Uncle Sam Sends 75,000 Barrels to Europe This Week

All records for the exportation of American apples to Europe, Germany, France and the United Kingdom are being broken. A total of 75,000 barrels will be shipped abroad from this city alone this week. This consignment is sufficient to fill about 430 ordinary box railroad cars.

In the remembrance of the oldest fruit exporter there has not been so much demand for American apples as at present. In the past the shipments abroad did not reach its height until late in October.

The fruit crop of the British Isles, France and Germany were a complete failure this year because of an unparalleled drought, and the older countries have been obliged to appeal to American markets, whose crops, especially in apples have been unusually plentiful.

Every big liner that is going to sea is taking away immense loads of apples, most of which came from this state and Virginia. The Teutonic, to leave today, will take away 12,000 barrels, and the Arabic, on Friday, will have 15,000. The Oceanic took away 18,000 and the Cymric 12,000.

A fruit merchant said yesterday that he never knew of such a demand for Yankee apples, and that the season was weeks ahead. New York state alone, because of its fine crop, would be able, the fruit merchant thought, to supply even the enormous demands of the fruit eaters abroad, but Virginia has such fine apples that great quantities of the production of the Old Dominion State are being pressed into service.

The steamship companies are charging 2 shillings and sixpence, equal to about 62½ American cents, a barrel for carrying the fruit over, and No. 1 fancy fruit sells from 15 to 20 shillings a barrel, laid down in London, the equivalent of \$4 to \$5 a barrel.

The chief grades of New York apples being exported are Baldwins, Kings, Northern Spy and Greenings. The Virginia favorites are York Imperial, Albemarle Pippins, Winesap, and Ben Davis. The King is a fine, large, red apple, and is much sought after by those foreign fruit buyers who can afford to pay the price. The favorite among the Virginia production is the Albemarle Pippin, which is yellow when ripe and fine for cooking purposes as a greening.

In Germany the better grade of American apple is selling at \$6.50 a barrel.

THE NEW CABINET LADY.

Mrs. Cortelyou, wife of the Secretary of Commerce.

Mrs. George B. Cortelyou, wife of the secretary of commerce, the newest addition to the cabinet, is well known in Washington, having resided there since her husband entered the public service. For the past five years she has been in close contact with the other notables who make up official society.

The new cabinet lady is quiet and reserved in manner and is somewhat domestic in her tastes. Her maiden name was Lily M. Hinds, and she is a daughter of Dr. John Hinds, president of the Hempstead (N. Y.) Institute.

Mrs. George B. Cortelyou. She is the mother of four children, three boys and a baby girl, and has not been much in society this winter because of an outbreak of measles in the family. Secretary and Mrs. Cortelyou have a pleasant home on Capitol Hill.

Mrs. Sarah B. B. Rohrer, of Council Bluffs, Iowa, is contesting the will of her cousin, Miss Mary Beach Toucy, of New York, who left an estate worth about \$250,000 to charitable and religious institutions.

Paris to Welcome Italian King

Paris, Oct. 12.—Elaborate arrangements are being rapidly carried out for the welcome of King Victor Emmanuel and Queen Helena. They are on a scale of truly royal splendor. The fetes will follow the style of those held at the time of the recent visit to Paris of King Edward, and will include a number of events affording opportunities for brilliant spectacular effects. Government architects have provided a plan for the streets by day, and for illuminations by night. Private residents and shop keepers have contributed large sums of money towards transforming the avenues and boulevards of the city into masses of color, with floral arches, Venetian masts and looping of flowers. A large force of troops is being assembled to add to the military pageantry of the event. As a measure of precaution the government has instituted a strict surveillance over the anarchists of Paris, and during his stay in the city the Italian monarch will be guarded by secret service men of both France and Italy.

King Victor Emmanuel and his consort will arrive at noon Wednesday. President Loubet, the members of the ministry and the staff of the Italian embassy will proceed to the Bois de Boulogne station to meet him. The station will be hung with rich velvet and Gobelin tapestries. The meeting between the president and the king will take place under a silken canopy. After the greeting of the royal visitors and President Loubet will enter elaborate state carriages, with postillions and outriders, and, escorted by a regiment of cuirassiers, they will drive through the Bois and Champs Elysees to the Italian embassy. Through the entire route soldiers will be massed on either side of the thoroughfares.

Wednesday evening a banquet will be given at Elysee. The next day King Victor Emmanuel and President Loubet will visit Versailles, where, after luncheon has been served, they will inspect the palace and the park. The king and president will return to Paris by road in a carriage. A gala performance at the opera will take place in the evening. The next day, Friday, a visit will be paid to the city. The official reception will take place at the Hotel de Ville. Thence the royal party will proceed to the mint, where the king will be presented a medal specially struck in honor of his visit. In the evening the king will entertain the president at dinner at the ministry for foreign affairs. On Saturday King Victor Emmanuel will take part in a shooting party over the Rambouillet preserves, at the invitation of President Loubet. The following morning, Sunday, a grand military review will be held, followed by a military luncheon at the Elysee. Their majesties will leave the Invalides railway station at 3 o'clock the same afternoon.

