

The Best is None Too

GOOD

and the most

ECONOMICAL

In carpets we have sole control! both in Salem and Albany of the justly celebrated PARK MILLS PRODUCTS. The fabrics from these mills stand highest in wearing qualities, beauty of design and colorings and great variety of weaves.

You cannot do better than buy these and have them sewed with a perfectly flat seam. You should have your matting sewed.

The House Furnishing Company. Salem. 269 Liberty Street. Albany

DR. J. F. COOK

Has come to the conclusion that all profession of the healing art out side of the vegetable kingdom is a failure. When your system is run out without pure blood. You will only find vitality in the vegetable kingdom. Poisonous drugs nor doctors' knives nor thunder and lightning will not remove the cause, but lay the foundation for all kinds of disease. Those poisons go into your bones, and kill the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. You must bear in mind that his medicine is not a poisonous tonic, nor a stimulant, nor temporary relief which you get from poisonous drugs, where the results are sure death sooner or later. Do not blame the medicine, when it takes an effect and stirs up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build a new body from the bones up. This is what the people do not understand. They are used to being humbugged. His medicines are composed of Nature's Herbs—what the human system requires. When the animals get sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with Dr. Cook. Do not get weary; this life is too short and too sweet to worry out of this world.

Dr. Cook Cures All Kinds of Diseases 301 Liberty Street, Salem, Oregon.

A stove that is always ready! A stove that makes no smoke, smell or ashes! A safe stove! An economical stove! A clean stove! A stove that requires no skill to operate it! A stove which has revolutionized "cooking," and has transformed the drudgery of the kitchen work into a pleasant pastime. A "Quick Meal" Stove will do any and all work that can be done on a wood or coal stove, only with the difference that the "Quick Meal" does it quicker, cheaper and in a more agreeable and reliable way.

PORTUGAL HAS A KING

How Many People Know His Highness's Name

The Gray Mare Seems to be Much the Better Horse in the King Row

Lisbon, Sept. 28.—The Portuguese capital was in fête today in celebration of the fortieth birthday of King Carlos. The Portuguese press may term the rotund and happy-go-lucky monarch a "manifest coward" and "an incapable fool," and declare with emphasis that a revolution is imminent, and the setting up of a republic inevitable, but the masses entertain for their ruler a personal regard bordering on genuine affection. Those friendly sentiments were abundantly manifested today by a lavish decoration of private houses, and by festivities in many quarters.

The hand of King Carlos has been greatly strengthened from a political viewpoint by the recent visit to Lisbon of King Edward and by the universal impression that prevails to the effect that a complete understanding exists between Great Britain and Portugal in regard to their joint interests in Africa and elsewhere. If the financial affairs of the kingdom could be bettered and the condition of the people thereby improved the throne of King Carlos would be as stable as any in Europe. As things go at present, however, the discontent is quite general, and serious disturbances are of frequent occurrence. The country is bankrupt, the treasury empty and the government without a vestige of credit either abroad or at home. To provide the necessary funds for carrying on the administration the government has been forced year by year to increase the taxes, until the burden has become well-nigh unbearable. Quite naturally, the king, as the fountain-head of the government, has been blamed for the existing state of affairs. The leading men of business, and the chief citizens throughout the kingdom are republican at heart, and even the army has a leaning in the same direction, while the labor element is almost wholly socialistic. In view of these conditions it would not be surprising if at any time the house of Braganza would be forced to go, and a new government established in its stead.

Yet, as monarchs go nowadays, King Carlos cannot be described as a bad ruler. He is certainly no fool, while physically, at any rate, he is no coward, whatever he may be politically. He has inherited, however, from his father not only the latter's excessive ebullience, but also his extraordinary indolence and apathy in connection with his duties of rulership. In his earlier days the king was excessively fond of swimming, and also was renowned as a torero. The only sport in which he indulges now is that of hunting. He is reputed to be the best royal shot in Europe.

The personal popularity which the king enjoys is undoubtedly due in a large measure to his consort, who is beloved for her simplicity, her sound common sense and her open-handed generosity. At her own expense Queen Marie Amelia, who is possessed of an immense private fortune, maintains magnificent hospitals and dispensaries in Lisbon. She inaugurated the treatment by antitoxin of diphtheria, that terrible scourge of Portugal, she being the first to submit herself to inoculation with the serum, in order to prove to the poorer classes of the population that there was no danger in the remedy. The queen is the only lady of royal birth who has the right to add the letters "M. D." to her name, having passed all the examinations and taken her degree as a full-fledged doctor of medicine.

