

HAVE A SPLENDID MEETING

W. C. T. U. Awakens Interest Among Salemities

Phenomenal Attendance, and the Finest Program It Ever Pre- sented

After the devotional exercises in the afternoon a beautiful memorial service was led by Miss Lillian Phelps, national lecturer. The names of ten former W. C. T. U. members who have now passed to the other side, were read, and also the names of immediate members of their families, among whom was the late Father Dickinson, father of the state president, Mrs. Helen D. Harford.

A thank offering of \$33 was taken. Letters from former state presidents, Mrs. A. R. Riggs and Mrs. Hayden, were read.

Clarion Roll Call.
In response to the clarion roll call Mesdames Marsters, of Douglas; Stoner, of Jackson; Wheeler, of Lane; Mears, of Linn; Steele, of Marion; Britz, of Polk; Courtney, of Yamhill; Wolfe, of Union, and Miss Gottshall, of Multnomah; took their places on the platform, were introduced by the state president as members of her cabinet and received the Chautauqua salute.

In the report of counties the Salem union was found to be the banner union of the state.

Lane county unions reported having taken up a course of study, including those laws regarding the rights of women and children, institute and law enforcement work.

Union county reported a city fountain being planned for and much law enforcement work being undertaken. These ladies gave interesting reports of their county's work in the past and

FIFTY CENTS A MONTH

A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it.

We'll send you a sample free upon request.

If Ye Editors in your haste to come to the Capital City have forgotten to bring along, a collar, a handkerchief, or any other article you will find them at FREEDMAN'S, 149 State St. He knows the most of you and will be pleased to see you at his store. Should any of Ye Editors or the pencil pushers that assist Ye Editors be on State street you can use our counters, chairs, tables and show cases for your temporary office. And you will be welcome to use our cheap tablets, paper and envelopes, except postage stamps.

Should you capture too many bouquets and other good things you wish to take home, you can buy our trunks, valises and telescopes for the same as we paid for them.

being planned for the future.

Multnomah has kept out six saloons and put out one.

Polk county has done the most in the medal contest work.

Yamhill reported two new unions, and much contest work. They held a grand gold medal contest at their recent county convention, the first to be held by any county in the state, with all contestants within its own borders. Pledges to the amount of \$100 were received.

Personal Mention.

During the afternoon many prominent persons were introduced to the convention, including W. N. Gatens, private secretary to the Governor, who made a brilliant temperance address. Arthur Conklin, president of the State Press association, and Miss James, the first lady warden at the penitentiary.

Mrs. S. E. Peak and Mrs. E. L. Hoyt, delegates of the W. C. T. U. state convention from Portland, were entertained by Mr. and Mrs. A. M. Stump of this city.

Beautiful Exercise.

The exercises last night were rather odd and very beautiful. Mrs. Addison, national organizer, concluded the demonstration exercises, and in instructive and happy remarks introduced and explained the various representations.

The organization was represented by a band of traders. Suffrage by the ballot box, by a Christian citizen, bound woman and liberated woman, Sunday school by cards, Labor in sweat shops, was represented in a pitiful manner by the seamstress basting thread and other laborers. Literature and petition by an immense roll of petitions and papers. Evangelists and prison were represented by ladies singing and reading Scripture. Peace and mercy were impersonated by a little girl, flower missions by four young ladies, "American Beauties." Systematic and proportionate giving by a bank, with a selection of scripture.

After a beautiful musical number, Rev. E. M. St. Pierre dismissed the audience with the benediction, and adjournment was taken till 9:15 o'clock this morning.

The Gold Medal Contest.

Tonight the grand gold medal contest will be held in the auditorium of the church, for which a small admission will be charged. Contestants from Clackamas, Douglas, Lane, Linn, Marion, Multnomah, Polk, Sherman and Yamhill will take part, but no names will be announced until the judges have made their award. The contest will probably prove of great interest, as each contestant has already won either a gold or silver medal, therefore they are all orators of ability.

After the contest tonight the Unity Circle will be formed, and the convention adjourned with the W. C. T. U. benediction.

The program for this afternoon follows:

- 1:45—Music. Young woman's hour.
- 2:30—Reading minutes; minutes of executive meetings; appointment of superintendents; state headquarters; pledges for state work; unfinished business; receiving invitations for meeting of 1904.
- 3:30—Adjournment.

A Needlework Delegate.

Mrs. Adams, who conducted the needlework club at Newport last sum-

mer, is attending the W. C. T. U. convention, as delegate-at-large from Linn county. By request she will remain a few days and give instruction in some specialties of embroidery, which are now very popular. Mrs. Adams is being entertained during the convention at the Woman's College. A place of business has not yet been engaged.

Third Day's Proceedings.

After devotional and other opening exercises, regular work was taken up. Letter from Mrs. Eva E. Dye. "Let us not affiliate with anything, but let us co-operate, let us have reciprocity."

Mr. Wynan was given the floor in the interest of the Sunday School Union, and made an appeal for money to assist in the expenses of the missionary of the penitentiary, reform school and Indian school.

Mr. Gatens, private secretary of the governor, said for three years of his work he had an average of six cases each day, often six days in a week, and five of the six were to be attributed to liquor.

