## ALBANY MAN'S REMAINS

### Have Lain Unburied at Dawson for Over Two Years

The remains of the late Chas. W. Watts, of Albany, who died in Dawson City, in the Klondike country, several years ago, are still lying in the morgue in that city, awaiting burial, according to reports brought down by parties returning from the far northern metropolis. Mr. Watts was a member of the Albany Camp, Woodmen of the World, and was one of its founders. He had a policy of \$3000 in that order, and when the report of his death came, the officers of the order, knowing how difficult it would be to bring the remains here in midwinter, paid the claim to the widow and children on their promise that the body would be buried. The insurance money in hand, it seems they have paid no further attention to the remains, and, as there are charges for embalming, they are being held by the Dawson undertaker. The Woodmen of the World will doubtless take up the matter, and see that the body is decently buried.

### Lincoln County Tragedy.

Monday it was reported that the body of an unknown man had been washed ashore down at the Alsea. But later it was learned that this was not correct, and that the body found was discovered in an unfrequented trail between Drift Creek and Waldport, and was identified as the remains of A. H. Guynn, a rancher, who lived a few miles from Waldport. When found the body was in a bad state of decomposition, and must have been dead several days, and could only be identified by the clothing. Guynn was living by himself, his wife being employed at Independence, and his son was attending the college at Corvallis.

Dr. Sidney I. Darrin, of Albany, was in the city Sunday.

### Leave for Alaska Today.

T. D. Arthur, general counsel for the Alaska Copper Co., of New York, accompanied by J. A. Carson, of this city, leave for Alaska Tuesday, to present in court the interests of defendant in a mining litigation for the possession of 12 mining claims in the Bonanza group on Copper river. The Alaska Copper Company has spent half a million in development work, and plaintiff alleges the property to be worth two million dollars, and, doubtless, they are of fabulous value as such property is rated. Mr. Carson expects to be away for several weeks.

State Superintendent of Schools. Prof. J. H. Ackerman is spending this week in Klamath and Lake counties, attending teachers' institutes and delivering addresses to the teachers. Today and tomorrow he is at Klamath Falls, and Friday and Saturday he will appear before the institute at Lakeview. He expects to return to Salem about October 7th. On October 14th he will be in Forest Grove, when the president of Pacific University, Prof. W. N. Ferrin, will be formally inducted into his position.

### Secretary Wisdom Resigns.

The report comes from Portland that M. D. Wisdom, for the past five years secretary of the State Board of Agriculture, will not be a candidate for reelection to that position at the next meeting of the board, but will retire. During his incumbency of that place the state fair has grown from a small affair to one of the best agricultural, horticultural and live stock shows in the West, and has become a self-supporting institution.

### NOT HEREDITARY.

Baldness Due to a Living Minute Germ. Many people, even unto the present day of grace, consider baldness due to hereditary influence. Nothing is further from the truth—Baldness is caused by the onslaught of a minute organism which secretes itself beneath the scalp and attacks the roots of the hair—causing it to lose its life and fall out. This organism cannot be got rid of except by the free and persevering use of Newbro's Herpicide. No matter how badly the scalp is effected the Dandruff surely disappears and hair health is restored when Herpicide is applied. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Daniel J. Fry, special agent, Salem.
