DEATH IS THE END OF LIFE

Who Shall Judge These Young Fellows

Who is There Can Tell Where Murder Begins and Protection Ceases

Clinton, N. Y., Sept. 30.—At an early hour tomorrow morning, when the sun is peeping over the hills beautiful in their autumn foliage, the sombre death chamber of Dannemora prison will be the scene of one of the most dramatic executions in the annals of New York state. The victims will be the three youthful Van Wormer brothers, Willis, Burton and Frederick, who must die in the electric chair for the murder of their aged uncle, Peter A. Hallenbeck. The few persons that will be admitted within the prison walls to witness the state execute its vengeance for the cold-blooded murder of one of its citizens will see three brothers, the youngest scarcely twenty-one, pass, one after the other, to that seat in the grim engine of death. First one of the brothers will be led out, and after receiving the last rites, will be placed in the chair and shocked into eternity, while the other two, humanely prevented from witnessing his death throes, will await their places in the grim procession.

Today the warden and his assistants got everything in readiness for the triple execution and experts tested the death apparatus in order to make sure that no accident might occur when the fatal hour arrives. The condemned youths spent the day much in the same way that they have passed the many days of their confinement in prison. A quiet, stolid reserve has given way to the flippant manner affected by the boys in the earlier days of their imprisonment, but their courage evidently has not deserted them. The authorities expect all of them to meet death calmly. They embraced the Catholic religion some time ago and it is probable their last hours will be passed in the company of a priest.

The Van Wormer boys were living in Kinderhook, Columbia county, on Christmas eve, 1901, when they started in a carriage for Greenport, with their cousin Harvey Bruce. The boys, who were under the influence of liquor, drove to the home of Peter A. Hallenbeck, their uncle. They wore false faces and also wore their coats turned inside out. Hallenbeck, who was a very old man, opened the door in response to their knocking, and as he did so they fired upon him, inflicting wounds from which he died in a short time. At the trial, which lasted about two weeks, the accused youths declared they went to Hallenbeck's house merely for the purpose of frightening him, with no thought of injuring him. Bruce escaped the chair by turning state's evidence, giving testimony that brought about the conviction of the other three for murder in the first degree.

Dalrymple's

THE QUALITY STORE.

The Greatest of All CLOAK and SUIT SALES

Our ready cash places us in a position to buy from America's leading manufacturers. Our ready cash is what bought the entire stock of "Palmer" Cloaks and Suits ordered by T. Holverson & Co. for their fall trade. Our spot cash offer for the the stock was accepted by the Palmer people and now we are selling the garments at less prices than other stores are asking for their old, out of style stuff.

We expect another shipment of Holverson's fall cloaks and suits in a day or so. Don't miss seeing them.

The Central Oregon Normal School

at Drain opens for the work of the year on Sept 14th

The school is well equipped for its particular line of work. Excellence is the motto of the school. Four courses, a training department of nine grades, tuition uniform with other Normal schools, pleasant surroundings, best of influences, excellent accommodations in boarding halls or private families. Students may enter at any time and find work suited to their needs. Young people desiring to fit themselves for teachers, or for college, or those desiring a good education for business life will find what they need here. Address:

Central Oregon State Normal School,
W. H. Dempster Pres. Drain, Oregon

Willamette University

JOHN H. COLEMAN, PRESIDENT, SALEM, OREGON.

College of Liberal Arts, Law, Art, Medicine, Music, Oratory, Theology.

OLD P. O. GROCERY.

An Unfailing Supply.
Even if the secretary of agriculture is correct in his prediction that we are likely to be without forests in ten years, no apprehensions need be felt for any decrease in the supply of the kind of timber of which candidates are made, as long as public office continues to be a good thing.—Indianapolis News.

BEARING DOWN PAINS

3647 Indiana Avenue.
CHICAGO, ILL., Sept. 27, 1902.

I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around and do my work I would not try patent medicines as I had no faith in them.

About eight months ago I had to take to my bed, suffering with prolapsus of the uterus, with bearing down pains and intense pains in the back. My aunt, who came to nurse me told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was in better health and stronger than I had been in years. I take a dose now, occasionally, of Wine of Cardui and am kept in perfect health.

