

KINDER GARTEN UNION

Has an Interesting Program on for Friday Evening

The committee of Salem ladies who are canvassing for a Kindergarten Association and children to attend a kindergarten, to be established at once, for the coming year, have met with considerable success.

At a meeting held yesterday many new names for associate members, and a number of children, were reported. The committee consists of the secretary of the association, Mrs. Frank C. Smith, Mrs. F. A. Wiggins, Mrs. C. A. Park, Mrs. M. O. Buren, Mrs. Geo. F. Rodgers and Miss Lillian Applegate. Give your names to any one of this committee for an associate membership, if you wish to send a child.

The ladies are arranging an interesting

program of music and addresses at the Presbyterian church for Friday evening, when they hope to have the merits of the kindergarten fully presented. The program will be announced later.

It is expected to establish the first kindergarten in the lecture room of the Presbyterian church. Associate members are being solicited at \$3.00 per year. For the full year for one child \$20, payable in advance, or a half term can be paid, or parents can pay by the month.

The kindergarten age is from three to seven, depending somewhat upon the maturity of the child. It is expected to establish branch kindergartens in other parts of the city as soon as the central one is filled, and these kindergartens are to be for all children of the proper age.

The associate membership fees will be used to pay rent and support the schools direct, and for other purposes. The association deserves the co-operation of everyone.

Weds Houston Man.

Saratoga, N. Y., Oct. 7.—The cottage colony turned out in force today for the wedding of Miss Frances Charlotte Cluett, daughter of Mr. and Mrs.

Frederick Henry Cluett, of Troy, and Charles Louis Desel, of Houston, Tex. The wedding was one of the most notable, from a society point of view, that has been in Saratoga for a number of seasons.

MUST WORK IN UNISON.

A United Effort Necessary to Build Up a Town.

By a united effort the citizens of a town or village could build up a place they would feel proud of and secure to the community many of the advantages that go to make life worth living in the great cities and at the same time make the callings in life more attractive and profitable. This consummation can only be secured by the co-operative effort of the entire population of the community—farmers, mechanics, merchants, laborers and professional men as well as capitalists. Each can contribute his share by assisting his neighbor with his patronage and by giving every worthy enterprise or undertaking his hearty and unqualified support and approval.

A town very often is judged by the advertising columns of its local paper. Every business and professional man in a community should have an advertisement in the paper published in his town, if it is nothing greater than a two inch card. In addition to the benefit it does the advertiser in bringing his business to the attention of the public, it is a slight token of his appreciation of the benefit that a well conducted and enterprising newspaper is to a town. Further, it is a notice to the world at large that his particular line of business is represented in the place by an enterprising man and gives those seeking locations a good opinion of the business men represented.

CLEAN STREETS.

Good Health and Good Drainage Inseparable Conditions.

Clean streets are one of the main factors in the reduction of disease. The first duty of a town is to provide for the health of the residents—that is, so far as it is possible to do so—by preventive measures. Cleanliness is next to godliness, and pure water and a scientific sewerage system are indispensable aids to the physical and moral welfare of the community. In far too many localities is the question of drainage left to take care of itself, and it remains a perpetual menace to the public health, sooner or later to break forth with dire results.

Money judiciously spent in this work under the supervision of a competent engineer is a safe and sure investment that will be returned with compound interest. In almost every town there is room for improvement in this direction, and each business man and household owes it to himself and his neighbor to help along this necessary work.

A system of drainage should embrace not only the removal of storm water which falls upon the streets, but also the water from sinks, closets, factories and other sources. All such should have direct connection with sewers having an outlet in the nearest watercourse. The street gutters should be kept free from rubbish and have such a perfect grade that no water will find lodgment along the streets on either side.

STRAIN TOO GREAT.

Hundreds of Salem Readers Find It So.

The hustle and worry of business men, the hard work and stooping of workmen,

The woman's household cares, Are too great a strain on the kidneys.

Bacache, headache, dizziness, Kidney troubles, urinary troubles follow.

A Salem citizen tells you how to cure them all.

Jacob Morelock farmer residing on Rural avenue, between Hazel and Laurel streets, in Nob Hill addition, South Salem, says: "Doan's Kidney Pills procured at Dr. Stone's drug store did me good. I had been bothered off and on for quite a long time with pain through my back and kidneys. I have always worked hard at farming and think the trouble was originally caused from a strain. The secretions from the kidneys were annoying at times and caused me considerable inconvenience. Before I had taken one box of Doan's Kidney Pills the pain in my back and other symptoms of kidney trouble had passed away. I am pleased to recommend this remedy to others."