Aside from its spectacular features, the visit of King Victor Emmanuel is leading to a wide range of speculation in the matter of its political significance. French officers state freely that this visit marks the culmination of the efforts that have been making for several years past to restore a complete entente cordiale between the two nations, which were strained for a long time by the tariff war between France and Italy. They say, also, that it is an evidence that the foreign policy of France, Italy and Great Britain is to be conducted along sympathetic lines.

Important Cases to Come Up.

Washington, D. C., Oct. 12.—After the usual summer recess the supreme court today met for the regular fall term. In accordance with custom, no business was transacted on the opening day. The members of the court paid a visit to the President, and afterwards held a brief session to hear applicants for admission to the bar. The present session promises to be interesting because of important cases to be argued. The most important case will be the appeal of the Northern Securities Company from the decision of a special bench of the United States circuit court of Minnesota, which declared the company illegal. Two cases, one from Porto Rico, and the other from the Philippines involve the question whether the Porto Rican and the Philippine acts, imposing tariff duties, violate the constitution. Another case will involve the question whether natives of Porto Rico are citizens of the United States.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing so certain the matter with you. You can get this reliable remedy at Dr. Soave's drug stores. Price 25c and 75c.

Berlin, Oct. 12.—The Archduke Salvator, of Austria and Count Valataux, the famous French aeronaut, who left St. Cloud, near Paris, in a balloon Thursday, landed safely at Lubeck Friday. They made the distance from St. Cloud, 527 miles, in 14 hours.

Sir Henry Irving Coming

London, Oct. 12.—Among the passengers on the Atlantic transport liner Minneapolis, which sailed Saturday for New York, were Sir Henry Irving and his company, who are scheduled to open their American season the latter part of this month at the Broadway theater, New York. In noting the departure of Sir Henry the London papers today draw attention to the fact that this will be the first Irving tour of America without Miss Ellen Terry in the company, and her absence, it is stated, is to be universally deplored.

Hickory Supply Nearly Exhausted

St. Louis, Mo., Oct. 10.—The rapidly diminishing supply of hickory, which has recently caused alarm among manufacturers of hickory products, was the subject under discussion at a meeting of the hickory handle manufacturers' association held today at the Southern hotel. Those present represented hickory 90 per cent of the product that supplies not only the United States, but England, Germany, China, Australia, South Africa and the South American countries. Reports previously presented to the association showed that practically the entire hickory supply north of the Ohio river has been exhausted. In this territory, it is said, the supply is confined to a few states in the south and southwest.

The association believes that if the situation is to impress upon the public the slaughter and waste of hickory may be stopped. There is nothing yet known that will take the place satisfactorily of hickory. The manufacture of buggies, which is ever increasing in this country, has made great inroads on the supply. During the past eight months the price of

hickory products has advanced 100 per cent, and there are intimations that the price will go still higher in the future.

Among the officers and prominent members of the association now in session to consider the situation are Charles D. Gates of Louisville, J. C. Storm of Kirksville, Mo., C. L. Hartwell of Chicago, J. E. Bennett of Dexter, Mo., B. W. Mann of Louisville, Frank Storm of Kirksville, Ky., F. W. Peters of New Albany, Ind., M. R. Grace of Huntsville, Ala., T. R. King of Hope, Ark., and C. E. R. Clendenin of Indian Territory.

Prizes for Bright Children

Kindereasts are the new cut-up animals found in each package of H-O Oatmeal. The puzzle is to cut out the pieces and put them together so as to make the Kinderbeast.
They are called Kinderbeasts because they are like the things the children learn to make at Kindergarten. They are not foolish puzzles, though the animals do look funny. They are really very sensible and it is a good thing for children to try to solve them. It trains them mentally.
Handsome gold and enameled watches are given to the boys and girls able to solve the Kinderbeasts.

ICE Consumers please take notice ICE

Desiring to serve our customers to the best possible advantage, we have decided to adopt the COUPON system for ice sales. This is in use by practically all of the progressive dealers, and has been found most satisfactory for both dealers and customers.

Commencing on October 1st, these COUPON books will be for sale, and all family customers purchasing in quantities of less than 100 pounds must secure one of them, or make cash payment.

The books contain COUPONS of the denominations of 5, 10, 25 and 50 pounds, and are good for 200, 300, 500, 1000 and 2000 pounds. They can be obtained from the drivers or at our office, and if paid for in cash a discount of FIVE per cent is allowed. Credit will be extended to approved parties, but books will be charged at face value. No deliveries made for less than 10 pounds.

We thank the public for the patronage extended to us in the past, and it shall be our endeavor to treat our customers in such a manner as to merit their patronage in the future.

Any complaints should be referred to the office at once, and they will receive prompt attention.
