

Our Second Year

In Salem has just closed. Our first year was a success or second a greater success and we have already set ourselves the task of making the third win out ahead of all previous showings. We shall do it with **BETTER GOODS, BETTER PRICES** and such treatment of our customers that leaves no room for complaint.

We are installing the latest appliances and fixtures for the proper handling and displaying our goods, such as racks, curtain racks, couch racks and the newest thing in carpet sewing machines, a machine that sews perfectly flat and reversible seam on ingrain and matt-

This is a feature long sought in carpet machines, but recently put into use. See our new metal beds with nonbreachable rails,

DR. J. F. COOK

come to the conclusion that all profession of the healing art outside the vegetable kingdom is a failure. When your system is run out with pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunder and light will not remove the cause, but lay the foundation for all kinds of disease. Those poisons go into your bones, and kill the life of them and all kinds of diseases, cancerous tumors, consumption, dropsy, bone aches, etc. You must bear in mind that his medicine is not a poison tonic, nor a stimulant, nor temporary relief which you get from poison drugs, where the results are sure death sooner or later. Do not blame medicine, when it takes an effect and stirs up the poisons of disease the system. You must not expect to be cured in a few days, for your system or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build a body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of pure herbs—what the human system requires. When the ailments get so they will help themselves to those herbs, for they have the instinct, and so people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.

Good Beer for Salem

As it will take some time to place our product in the market from the Salem Brewery, and as we wish to get started in business and in touch with the trade in Salem and vicinity, at an early date, we have made arrangements to handle the Olympia and Beilfingham Bay brews, so well and favorably known by the people of the Pacific coast. Our prices will be the same as the local brewery has charged and the service we will render will be made satisfactory.

Salem Brewery Ass'n

A stove that is always ready!
A stove that makes no smoke, smell or ashes!
A safe stove! An economical stove! A clean stove!
A stove that requires no skill to operate it!
A stove which has revolutionized "cooking," and has transformed the drudgery of the kitchen work into a pleasant pastime.
A "Quick Meal" Stove will do any and all work that can be done on a wood or coal stove, only with the difference that the "Quick Meal" does it quicker, cheaper and in a more agreeable and reliable way.

FORESTRY EXPERTS ASSEMBLE

Secretary of Agriculture Wilson Presides

Many Prominent Men Attend and Some Interesting Papers are Presented

Minneapolis, Aug. 25.—With Secretary of Agriculture Wilson presiding and an attendance, both large and representative the American Forestry Association began its special summer meeting this morning in the rooms of the commercial club of this city. Two interesting sessions were held during the day at which papers were presented as follows: "Progress of Forestry in Michigan," Edwin A. Wilsey, Michigan Forestry Commission; "State Parks and Their Relation to Forestry," W. B. Douglas, attorney general of Minnesota; "Forestry Courses in Agricultural Colleges," Prof. S. B. Green, Minnesota State School of Agriculture; "Tree planting on Minnesota Prairies," G. L. Clothier, Division of Forest Extension, Washington, D. C.; "Taxation, Its Effect on Private Forestry," Prof. E. L. Brunkner, Wisconsin; "Financial Results at Baltimore," Dr. C. Alvin Schenck, Forester of the Vanderbilt estate, North Carolina; "Government Aid to Private Forestry," Overton W. Price, Division of Forest Measurements, Washington, D. C.; "The Effects of the Chippewa Forest Reserve on the Locality," Herman W. Chapman, Grand Rapids, Minnesota.

The present meeting of the association will continue through tomorrow, closing in the evening with a public address by Secretary Wilson. Great significance is attached to this meeting in connection with the recent establishment of a national forest reserve at the headwaters of the Mississippi, with a stand of pine timber amounting to more than 3,000,000,000 feet, part of which is to be cut this winter under the direction of the Bureau of Forestry, with a view to reproducing the pine. This most important and extensive of all experiments so far attempted in American forestry will be set forth by members of the Bureau for discussion by the association. The problems of re-production, fire protection, and modified methods of logging which will in the immediate future be tested on this reservation under the most favorable conditions ever secured for forestry work, will be exhaustively discussed at the meeting.

