

TURKS AND THE BALKANS

Have Inaugurated a Guerilla war Little Above Murder

Balfour says Greatest Trouble is Caused by Dissensions Among the Christians

Belgrade, Aug. 14.—The windows of the Russian legation here were stoned last night by a mob, to show its sympathy for the murder of the Russian consul at Monastir. The populace openly accuses England of intriguing to bring about the assassination of the consul.

Vienna, Aug. 14.—Die Zeit says the Turkish troops pursued and dispersed 300 insurgents near Monastir. The Turks then perpetrated terrible atrocities upon the inhabitants of the villages. The Turks destroyed 14 villages in the district of Ukub and Veleze. The insurgents robbed a Turkish post near Voden, and secured \$12,000. They also captured 80 wagons loaded with meat and supplies for the Turkish army, near Oshrida.

London, Aug. 14.—In the commons today Balfour said one of the deepest sources of mischief in Macedonia is the dissensions between Christians. The Turk, deep in guilt as he undoubtedly is can't be blamed entirely for the Macedonians' miserable condition. The policy of Britain will be to support Austria-Russia, in their endeavor for reform.

General Miles not a Candidate

Salt Lake, Aug. 14.—General Miles arrived this morning, en route to San Francisco. In an interview he said: "I am not a candidate for commander-in-chief of the G. A. R., and I shall second the nomination of John C. Black. The Grand Army was created for the common soldiers, and not for the professional. I have had honors enough in the military line."

Gold Silver and Platinum

Vancouver, B. C., Aug. 14.—Thomas McGuigan, of Spokane, manager of the American Boy mine in the Slocan, is here, telling of the extraordinary richness of Poplar creek, in the Lardeau.

He says the Lucky Jack, which has just been sold for \$45,000 cash and 40 per cent of the stock of a company to be floated, is by no means the best claim in the bunch. The Swede's Claim is regarded as the king bonanza of all, he declares. On this they have 3000 to 4000 ounces of silver, \$300 in platinum, and, Mr. McGuigan says: "God knows how much gold." The Swedes are picking the bullion rock and packing it to the railway, where they intend to ship a carload. All sorts of guesses are heard in the camp as to the richness of the car, the lowest being \$50,000. McGuigan is an old-time stamper, and says Poplar creek "lays over" anything ever found in the mountains. "Cripple Creek ain't in it," to use his rugged language. Gold is shown everywhere in a district ten miles long and four miles wide. His visit to the coast has for its object to renew the lease of the Noble Five tramway, which the American boy rents from former Premier Dunsinclair's company.

Parliament is Prorogued

London, Aug. 14.—Parliament was prorogued today until November 2d. The king, in his speech, reviewed his recent visits, and believed good results would come from his visit to France and the return honors shown President Loubet. He commented on the Turkish situation, and was pleased with the pacification of the Transvaal and Orange river colonies. He believed the people of the Indian empire appreciated the reduction of taxation. He had the strongest hopes for concord in the advancement and welfare of Ireland, where he was agreeably touched by his recent receptions.

Martinique is Devastated

Washington, Aug. 14.—The state department has received a dispatch from Consul Jewell, at Port De France, Martinique, saying that the cane, cocoa and coffee crops are a total loss, and fruit and vegetables destroyed. Every town and village is injured, and thousands of houses are down. The deaths are few, and communication is difficult. Breadstuffs, provisions and galvanized roofings find a ready sale.

Sentenced and Then Shot him

Constantinople, Aug. 14.—The court-martial yesterday condemned to death the gendarme who shot the Russian consul at Monastir. The sentence was immediately carried out. Another gendarme was sentenced to 15 years' penal servitude.

What Would You Think If a Man Should Ask You to Pay for Goods You Didn't Get

You Wouldn't Pay for them, would you?

But that's just what the credit store asks every customer to pay. The loss from bad accounts compels any merchant doing a credit business to charge extra profits. When you pay his price you pay for goods your neighbors bought.

There's a way to avoid it

Chautauqua, N. Y., Aug. 14.—The feature of the assembly today was the address by Chief Justice Lore, of Delaware, who is charged with having caused the recent lynching at Wilmington, by refusing to grant an immediate trial. His address was on mob law, which he severely arraigned, characterizing it as anarchy, which sooner or later would overthrow the nation, unless stopped.

Dead Boy Comes to Life

Stockton, Cal., Aug. 14.—All Stockton is talking over the psychic phenomenon attending the death of Walter Smith, son of J. Walter Smith, a prominent citizen of this city. The boy apparently died, and his body was laid out and preparations begun for the funeral, when suddenly the supposed dead boy opened his eyes and began to talk. He said he had been dead, and had been to heaven, but had to come back when he heard his grief-stricken parents calling him. He lived three hours after this. His second death was without any of the agony which attended the first apparent passing to the beyond. Fully a dozen well-known citizens witnessed this remarkable happening.

