail grazed the fisherman's head. The monster dived deep and, turning quickly, came up directly under the stern. The sword struck the bottom of the boat with terrific force, penetrated it, entered the interior of the fisherman's left leg and was forced through the fleshy part. The point of the sword came out on the exterior of Norwaugh's leg at the hip.

The weapon with which the fighting fish struck the man was over three feet long, and the wound it made was a tearing wound nearly thirty inches in length. The flesh and muscles of Norwaugh's leg were torn from the bone.

Mitchell saw the struggle between the man and fish, and the crew of the Lindsey went to the rescue as soon as possible. Norwaugh was found to be terribly torn, and he was bleeding profusely. It was feared he would bleed to death. The flow was stopped, and with the injured man aboard, the boat made for the harbor under both sail and ten-horse-power auxiliary, with which the craft is supplied. Nearly all the way in the vessel was throwing the sea over the bows. Everything depended upon the early arrival of the craft in port, where a doctor could dress the injuries of the fisherman. The Lindsey arrived here shortly after noon, and Drs. Hustad and Champlin attended the man.

They advised Norwaugh's removal, and he was taken to Providence on the New Shoreham, and upon the arrival of the vessel the man was conveyed in an ambulance to a hospital.

At this season the swords of swordfish are coated with slime, which is said to be deadly poison, and this poisonous matter is liable to cause blood poisoning and probably death. Norwaugh has a family living on the island.

A similar battle with a swordfish occurred off No Man's Land, forty miles east of this place, three years ago. The fish struck the fisherman, killing him instantly. The body fell into the sea, and it is supposed sharks seized it.

The fish that did the damage yesterday was captured—Block Island Wireless Edition of the Providence Journal.

TWENTY YEARS TRIAL.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from over work, dissipation, of exposure, causing weak and watery blood, and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets take with meals, turn the food into rich red blood, making strong steady nerves, and increasing the strength, building up solid flesh at the rate of 1 to 3 lbs. per week. This means health. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures; as we have been doing this for twenty years, we know our method to be the right one. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75c per box, or 3 boxes for \$2.00 sent by mail on receipt of price. Write us for a pamphlet telling all about this great medicine. Address Dr. Bosanko Co., Philadelphia, Pa. For sale at Dr. Stone's Drug Stores. 1

A SURGICAL OPERATION

is always dangerous—do not submit to the surgeon's knife until you have tried Dr. Witt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used Dr. Witt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tinsdale, Summerton, S. C. For Blind, Bleeding, Itching and Protruding Piles so remedy equal to Dr. Witt's Witch Hazel Salve. Sold by F. G. Haas, 96 State street.

Just a little too far and the woman who reaches over the cliff for the coveted flower goes crashing down into the abyss below. Just a little too far and the woman, who, day by day, neglects to cure the womanly diseases which weaken her is prostrated upon a bed of sickness. No woman should trifle with the diseases peculiar to her sex. Neglect to-day means a worse condition to-morrow.

Dr. Pierce's Favorite Prescription is a safe and reliable remedy for the cure of diseases peculiarly womanly. It establishes regularity, dries enfeebled drains, heals inflammation and ulceration and cures female weakness.

"My wife, Mrs. Mary Estes, has been taking your medicine and received great benefit from it," writes Mr. Geo. W. Estes, of Spring Grove, Va. "Was troubled with female weakness, heavy bearing-down pains, severe pain in back and head, and a tired, worn-out feeling all the time. Tried all the remedies we could hear of, but they did no good. Finally we wrote to you and your wife commenced taking 'Favorite Prescription.' Took ten bottles, and is in better health than before in a long time. We shall always recommend Dr. Pierce's Favorite Prescription to all who are thus afflicted."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Spanish War Pensioners

The payroll of pensioners on account of the war with Spain now approximates \$2,700,000. The war with Spain employed fewer than 265,000 men. The losses by death fell short of 300, and yet today, when the war with Spain is not yet five years past, the number of pensioners created by that war is estimated to exceed 142,500. The civil war engaged the services of more than 2,213,000 men, and of these only 1,727,500 survived the contest. Five years from the close of the civil war the disbursements for pensions were a little more than \$29,351,000, and this included the pensioners of the revolution. The war of 1812, the Florida war and the war with Mexico. The pension roll in 1866 contained but 126,722 names, and the total number of pensioners created by all our wars, down to the outbreak of the Spanish war, and still on the roll, is estimated at 950,000. If the list chargeable to the Spanish war grows in like proportion with the increase of the civil war pension roll in thirty-eight years, we may expect a pension list in 1927, due to the Spanish war alone, of 1,111,007, or about four pensioners to every ten men engaged. The following table shows at what a pace the pensions in the war with Spain have swelled:

Fiscal year.	Applications granted.
1869	500
1870	1571
1871	4212
1872	1511
1873 (incomplete)	4800

There are now on hand about 4,500 applications; 16,500 have come in within the last six months. Nearly 8,000 claims have been rejected in a single year.—Oregonian.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has the largest sale of any medicine in the world since 1863 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschoe's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 35 cent size has just been introduced this year. Regular size 75 cents. Dr. Stone's Drug Stores.