A Minister's Mistake.

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kemp's Balsam, the best Cough Cure." This was hardly what he had expected, and, after a moment's hesitation, he turned it over and found on the other side the matter intended for reading.

Here's Something Worth Your Attention.

No housewife can prepare a good meal without choice groceries. Now, that is just what we have been telling you all the time. You will find we keep the best in the city.

BIGGEST SHOW ON EARTH

Ringling Brothers' Convincing Statement Concerning Their Circus

Ringling Brothers' circus, one million dollar free street parade, unrivaled menagerie, superb spectacular production of Jerusalem and the Crusades, thrilling arena performances, remarkable trained animal display, stupendous horse fair, and soul-stirring Roman hippodrome races, stamp this well and favorably known tented amusement enterprise as the largest of its kind in all creation. And all the wonders of this truly remarkable show will be exhibited in the Capital, Salem, Wednesday, August 26. Ringling Brothers' assertion that they have, by far, the biggest, best and most interesting circus the world has ever known has long stood unchallenged. This year it will not even be questioned—because Ringling Brothers never make a statement they can-

In Danger.

Every one is in danger who neglects the warnings of declining health. The warnings are not as startling as the sudden shriek of a locomotive, but they are just as ominous. When the body begins to lose in flesh, when the cheek is hollow and the skin sallow it is Nature's warning that the body is falling of proper nourishment. It is a condition of "weak" stomach, and "weak" stomach soon involves other organs. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and cures through the stomach diseases seemingly remote, but which have their origin in the disease of the stomach and its allied organs.

There is no alcohol in the "Discovery" and it is absolutely free from opium, cocaine, and all other narcotics.

"Before I commenced to use your medicine I was in a bad condition (for eight years), and four doctors treated me," writes Mrs. Lettie Aske, of Garysburg, Northampton Co., N. C. "They, of course, gave me at the time some relief, but it did not last long. I was some days in my bed and some days I dragged about the house. I have used five bottles of the 'Golden Medical Discovery' and five of the 'Pierce's Prescription' and four vials of the 'Pell's.' Now I feel like a new woman, and I want the world to know it."

Dr. Pierce's Medical Adviser, 1008 large pages, paper binding, sent free on receipt of 21 one-cent stamps, to pay expense of mailing only, or 31 stamps for it in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

not substantiate, even to the complete satisfaction of the most skeptical. In order to successfully depict the bewildering magnitude of the World's Greatest Shows, a few plain statements of facts, direct from the Ringling Brothers and published with their permission, are appended:

Ringling Brothers have this year 85 double length railroad cars, equal in carrying capacity of 170 ordinary cars. No other show ever had over 58 cars, at the very most. Ringling Brothers have 40 elephants, embracing every kind and variety, and including "Baby Boo," the only baby elephant ever bred, born and successfully reared in America. No other show ever had over 19 elephants. Ringling Brothers have 108 cages, dens and lairs of rare wild animals—the animal life of the world—including a pair of giraffes, the sole survivors of their kind, and also the only rhinoceros in captivity. No other show in all the world had ever as many as 40 cages. Ringling Brothers employ 1280 people, a veritable traveling city. No other show ever had as many as 575 employees. Ringling Brothers have 375 circus artists and performers from every continent and country. No other show in the world ever had 200 performers. Ringling Brothers have 650 horses of the most perfect specimens obtainable. No other show ever had over 328 horses at any time. Ringling Brothers have three miles of parade glories—a perfect sunburst of dazzling splendor. No other show ever made a parade that was more than one and one-fourth miles long. Ringling Brothers present this season, on a scale of regal magnificence, the sublime and instructive spectacle of Jerusalem and the Crusades, in which 1200 characters take part. No other show ever made an attempt to display one-tenth of its grandeur. Ringling Brothers introduce, for the first time in the history of any circus, a marvelous 68-stop pipe organ, rivaling in sweetness of tone and expression and volume of power organs of a similar nature to be found only in the famous old cathedrals of Europe. All the wonders mentioned above, together with many others, will positively be seen when the World's Greatest Shows exhibit in this city.