Wine of Cardui brings certain relief to women suffering any symptom of female weakness and perfectly regulates the menstrual flow. Wine of Cardui stops bearing down pains by permanently relieving the irritation which weakens the ligaments holding the womb in place. You need not suffer every month if you take this medicine. The periodical discharge will be painless and healthy without continual weakening drains. Wine of Cardui will make your health right and you may treat yourself privately in your own home. Secure a \$1.00 bottle of Wine of Cardui from your druggist today.

Methodists Get Good

Duluth, Minn., Sept. 30.—Lay and clerical visitors are numerous for the ninth session of the North Minnesota conference of the Methodist Episcopal church, which will be in session here during the next few days. The formal opening takes place tomorrow under the presidency of Bishop Fitzgerald, of St. Louis. The lay conference is scheduled for Friday. According to report, the annual appointments to be announced later in the week will call for a general shake-up among the preachers.

Republicans Get Uneasy

Chicago, Ill., Sept. 30.—In response to the call of President J. Hampton Moore, the members of the executive committee of the National Republican league are rounding up in Chicago for a conference to consider ways and means of conducting the campaign of 1904, and of fixing the time and place of holding the next national convention, and invitations from several cities have been received. The conference scheduled for tomorrow has attracted several Republican leaders of national prominence in addition to the committeemen, and some interesting political developments are not improbable. The arrival in the city today of General James S. Clarkson has revived the report that he is slated to succeed Senator Hanna as chairman of the national committee and among the leaders gathered here, many favorable comments about his candidacy are heard. All seem to agree that Gen. Clarkson would be as able a man as could be chosen in the event of the Ohio senator's retirement from the chairmanship.

DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases That Cause Dropsy, viz., Fulton Compounds.

It is now well known that dropsy is not in itself a disease, but is nearly always a symptom of kidney disease that accompanies the chronic stages heretofore incurable. Hence, up to the discovery of the Fulton Compounds, dropsy was incurable. It is now, however, curable in nearly nine-tenths of all cases. Here is an interesting recovery, to which we refer by permission.

Mrs. Peter Gorchantz, of 928 Fillmore street, San Francisco, became alarmingly dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and it was worse from day to day. The physician finally told her that she had better try the Fulton Compounds, that it was in an advanced chronic stage beyond medical aid and that she must try the natural remedy. She was in such a wretched condition the relatives were so that they put her on Fulton's Compound. She had not taken it long when the dropsy subsided a little and the improvement was then gradual till her recovery was complete. This cure was granted her by representatives of the San Francisco firm and the Fulton Compounds, and is a testimonial of the curability of dropsy when treated in this manner.

Mrs. Thomas Christof, of 270 Twenty-seventh street, San Francisco, was also swollen with dropsy, as the result of chronic kidney disease. She had lost nearly five pounds beyond her normal weight, and had to be moved in sheets and was close to death's door although she had four physicians. She was put on the Fulton Compounds. Three weeks showed improvement and in six months she was well, and remains this recovery.

If you have dropsy don't despair. There is only one thing known that will cure the chronic kidney disease that is behind it and that is Fulton's Compound. The Fulton Compound is Bright's and Kidney Disease, \$1.10 for 24 tablets. John J. Fulton Co., 49 Washington street, San Francisco, sole compounders. Beware of imitations. We are the sole agents for the West.

Palace Pharmacy, 118 State St.

Musical Freaks

Worcester, Mass. Sept. 30.—The advance sale of seats indicates that the forty-sixth Worcester Music Festival, which opens tonight, will be as successful from a financial as from an artistic viewpoint. The various works to be performed this year include Mendelssohn's "Elijah," Edgar Tinel's "Franciscus," Dvorak's Symphony "From the New World," Richard Strauss' "Death and Transfiguration," and a number of Wagner excerpts.

Virginia Tobacco

Richmond, Va., Sept. 30.—Virginia is preparing for an elaborate and comprehensive exhibit of its tobacco industry at the approaching St. Louis exposition. The display promises to be the best of its kind ever gotten together. It will be made up of Virginia tobacco in every form from the seed to the finished product, arranged in the most artistic manner possible, and surrounded by all kinds of machinery and tools used in handling and working tobacco. The tobacco growers themselves will defray the expense of the exhibit.