He is charged with buying cancellation ink sufficient to run the offices of the country from three to ten years for 30 cents a pound, when the market price is only 24. Louis is a relic of the Heath regime. His conduct, with the ink exception, is said to be above reproach.

Big Scandal in Portland

Portland, Aug. 14.—A scandal here today is occasioned by absolute proof that an organized gang of hoodlums infested all the county offices under the last administration, and taxpayers were mulcted out of thousands of dollars in every department. Headquarters was in the county clerk's office. Expert Black's report is out showing that Multnomah county was for years in the hands of thieves.

Big Fighters are Ready

San Francisco, Aug. 14.—Barring a few minor details all is ready tonight for the battle. The big fighter turned out late this morning. Jeffries ate his breakfast again in the kitchen, and, contrary to his usual ante-fight disposition, shows nervousness. Billy Delaney plainly shows his fears that the Corbett crowd has something up their sleeve. "Fake" and "frame up" were words in common use around the sporting resorts this morning. The betting is heavier, and has picked up quite markedly. The odds are 10 to 4½ on Jeffries. Late arrivals are setting up an awful howl on account of their inability to get good seats at fair prices. Speculators are operating under the very noses of the Yosemite Club officials. Scalpers acknowledge the holding of big blocks of the best seats, and are reaping a big harvest. Corbett will go direct from his training quarters to the ringside, leaving Alameida on the 7:30 boat, hoping to time his arrival so as to avoid the nerve-racking wait. Corbett did little work this morning. Later he and Ryan had a secret conference. The fight is scheduled at 9 o'clock sharp, but Jeffries was never known to be on time, and 10 o'clock will probably be the hour.

To Shut out the Islands

New York, Aug. 14.—President Castro, of Venezuela, it is reported in this city, is formulating plans to take away the trade of the islands of Curacao and Trinidad, because of the aid given by them to the recent insurrection against the Venezuelan government. The British and Dutch islands live in a great degree on their trade with Venezuela, being ports of reshipment for American and European merchandise. This trade, it is understood, President Castro will endeavor to divert to Venezuelan ports. The reshipment of goods from here is done because of a lack of facilities to reach some of the small Venezuelan ports direct. This volume of trade requires the use of many ware-

houses, lighters and trucks, and makes Trinidad and Curacao calling ports for many steamers which otherwise would not stop there. Besides, several thousand laborers are kept employed the year round handling the shipments for Venezuela.

The decree, which is soon expected from President Castro, also will have the effect of placing a check on the wholesale smuggling that is now notoriously carried on between the islands and the small ports of Venezuela. In his administration President Guzman Blanco issued a decree placing an additional duty of 30 per cent on all goods reshipped at Curacao or Trinidad.

These West Indian islands always have been the headquarters of Venezuela and Colombian exiles and rebels. While the recently suppressed insurrection was being waged against the Castro regime, filibustering expeditions of men and arms are said to have been permitted to depart without a word of protest.

Big Pow wow at Oyster Bay

Oyster Bay, Aug. 14.—President Roosevelt held a conference this morning with Secretary Shaw, and later with Senators Carlisle and Culom and Comptroller Eideley. The President was incited by Carlisle to give his views on the monetary problems confronting the framers of forthcoming measures, because he wishes to meet the views of both Democrats and Republicans. This afternoon Secretary Hitchcock and Congressman Lauterbach, of New York, had a long discussion, which was believed to be relative to the glove contracts in which Littauer is involved, as Lauterbach was one of the latter's attorneys.

JETT WHITE CASE

The Jury Finds Them Guilty--Sends Them Up for Life.

Marcum Murderers at Last Convicted in Spite of the Efforts of the Feudists

Cynthia, Ky., Aug. 14.—The jury in the Jett-White case, at 9 o'clock this morning, brought in the following verdict: "We find the defendants, Curt Jett and Tom White, guilty, and fix their punishment at confinement in the penitentiary for life." The verdict was arrived at after an all-night session. At 8:30 this morning Judge Osborn asked if they had arrived at a verdict, and received a negative answer. He sent them back, and half an hour later the court was surprised by the announcement of an agreement.

But few people were in the court room. Jett received the verdict calmly, but White burst into tears. News that a verdict had been found caused the court room to fill, Ewen being present. Only one juror saved the prisoners from capital punishment, he standing out for 12 hours for imprisonment. The defense is now preparing a motion for a new trial.

Georgetown, Ky., Aug. 14.—The cross-examination of Youtsey continued this morning. So far, the defense has failed to elicit any confusing testimony.
