### A Modest Request.

Before he was elected to be chief executive of the Old Dominion Governor Montague, of Virginia, met a classmate on the train. They had not met for years. Mr. Montague was a candidate for governor, and the other a plain country lawyer with a small income.

"What can I do for you when I'm

governor?" said the candidate, as he put his arm around his friend. "What can I do for you, old boy?" "Just what you have done now," quietly said the lawyer. "Why, what's that?" said the other. "Simply put your arm around me, and call me 'old boy.' That's all I want," was the reply of the true friend of boyhood days.—Philadelphia Ledger.

## Furniture Men Have Troubles

New York, Sept. 11.—Furniture purchases by hotel men are threatening the peace of the furniture trade of the United States. It has been the custom of furniture manufacturers to treat with purchasers for hotels on the basis of wholesale buyers. Retail dealers have taken formal action to force the manufacturers to consider the hotel men as retailers and quote prices accordingly. While there has for a long time been grumbling by the retailers, the matter has not taken the form of an organized movement until this week, when the National Association of Retail Furniture Dealers sent formal notification to the manufacturers of furniture throughout the United States that any further sales to hotel men at wholesale rates will be considered an "unfriendly act" and treated accordingly.

The manufacturers do not relish what they term the attempted dictation of the retailers and say they will make sales to hotel men as the trade warrants. On the side of the manufacturers the claim is set up that hotel furniture is, in a measure, a class by itself; that the buyer is not purchasing for his own personal use, or profit, but for the accommodation of the public; that no private individual buyer can be expected to buy on the scale or in the quantity that the hotel man does; that he is to all intents and purposes a wholesale buyer, and in consequence is entitled to the same consideration.

The retailers' association claims that the hotel man purchases for his own use and for his own house; that in affording him wholesale rates the manufacturers are deliberate discriminating against the retailers and taking from the retailers a considerable source of profit; that such action will not be further tolerated, and that the manufacturers who recognize the retailers' rights will receive the bulk of the trade. The situation has assumed so serious a phase that it is now proposed that a meeting of committees of the National Furniture Manufacturers' association and the National Retail Furniture Dealers' association be held and thorough discussion of the matter had.

### The Renewal a Strain.

Vacation is over. Again the school bell rings at morning and at noon, again with tens of thousands the hardest kind of work has begun, the renewal of which is a mental and physical strain to all except the most rugged. The little girl that a few days ago had roses in her cheeks, and the little boy whose lips were then so red you would have insisted that they had been "kissed by strawberries," have already lost something of the appearance of health. Now is a time when many children should be given a tonic which may avert much serious trouble, and we know of no other so highly recommended as Hood's Sarsaparilla, which strengthens the nerves, perfects digestion and assimilation, and aids mental development by building up the whole system.

## To Launch the Maryland

Newport News, Va., Sept. 11.—Everything is in readiness at the yards of the Newport News Shipbuilding and Drydock company for the launching tomorrow of the 15000 ton armored cruiser Maryland. It will be a gala day at the yards and a large attendance of visitors is expected from Baltimore and other Maryland points and also a delegation of public men from Washington. The christening ceremony is to be performed by Miss Jennie Scott Waters, daughter of General and Mrs. Francis E. Waters, of Baltimore.

## In Memory of Brandywine

West Chester, Pa., Sept. 11.—The one hundred and twenty-sixth anniversary of the Battle of Brandywine was celebrated today on the battlefield, where on September 11, 1777, for the first time the continental army carried the stars and stripes into battle. The exercises included several orations interspersed with music, and the participants consisted of members of various patriotic orders from Philadelphia and near-by points.

## By Falling Scaffold

Duluth, Minn., Sept. 11.—Five were killed this morning by the collapse of a scaffold, at the elevator concrete bin, which fell 60 feet. The dead are

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

## United Boys Brigade

Baltimore, Sept. 11.—Great plans are being made for the entertainment of the national meeting and encampment of the United Boys' Brigade, which is to be held in this city early in the coming month.

The United Boys' Brigade is one of the largest organizations in the world. Like the Salvation Army, it is of foreign origin, having been founded in Glasgow, Scotland, by W. A. Smith. Since then it has grown to such an extent that in 1887 Mr. Smith relinquished his business to become brigade secretary at headquarters of office, a position he has held ever since. Within the United Kingdom there are 41,000 boys in the brigade, and if the United States, Canada, Australia, New Zealand, South Africa, the West Indies, India, and Ceylon are included there are not less than 1700 companies, 5800 officers and 75,000 boys actually enrolled.

Lieutenant General H. P. Bope, who is vice-president of the Carnegie company, is commander-in-chief of the brigade in this country. The national trustees include some of the best known men in America. The full board includes Charles M. Schwab, James A. Huston of Pittsburg, General P. A. Bridgman of Boston, Col. E. A. Beekman of Washington, General O. A. Ferrigo of New Haven, and Prof. O. C. Grauer of Chicago.

## West Africa Growing Cotton

London, Sept. 11.—It is reported from Lagos, British West Africa, that the cotton trade, hitherto regarded as in the experimental stage, has become so great as to force the railroads to run extra trains to take the cotton to the coast. Thirty tons of cotton from Lagos has arrived at Liverpool, and is pronounced to be of excellent quality. The seed sown in June is expected to yield 4000 bales. The first delivery of this crop is expected at Christmas. If the cotton growing experiment is successful the cultivated area will be increased as rapidly as possible.

Life Caused Chronic Headaches.

Stomach Trouble All His Life.

Dr. Miles' Anti-Pain Pills Cured Him of Both.

As is very frequently found the stomach trouble and headache in the following case came from the same cause. Dr. Miles' Anti-Pain Pills, like all of Dr. Miles' Remedies, are designed to cure the disease, not only the symptoms. This readily explains why these sterling medicines can cure such a variety of diseases. There is no remedy, formula or prescription which in any way equals Dr. Miles' Anti-Pain Pills for the speedy cure and relief of headache and kindred ailments.

"Up to the age of twenty-three my son was greatly troubled with severe pains in the stomach. After he had served his term of enlistment with the army in the Philippines he came home and was unfit for anything because of terrible headaches. He found that Dr. Miles' Anti-Pain Pills not only relieved him of the headaches but would prevent an attack if taken in time. He continued their use for some time and to his surprise and delight he found they had cured the stomach trouble also. You may imagine how grateful both he and myself feel to you for the good the Anti-Pain Pills have done him. I may add that I have used your medicines in our family for many years and keep a bottle of Nerveine in the house all the time. I think it is the best household remedy and all the remedies are just what you recommend them to be. You have my permission to publish this."—Max M. L. FARRAR, Walla Walla, Wash.