The heir to the Portuguese throne, Don Luis Felipe, is now preparing for his trip to the United States next spring, to attend the opening of the St. Louis exposition. The visit is to be in the nature of a return courtesy for the recent visit of Admiral Cotton and his squadron.

Bed Time I take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says it acts gently on the stomach, liver and kidneys, and is a pleasant laxative. It is made of herbs and is prepared as easily as tea. It is called Lane's medicine. All druggists sell it at 25c and 50 cents. Lane's Family Medicine moves the bowels each day. If you cannot get it, send for free samples. Address, Orator Woodward, LeRoy, N. Y.

Strong Agala.

The woman who knows the full value of health is the woman who has lost it and regained it; the woman who from being weak and sickly is once again made a strong woman. Half a million weak and sickly women have been made strong and well by the aid of Dr. Pierce and his "Favorite Prescription." It cures the ills which weaken women. It regulates the periods, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It nourishes the nerves and so cures nervousness. It promotes a healthy appetite and induces refreshing sleep.

"I had female trouble for eight years," writes Mrs. L. Dennis, of 325 East College street, Jacksonville, Ill. "Words cannot express what I suffered. I sought relief among the medical profession, but found no relief. Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pain, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman."

Use Dr. Pierce's Pleasant Pellets with "Favorite Prescription" if the bowels are inactive or irregular.

The Firemen Have a Time

Chicago, Ill., Sept. 28.—Many of the leading cities of the country are represented at the sixth annual meeting of the National Fireman's Association, which began in Chicago today. The association, unlike that composed of the fire chiefs, does not concern itself so much with discussing methods of fire fighting, as in promoting the general efficiency of the fire departments, and looking after the material interests of the members. With this end in view, a long program of papers and discussions has been arranged for the present meeting. The divorce of fire departments from the civil service system will be considered. It is also probable that a permanent date will be designated for a national memorial day on which to honor the memory of the firemen who have perished while doing their duty.

Bright's Disease

Not Rare, but Common—All Kidney Diseases are Bright's Disease. The 5th to 10th Month it Becomes Chronic and Incurable by All Known Means Except the new Fulton Compounds, which Record 87% of Recoveries.

We have before us a little work on kidney diseases by Joseph P. Edwards, M. D., of Philadelphia, that contains some things that everyone ought to know. Many people imagine Bright's Disease is rare, when, in fact, it reveals the whole gamut of kidney diseases. This book sets out that the kidneys have but one function, viz., the elimination of the urea and waste products, and that all interference with that function are called Bright's Disease. Dr. Edwards adds: "For the benefit of physicians who may read this book I will give a list of the cases in which I attribute to Bright's Disease, viz.: Albuminuria, Hematuria of the Kidney, Degeneration of the Kidney, Fatty Degeneration of the Kidney, Inflammation of the Kidney, Stricture of the Ureter, Diseases of the Kidney." "Thus, all kidney disease being Bright's Disease, the serious question is, is it primary or chronic? In other words, is it in the primary or secondary stage? After the eighth to tenth month it becomes chronic and is then incurable by all known means except the Fulton Compounds. The kidneys are not sensitive. There is often no notice of the trouble till it has advanced to this stage. If you have kidney disease in the first stage the Fulton Compound will cure it quickly. If it is of more than 3 to 10 months' standing it is the only thing known that will cure it. In proof that nothing else will we cite all medical works as evidence that to this time there has been nothing that cures Chronic Bright's Disease. The stockholders of the J. J. Fulton Co., business and professional men of San Francisco, are the first people in the world to announce a positive cure, presenting a definite percentage of recoveries, 87 per cent, and giving out the lists of the cured, all among purely chronic, well-defined cases. If you have any kind of kidney trouble, there is only one thing to take. The Fulton Compound for Bright's Disease is \$1 for Diabetes, \$1.50 for J. J. Fulton Co., 626 Washington street, San Francisco, sole compounders. Free analysis for patients. Pamphlet free. We are the sole agents.

Fulton Pharmacy, 118 State St.

Education DEMANDS CONSIDERATION

There are two kinds—practical and ornamental. The former should be secured by everyone, because it may be put to use quickly. The latter is desirable, but the former is essential. Our courses are arranged with a view to usefulness. We don't dabble in a little of everything, but devote our energies to conducting a first-class business school. Living expenses low. Send for catalogue. Students may enter at any time. CAPITAL BUSINESS COLLEGE, Salem, Oregon. W. I. Staley, Principal.
