DR. J. F. COOK

Has come to the conclusion that all profession of the healing art outside of the vegetable kingdom is a failure. When your system is run out without pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunders and lightning will not remove the cause, but lay the foundation for all kinds of disease. Those poisons go into your bones, and kill the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. You must bear in mind that his medicine is not a poisonous tonic, nor a stimulant, nor temporary relief which you get from poisonous drugs, where the results are sure death sooner or later. Do not blame the medicine, when it takes an effect and stirs up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build a new body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of Nature's Herbs—what the human system requires. When the animals get sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.

MORMON WOOLEY GETS IT

President Appoints Assayer at Boise Idaho

Idaho is Alarmed at The Growing Power of the Polygamists in Political Matters

Washington, D. C., Sept. 21.—Announcement was made at the treasury department Saturday that the President has appointed W. Smith Wooley, of Focastello, as assayer of the Boise assay office. The appointment has been held up, awaiting the receipt of the resignation of J. W. Cunningham, the present assayer, and a man whose continuance in office was desired by the director of the mint, because of his exceptional ability. Cunningham will retire as soon as Wooley gives bond, and the same is approved. Wooley, as previously stated in these dispatches, is recommended by Senator Heyburn, and the new Republican machine in Idaho, which includes Congressman French, Judge Stanrod and others.

In view of the commotion that was raised in Idaho at the time of the announcement of Wooley's indorsement, on account of his being a Mormon, it is probable a fight may be made to prevent Wooley's confirmation, when his name is sent to the senate this winter. Such a fight, however, will avail nothing, in view of his strong backing. Whether Wooley was given this office in return for Mormon votes that assisted in Heyburn's election is a question over which the senate will not concern itself. Cunningham retires after six years and four months in office.

Bed Time I take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says it acts gently on the stomach, liver and kidneys, and is a pleasant laxative. It is made of herbs, and is prepared as easily as tea. It is called Lane's medicine. All druggists sell it at 25c and 50c cents. Lane's Family Medicines moves the bowels each day. If you cannot get it, send for free samples. Address, Orator Woodward, LeRoy, N. Y.

THE GENUINE VS. COUNTERFEITS. The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Leadbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind bleeding, itching and protruding piles no remedy is equal to De Witt's Witch Hazel Salve. Sold by F. G. Hass, 96 State St.

Not Properly Cured. The chittim bark peelers in Tillamook county might have been worth several thousand dollars more had they taken the trouble to properly dry it and bring it to market in good shape. The trouble appears to be in the rush to get the bark sold. The result is that a lot of bark was sold at less than half its value on account of its being green, while some could not be sold at any price on account of it being green and a lot of moss mixed with it. One lot in particular, worth over \$500 had it been properly put on the market, could not be disposed of after it had become heated in the bags. We mention these facts so as to inform those who intend going into the business in the future to be careful about drying it and putting it on the market free from moss and in good condition.—Headlight.

WHY WE ARE AGENTS

Here Are Some of the Convincing Facts That Caused us to Take the Agency for the Fulton Compounds, the First Things Known that Cure Chronic Kidney Diseases.

First, let it be distinctly understood that every one of the cases below had been diagnosed by one or more physicians as chronic and incurable; second, note the certainty of the results as shown by the recovery also of the friends they told who were similarly afflicted with supposed incurable kidney diseases.

Dr. Carl B. Ziehl, pioneer druggist, 227 Pacific street, San Francisco, recovered himself and gave it to more than a dozen patients who recovered.

Charles Engelke, editor of the German paper, San Francisco, recovered himself and told it to a number who recovered, one of them being Charles F. Walker, the Sixth street merchant.

Palace Pharmacy, 118 State St.

Dr. Pierce's Favorite Prescription and perseverance in its use will work wonders for the most hopeless woman. If Mrs. Newton, whose letter is given below, had not persisted in its use, she might never have known the happiness of perfect health. Perhaps the reason for her persistence was because she used "Favorite Prescription" as a "last resort." Physicians had failed. If "Favorite Prescription" could not help there was nothing to hope for. It did help. It always helps and almost always cures. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It imparts strength and elasticity to the organs of maternity and makes the baby's advent practically painless.

"When I consulted you in April, 1899, I was in poor health," writes Mrs. E. H. Newton, of Vanhook, Erie County, Maine. "I had been sick all winter, and to add to my trouble, was on the road to maternity, which the doctor said would end my days. I was almost discouraged, did not expect any help, but thought the end was only a matter of time, and—oh! my two poor, little, motherless children—" "It was in this condition that I began the use of your valuable medicine. On receipt of your letter of April 6th my husband purchased six bottles of 'Favorite Prescription' and 'Golden Medical Discovery,' and I used it as you directed. When you wrote me words of encouragement on April 27th I had received no benefit from the medicine, but determined as a last resort to give it a fair trial. I am now taking the thirtieth and last bottle. I have a healthy baby, and every bit of the weight, 11 1/2 pounds at birth. My baby and I are enjoying perfect health, thanks to your wonderful medicine, to which I believe I owe my life."

Dr. Pierce's Pellets stimulate the liver.

Farmers at Niagara Falls

Niagara Falls, N. Y., Sept. 21.—Western states' delegates to the farmers' national congress, which convenes here tomorrow, began arriving today in good numbers. Nebraska and Minnesota are here with good sized delegations and Iowa has the fore-runner of a big crowd, consisting of delegates and associate delegates. The advance guard of the Illinois and the New England delegations are also on the ground. Great preparations have been completed to give the farmers a rousing reception. It is claimed that there will be full delegations of Western New York farmers to meet the Western and Southern soil-tillers.

Bully for Jones.

Sixty-two years ago a man named Jones moved from Kentucky to Dade county, Missouri, taking with him his family of 10 children. At a reunion recently held at Everton, 1019 of his descendants were present, and there are a few who were unable to attend. Almost all of his descendants have married and settled in the same neighborhood in Southwest Missouri, and, as they are clanish, a stranger who goes in there and talks unfavorably about anybody he has met is likely to find he is talking to a relative of the person who has incurred his displeasure, and that he has got himself into trouble. They are said to be the largest family living in a single neighborhood in the United States.—Chicago Inter-Ocean.

Happy in Captivity.

"Are wild animals happy in captivity?" said Keeper Jack Lovel of the zoological gardens, in answer to a question asked by a visitor. "Well, at first thought it may sound strange, but they are happy and some of them very, very happy. "It seems to be the general opinion that when the liberty of an animal is taken to a free life in the wild woods is taken away that the animal will pine away and die. That's a pretty bit of sentiment, but apparently it's all wrong. You would naturally think that a wild animal in captivity would become dangerous and cranky, but such is not the case. They become gentle and mild under the tender treatment they receive and seem to know that everything that is done for them is for the best.