Sold for 50 cents a box by all dealers. Foster-Milburn Co., Buffalo, N. Y. sole agents for the United States. Remember the name DOANS and take no substitute.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boech's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the worst. Try ONE bottle. Recommended many years by all druggists in the world. You can get this reliable remedy at Dr. Stone's drug stores. Price 25c and 75c.

INCURABLE.

That is What the Books Say of Chronic Kidney Disease, But the New Fulton Compound Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compound that nothing on their shelves would touch it. It is a proven fact that newly and old cases are now curable, and druggists themselves are taking the new Compound. One of the recoveries was Dr. Zelle himself, the pioneer druggist of 323 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 18, 1902.)

"After a serious illness of over a year Judge R. H. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the Kidney. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best medicine used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compound I went to San Francisco to investigate and was soon convinced I should undergo its treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now do no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'"

The editor of the News himself was the friend of Judge Allen of the Fulton Compound. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles. Fulton's Real Compound for Bright's and Kidney Diseases, etc. \$1.00 for Diabetes, \$1.50 for John's Compound, 400 Washington street, San Francisco, sole compounders. Free analyses for patients. Send for pamphlet. We are the exclusive agents for these compounds in this city.

AN ABSOLUTE NECESSITY.

So Thinks at Least One Traveling Man.

I would as soon think of starting out without my mileage book and grip as to start out on a trip without a box of Stuart's Dyspepsia Tablets in my valise, said a traveling man who represents a St. Louis hardware house. Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat good, bad and indifferent food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing without protest, anyway I know mine won't. It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on.

My friends often "josh" me about it, tell me I'm an easy mark for patent medicine fakirs, that advertised medicines are humbugs, etc., but I notice that they are nearly always complaining of their aches and pains and poor digestion, while I can stand most any old kind of fare and feel good and ready for my work when it needs me, and I believe I owe my good digestion and sound health to the daily, regular use of Stuart's Dyspepsia Tablets, year in and year out, and all the "joshing" in the world will never convince me to the contrary.

I used to have heartburn about three times a day and a headache about three or four times a week and after standing for this for four or five years I began to look around for a crutch and found it when my doctor told me the best investment I could make would be a fifty cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since and when I stop to think that that is what I spend every day for cigars, I feel like shaking hands with myself for I can keep my stomach and digestion in first-class order for fifty cents a month. I don't care for any better life insurance.

My druggist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do as advertised. They bring results, and results are what count in patent medicine as much as in selling bar-b-wire.

Brotherhood of St. Andrew.

Denver, Colo., Oct. 7.—The Brotherhood of St. Andrew, an international organization of men in the Protestant Episcopal church, having for its object the spread of the gospel among men, began its eighteenth annual convention in Denver today. The Brotherhood has sent a liberal representation to the convention, while the Rocky Mountain and Pacific states are better represented than at any previous meeting of the order.

The officers' reports show that the brotherhood is sharing with other organizations of its kind a revival of interest and prosperity. As a result of the "forward movement" inaugurated at the Boston convention nearly 200 new chapters have been added during the year. The membership and activities of the brotherhood now extend to Japan, Australia, Canada, England and other parts of the world. The present convention will be in session during the remainder of the week.

Dr. A. T. Roberts Has Returned.

Dr. Roberts, the eye specialist who was here two years ago, and through the perfection of his work gained a reputation second to none in Oregon, has returned to Salem and has a line of offices over Dalrymple's store, where he would be pleased to meet all of his old friends and patients, and others who need his services. GROWING LENGTHWISE

You want the children to grow, but not all lengthwise. When they start that way Scott's Emulsion will help them to grow right—with due plumpness and outward proportion, and with inward vigor and good spirits.

The Emulsion increases digestive power and strengthens the vital organs to get the best and make the most out of all the other food. It gives a kind of help that every growing child ought to have.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

CARDUI BABIES

Many homes are mere lonely abodes because no children are there. Barrenness exists in almost every case because female diseases have paralyzed the organs of womanhood.

Wine of Cardui imparts health and strength to the diseased parts and makes motherhood possible in thousands of cases where barrenness is supposed to be incurable. Wine of Cardui regulates the menstrual flow and also prevents miscarriage and cures bearing down pains. Wine of Cardui removes the cause of barrenness by making the female organism strong and healthy.

Go to your druggist and secure a \$1.00 bottle of Wine of Cardui. The use of Wine of Cardui will bring happiness to your home.

BRYANT, VA., Feb. 18, 1902.

My daughter-in-law, Lizzie Giles, found great benefit in Wine of Cardui. She had a miscarriage in March 1901, before using your medicine. She was in very bad health, so I persuaded her to try Wine of Cardui. Since then she has had a fine baby boy. Soon he will be three weeks old. She highly recommends Wine of Cardui.

My daughter, Fannie Hudson, also has a fine baby boy by your treatment. She highly appreciates Wine of Cardui.