Mrs. C. W. James, wife of Superintendent James, of the penitentiary, was presented.

The name of Mrs. Fannie Miller, of Saginaw, was omitted from the public report.

The following have been placed on the delegation to fill vacancies:

- Mrs. North Saginaw.
 - Mrs. Sheaver, Multnomah.
 - Mrs. Hoyt, Multnomah.
- The election of officers resulted as follows:
- President, Mrs. Helen Harford.
 - Vice-president-at-large — Miss Eva Wheeler, of Cottage Grove.
 - Corresponding secretary, Mrs. Harriett Brann, of Albany.
 - Recording secretary, Mrs. S. M. Keen, of Portland.
 - Treasurer, Mrs. Hessie J. Shane.

An amendment to the appropriation bill, asking that the gates of the Lewis and Clark fair be closed on Sunday, was presented for the endorsement of the convention.

A Large Barber Bill.

The State Board of Barber Examiners this morning filed the semi-annual statement with Governor Chamberlain, showing the work done during the past six months. The receipts were \$2072.15, and disbursements \$1769.10, leaving a balance of \$303.05. The several members of the board expended the following sums:

J. C. Wels	\$ 514.60
H. G. Meyer	543.20
F. T. Rogers	462.65
Miscellaneous	258.65
Total	\$1769.10

Rammed the Old Victory.

Portsmouth, Oct. 23.—Nelson's old flagship, the Victory, was nearly sunk in the harbor today by the battleship Neptune, which was being towed into the harbor, preparatory to breaking up. She rammed a six-foot hole in the historic Victory, whose drums beat to quarters, and the crew paraded while the lower decks flooded. She was rapidly settling down before the tugs surrounded and buoyed her up.

Japs Rile the Kaiser.

Berlin, Oct. 23.—Krupps have received an order from Turkey for 2000 rifles, and millions of smokeless cartridges, to be delivered in February. The dispatches today from Yokohama state the Germans there are being persecuted by the Japanese, who suspect them of being spies for Russia. One was imprisoned at Tokio. The kaiser threatens the mailed fist unless reparation is made.

Want to Disrupt the Union.

Chicago, Oct. 23.—The Rand, McNally Company today filed a suit in tort for \$20,000 damages against the press feeders' union, Franklin No. 4. The claim is based on the recent strike. According to the law of tort they can attach the funds of the union to satisfy their claims, if successful. Labor leaders insist it is a plan to disrupt unionism.

Alarmed by War Rumor.

Honolulu, Oct. 23.—The steamer Nippon Maru, which sailed from here today for Yokohama, will stop at Midway Island for orders, through fear of capture, caused by the circulation of a report here that the Japanese consulate at Honolulu had received a cipher cablegram that war with Russia had been declared. The passengers on the steamer were very much alarmed.

Gladly Has One Coming.

New York, Oct. 23.—In speaking today Dowie turned his attention to kissing, and said people should be careful of their kisses, and use them carefully, even in the family.

"Why, my son Gladstone never kissed a woman outside the family," he said.

Fear Assassination.

Constantinople, Oct. 23.—Six battalions of troops have been rushed to Uskub, in consequence of the discovery of a military plot for the assassination of the Russian consul.

Canada's Real Mad Spell.

No one in this country seems to be taking the Alaskan boundary question so seriously as the Canadians, and there is probably no thought of a conflict with the neighbors on the north, whatever the decision in the case may be. At the same time Canada's oratorical threats sound a little more alarming when they are followed by signs of excited activity in the recruiting stations. We still have great hopes that the questions in dispute will be amicably settled, but if we have to fight, we still refuse to be scared, although Canada is to have a standing army of 100,000 men against our 65,000. We still have our volunteer reserves and the police.

READERS of fiction have pronounced this story to be one of the best ever put forth by an American writer. It is a story of the early times in the West when the hardy settlers had to contend with the country's native population. The heroine is a remarkably attractive character and her experiences are unusual, often times exciting and always interesting. We have purchased the serial rights and our readers are to have the privilege of perusing this masterpiece in these columns.

Disease From Violet Rays.

The X-ray operators at Guy's Hospital, London, where the most extensive use has been made of the X-ray in the treatment of disease, suggest that the severe disturbances reported by Mr. Edison as coming from the X-ray are really from the ultra-violet rays, for in their large experience in the

application of the X-ray in similar cases no such accidents have occurred.

Woolen Mill BLANKETS Salem Made

All manufacturers of woollens, East and West, admit that Oregon's wool and mountain water are peculiarly adapted to the making of the finest qualities of blankets, in fact, that Oregon produces the **FINEST BLANKETS IN THE WORLD**. Some may not appreciate the fact, as our blankets come right from the looms to our counters, instead of through the roundabout channel of wholesale house and "drummer." We are thus enabled to sell blankets

Cheaper Than Anywhere Else in the United States

Some think a blanket is a blanket—but there's often just as much difference between two blankets of the same color as between a ten and a twenty dollar gold piece. Three points are not to be overlooked in blankets, namely, size, weight and quality. On all these points we challenge the world to meet our blankets at our prices.
